Beauty

New Castle Girl Accorded High Honor At Syracuse

FLORENCE JEAN GOLDER

Beauty and pulchritude of features has won for Miss Florence Jean Golder, of New Castle, the honor of being chosen one of six outstanding co-eds of Syracuse University. James Montgomery Flaggs, Broadway illustrator, made the choice.

An entire page of the Syracuse University year book, "Onondagon," will be devoted to each of the six women chosen as the most beautiful in the large junior class.

Miss Golder, daughter of Mr. and Mrs. H. E. Golder, of 317 East Winter avenue, a graduate of the New Castle senior high school, class of January, 1929, has also been given the distinction this month of being elected president of the Kappa Alpha Theta sorority.

From a carefully chosen group of 56 college beauties selected for the competition by the various sororities and independent organizations of the university, Miss Golder and 14 other young women were chosen by Prof. Hibbard Kline of the Fine Arts faculty.

Photos of these winners were taken by a famous photographer and forwarded to Artist Flagg in New York City, who judged the six most perfectly beautiful in the group. They were picked entirely on the basis of their physical qualifications.

The six who won the contest were: Ruth Schlosser, 445 Beech street, College of Liberal Arts.

Mary Jane Hall, 714 Carbon street, College of Business Administsration.

Lucille Grace Gifford, Newark, College of Liberal Arts.

Elizabeth Marsh, 816 Euclid avenue, College of Fine Arts.

Florence Golder, New Castle, Pa., College of Library Science.

Lucille Lum, 126 Dorset road, College of Home Economics.

These six appeared in the annual moving-up parade of the students on Saturday of last week, occupying special cars behind the pageant of floats, and were honor guests at the annual junior prom.

PA NEWC OBSERVES

Pa Newc visited a lovely garden Wednesday afternoon on the south side of the city. Beautiful tulips were massed along one end and their majestic heads were raised in a riot of colors, with some a brilliant red, some a pure white, others a shade of purple, almost black, and still others in many brilliant shades, with the hundreds of blooms adding picturesqueness to the garden plot. In one corner was a rock garden with many of the plants in bloom and a fish pond held several dozen fish of a rare species; beautiful red fish with long, fluttering fins and others which were shaded and speckled with every color of the rainbow. Evergreens, pansies and many varieties of plants were beautifully arranged in this garden of D. M. Ritchie's.

The dinks and tams are again in vogue, signifying that another class of students are about to be graduated from dear old Ne-Ca-Hi. The colors of the dinks and tams are red and white, so if you see any of these on the street you will know that the wearer is a "dignified senior."

Met William J. Eroe Sr., yesterday and noticed that he appeared to be unusually happy. Finally the secret came out. It was his birthday and he was just eighty years young. Said he felt fine. Mr. Eroe will be remembered by many people of this city as one of the outstanding jew-

Final Tribute Paid By France To Paul Doumer

Funeral Cortege Three Miles Long Passes Through Streets Of Paris

ROYALTY SHARES DAY'S CEREMONY

Ambassador Edge And General Pershing Represent United States

By WILLIAM PARKER
International News Service Staff Correspondent

PARIS, May 12.—Royalty and commoners alike bowed in homage today at a great national funeral tendered Paul Doumer, beloved President of France who was assassinated last Friday.

Hundreds of thousands, from Paris, from the Provinces, and from other countries, paid tribute under a mild, overcast sky.

A cortege three miles long accompanied M. Doumer's body as it was taken from the Elysee Palace, where it has lain in state, to the Cathedral of Notre Dame, where a religious service was held under the direction of Cardinal Verdier, archbishop of Paris.

King and Prince.

In the long procession were King Albert of Belgium, dressed simply in khaki, the Prince of Wales, dressed brilliantly in his grenadier-guard uniform, Prince Paul of Jugoslavia, in a plumed hat, green tunic, and crimson trousers, and the Emperor of Annam, in full dress.

Albert Lebrun, M. Doumer's successor and France's chief mourner, was alone in the procession. He wore full dress, upon which were pinned his medals.

Dedicate Masonic Memorial Today

National Memorial To George Washington At Alexandria, Dedicated

(International News Service)

WASHINGTON, May 12—President Hoover joined with American freemasonry today in dedicating their imposing national memorial at historic Alexandria, Va. to George Washington, the Mason.

A monster celebration is scheduled this afternoon at the base of the beautiful edifice, which stands on the Virginia side of the Potomac river to form a connecting shrine between the Washington monument and Mount Vernon. Seventy-five thousand Masons from every section of the country were crowded into Washington and Alexandria to participate in that great fraternal organization's chief contribution to the bi-centennial celebration of their most famous member's birth.

Over $3,600,000 had been expended in building the huge white memorial for which President Harding broke ground and President Coolidge laid the cornerstone. Because an additional $2,000,000 still must be spent on the approach work and landscaping, a replica, made to scale, of the completed structure will occupy the honor position this afternoon on the dedicating platform.

This morning, a big street parade in Alexandria opened the climaxing feature of Masonic week. Approximately 18,000 were in line, including representative units of all branches of the military establishment.

Men Carried Aloft While Hanging To Ropes In Mooring Effort

(International News Service)

CAMP KEARNEY, SAN DIEGO, Cal., May 12.—Re-fueled and reprovisioned, the giant naval dirigible Akron was ready for a new adventure today after a mishap which killed two men.

As she was made ready to cast off at 10 a. m. for the final leg of her flight to Sunnydale, Cal., preparations were made for a naval court inquiry into the spectacular accident which took the lives of two sailors, injured a third and nearly cost the life of a fourth man.

Nigel Hinton, of Fresno, Cal., and Robert Edsall of South Bend, Indiana, were killed during one of four unsuccessful attempts to moor the

Dance Hall Is Burned Down

Blaze At 1:35 This Morning Razes Structure On Wilder Avenue Extension

Fire of undetermined origin, starting at 1:35 this morning, razed a frame dance hall on Wilder avenue extension back of the Lawrence school, with a loss of approximately $500.

The place was owned by John Dochko and Joe Swenas, and firemen learned that a dance had been held in the place last evening. It is believed that a carelessly thrown cigaret butt may have caused the fire.

When the seventh ward department and Capt. D. W. Byers, acting assistant chief, arrived on the scene the fire had gained much headway. The site of the blaze was in such an inaccessible location, firemen were unable to get to it with a line of hose without considerable effort. The building was located at the top of a steep hill, along a winding clay road. By the time firemen could have dragged a thousand feet of hose up by hand, the effort would have been wasted and it was allowed to burn itself out, no other properties being immediately adjacent.

Means Released Despite Protest

District Attorney Rover Protests Against $50,000 Bond For Means

MRS. EDWARD McLEAN LOSER OF $100,000

(International News Service)

WASHINGTON, May 12.—Insisting he had negotiated with the kidnapers of the Lindbergh baby for Mrs. Evalyn Walsh McLean, who charges him with mulcting her of $104,000, Gaston B. Means, jail bird, soldier of fortune, justice department sleuth, confidant of a president, was at liberty under bond of $50,000 today, in spite of protests of District Attorney Leo A. Rover.

The South Carolinian will be arraigned tomorrow on two indictments charging larceny after trust of $100,000 and embezzlement of an additional $4,000.

Department Silent.

Though justice department attaches maintained their usual silence, Rep. Fish (R) of New York, instigator of a congressional investigation into Communistic activities, revealed that it was Means who produced false warehouse receipts for 20 truckloads of supposed Communistic documents, that led Fish and a squad of secret operatives on a wild goose chase to an empty Baltimore warehouse two years ago.

Rover, in insisting upon a bond of $100,000 intimated that Means had obtained $100,000 from Mrs. Finley J. Shepard of New York, the former Helen Gould, for protecting her adopted daughter. Mrs. John P. Burr, and her property against attack from Communists.

Miss Salomon Plans To Study

Secures Leave Of Absence To Take Art Course In New York

For the purpose of further advancing herself in the study of art, Miss Emilie Salomon, supervisor of Art for the New Castle public schools has asked for and been granted a year's leave of absence by the New Castle School Board. She expects to attend an art course in New York University during the year. The leave was granted with the understanding that the board did not waive its right to give notice sixty days before the end of the next school term, in the event that they did not wish to re-employ Miss Salomon.

In the years that she has been in New Castle Miss Salomon has brought the standard of art in the schools here to a high plane. She is recognized as one of the most efficient art supervisors in the state, and many times has been invited to become supervisor in other districts, which she has refused to do.

WILL ROGERS says:

(Special To The News)

BEVERLY HILLS, Cal., May 12.—New York which always thinks it's ahead in everything, is going to "Walk for Beer." The rest of the country don't have to walk for it.

Dave Ingalls of Cleveland, O., our naval ace in the World War, is nominated on the Republican ticket for governor of his state. His ticket was "let the people vote on whatever they want to, whether it be prohibition, knee breeches for diplomats, or shall Mickey Mouse be allowed to produce sex dramas."

The Democrats have already started arguing over "who will be speaker at the convention." What they better be worrying about is "who is going to listen to 1,150 delegates that will speak."

Declare Succop Was Only "Goat"

Counsel For Former Director Of Supplies In Pittsburgh Addresses Jury

SUCCOP'S PRAISES ARE SUNG TO SKY

(International News Service)

BUTLER, Pa., May 12.—The flat declaration that Bertram L. Succop, deposed director of supplies on trial with Mayor Charles H. Kline on malfeasance charges, is "the goat of Pittsburgh," featured closing arguments in the trial today.

Arguments were started following a side-bar conference shortly after the both sides had rested this morning. Col. E. L. Kearns, opening his arguments in behalf of Succop, remarked:

"Bert Succop is the goat of Pittsburgh. He went to Mayview and assumed the white man's burden. The furniture that was bought by Pufflinburg and Mrs. Rauh and the committee was good furniture—it wasn't purchased at the five and ten cent store."

Pleads With Jury

Kearns pounded counsel table as he pleaded with the jury to exonerate Succop. At one point he cried:

"He is assuming responsibility for these purchases like a man. He'd do it over again. Talk of trick specification. I call this a trick indictment."

Regarding the purchase of an automobile for the Pittsburgh police superintendent, Kearns practically "dared" the jury. He said:

"Pittsburgh has one of the finest police departments in the word. Succop assumed responsibility for buying that automobile. If you want to find him guilty for doing that, go ahead and do it."

Succop was not in the courtroom during the arguments. He admitted he disliked hearing his praises sung.

Officer Shoots Young Man Through Lung, Mother Taken Into Custody

(International News Service)

TOLEDO, O., May 1.—Paul M. Ziegler, 25, of Toledo, was shot and probably fatally wounded by police today during an attempted hold-up at the Eastwood Theater.

Outside, officers found the youth's mother, Mrs. Ermina Ziegler, who had followed him there, fearing, she said, "he would get into trouble."

Police, however, took her into custody for questioning.

Ziegler was shot through the lung by Patrolman William Tripp when he refused to stop at the officer's shout. A bullet struck him as he scrambled to his feet after jumping from the roof of the theater where he was attempting to break through a skylight, police said.

Pennsylvania Reduces Loan Asked From U. S.

Seeks $27,500,000 At This Time—Original Plea Was For $55,000,000

(International News Service)

WASINGTON, May 12. — The Pennsylvania railroad today filed with the interstate commerce commission an amended application for approval of a loan from the Reconstruction Finance Corp., reducing the amount from $55,000,000 to $27,500,000.

This action was taken at the request of the corporation and because of changed conditions since the first application was made

According to the amended application the Pennsylvania will match the corporation's loan of $27,500,000 with a like amount through the sale of bonds, with an additional $13,000,000 from a source not stated. This is contingent upon the corporation definitely committing itself at this time to loan the Pennsylvania another $27,500,000 on Oct. 1 next.

A large portion of the loan will be used by the road in continuing the electrification of its lines between New York and Washington.

Senate Takes Up New Tax Bill In Budget Balancing

All Relief Issues Before Congress Rolled Into Huge National Problem

HOOVER STUDIES FEDERAL RELIEF

Cry Raised In Capital To Balance Budget And Adjourn Session June Tenth

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, May 12.—Taxation, prohibition, economy and unemployment relief issues were rolled into one huge national problem today as congress labored to balance the budget before laying fresh burdens on a Treasury, deep in deficits.

The senate was to begin consideration of the $1,030,000,000 tax bill during the day, with wet forces led by Senator Bingham (R) of Connecticut demanding the substitution of a legal 2.75 beer tax for many of the so-called nuisance taxes. Its economy committee met meanwhile with house leaders, drafting a program for slashing $250,000,000 from governmental expenditures.

Federal Relief

President Hoover was reported as studying the possibilities of Federal relief for the unemployed, either through direct aid to the states or a bond-covered construction program, if the budget is balanced. This was the proposal urged on the senate by Senator Robinson of Arkansas, the Democratic floor leader, who asked $300,000,000 for relief and $2,000,000,000 for construction work—all to be paid by tax-exempt bonds.

Once again the wets took advantage of the situation to propose a beer tax. Senator Tydings (D) of Maryland, with nine other Democratic Senators, signed petition, urging $1,500,000,000 bond issue for unemployment relief construction, to be paid by a tax on 2.75 beer.

The cry throughout Capitol Hill was "balance the budget and adjourn Congress by June 10." Both house and senate leaders agreed on this program. I twill mean night sessions for both bodies, beginning next week, unless house and senate move swiftly toward completing their legislative program.

HAVE NAME OF MAN IN LINDBERGH CASE

Either Took Baby Or Got Ransom

Boston Police Head Furnishes Name Of Important Factor In Case

INFORMATION GIVEN JERSEY STATE POLICE

(International News Service)

BOSTON, May 12—Superintendent of Police Michael H. Crowley transmitted to the state police of New Jersey the name of the man who either kidnaped baby Charles A. Lindberg, Jr., or collected to $50,000 ransom in the unsuccessful negotiations for his return.

The veteran superintendent admitted this today, and declared that although his information definitely linked the name he gave with the kidnaping, he was not sure of the man's exact connection with the case.

Crowley revealed he forwarded his information a week ago to Colonel H. Norman Schwarzkoph, head of the New Jersey state police. If any contacts were made with the kidnapers since that time, Crowley said he did not know how valuable his information was to the negotiators.

The information, he said, came through a personal friends, who pledged him to secrecy regarding its source.

"The name of the man given me was supposed to have done the kidnaping or to have collected the ransom money,' said Superintendent Crowley. "I forwarded this information to Colonel Schwarzkopf in regular police procedure. It was information which could not be handled by local investigators.

"In the letter I told him that the information sounded very positive to me and asked him to give it special attention."

FINAL TRIBUTE PAID BY FRANCE TO PAUL DOUMER

General John J. Pershing, upon the invitation of the French government, marched with the diplomatic corps.

Public Tribute.

The streets were lined scores deep, while many leaned out of every window along the way. It was a public tribute in many respects without equal in French history.

The procession left the Elysee Palace at 8:00 a. m., and an hour and a half later arrived at the famous cathedral. Loud speakers were placed outside, where hundreds of thousands listened to the solemn rites.

Simultaneously every cathedral in France and virtually every church, however small, heard eulogies of the assassinated president similar to that given by the cardinal.

Allegheny Singers At Epworth Church

Unaccompanied Choir Gives Splendid Performance Of Vocal Ability In Church

Music lovers, who attended the concert in the Epworth Methodist church Wednesday evening were delighted with the splendid program presented by the A Capella choir of forty-five college students from Allegheny College, under the direction of Prof. Morton J. Luvaas.

The choir, mixed voices, sings unaccompanied and the varied program gave excellent opportunity to display the tones of the voices.

The director is a graduate of St. Olaf College and a former member of the famous St. Olaf choir.

Especially effective was the chorus in which the voices resembled the sonorous tones of a pipe organ.

The group of singers was entertained at a splendid dinner in the dining room of the church preceding the concert, with the members of the Women's Home Missionary Society of Epworth church as hostesses.

AKRON IS REFUELED AND READY TO MAKE LAST LEG OF JOURNEY

(Continued From Page One)

Akron here yesterday morning, Lyford Walkup suffered a broken arm.

Robert Cowart, young naval apprentice, was none the worse today for having been carried aloft and dangled in mid air for an hour and a half before being pulled to safety on the Akron.

Completing its maiden transcontinental journey during which it battled the elements successfully, the Akron arrived over the army field here shortly after 9 a. m. yesterday. Between that time and 11:40 a. m. four attempts were made to moor the ship. On the fourth attempt with crews manning the lines, a walking line ring broke on the portside permitting that side to surge sharply upward.

Men Carried Aloft

Between 75 and 100 men were carried off their feet. All except four dropped to the ground.

Fifteen feet up Walkup let go and sustained a broken arm.

Three others held on.

"For God's sake let go," some one shouted.

One hundred and fifty feet up, Hinton let loose. His body hurtled down and rebounded from the earth.

A second later from an altitude of 200 feet Edsall fell to his death.

The fourth man, young cowart, held on and for nearly two hours his fate held the crowd spell-bound. The thousands who watched were too limp to cheer as they saw Cowart drawn finally through a hatch-door of the Akron. It was a tremendous sigh of relief that went upward.

"This was the first fatal accident of this kind," Lieut. Commander C. E. Rosendahl, commanding officer of the Akron, said today, "and I feel very badly about it. It was unavoidable. We encountered most peculiar landing conditions the air was cool and calm at 3,000 feet but at 1,000 to 1,500 feet there were warm upward currents, one of which caused the Akron to shoot up.

"We had about one sixth of our fuel supply when we landed here. It had not been our intention to stop but it would would have been foolish to have continued without refueling."

TARIFF BECOMES ISSUE FOLLOWING VETO BY HOOVER

The vetoed bill, which the house passed 214 to 182, provided for an international conference to lower tariff barriers and stripped the president of his tariff-making under the flexible provisions. The house voted 178 to 166 to over-ride the veto, but the efforts lacked a two-thirds vote.

art hung on the brink of eternity, swaying pendulum like as ground currents tossed beneath the 785-foot steel titan of the air.

Rescued at last through a hatch in the side of the Akron after being drawn up inch by inch, Cowart remarked:

"Whew! I'm all right but I wouldn't do that again for a million dollars."

"Bub" was more concerned today in scraping the grease off his uniform with a worn jack knife than he was with the plaudits of his buddies and the cheers of the populace.

Had His Orders.

"I had orders to hold on," he said, "so I held on and was whisked off the ground.

"Seeing that the ship was evidently out of control, I was going to let go and drop but I saw too many of my buddies underneath.

"I was rapidly being carried upward and when it was clear enough below to jump, I was too high up to jump.

"Hinton and Edsell (who were killed) and Walkup (who was injured) were all on the rope below me. I saw them fall. I felt sick and scared but I hung on. After they had left the line, I found I was standing on the top wooden toggle in the spider line and was grasping the rope with both hands. I straddled the toggle and as the rope was greasy and slippery, I tied a couple of bowline knots around my waist.

Tossed Like Feather.

"Several times the wind blew me back and forth underneath the Akron's gondolas.

"I didn't know whether the rope would hold out but I didn't have much time to think about that. I was too busy wondering what would happen next.

"I'm sure glad I made it. You know, I want to win the all-navy welterweight boxing championship."

Drawn through the hatch of the Akron, he was offered some aromatic spirits of ammonia.

How About Food?

"What do I need that for?" he inquired. "But I'd like something to eat."

"He was the nerviest man I've ever seen," said Lieut. Commander C. E. Rosendahl, commanding officer of the Akron.

"We made the rescue at an altitude of about 2,000 feet directly above the mooring mast.

"When we saw Cowart clinging to the line below us, it looked as if he had become fouled in the line and was unable to free himself. We first planned to bring the Akron as near earth as possible so that he could jump to a fire net below, but feared the man might be unconscious and abandoned that plan.

"We rigged up a hand driven winch and slowly brought him upward. When we got him within a few feet of the nose we let down a hatch and it was an easy matter to bring him in.

"But I've never seen such nerve in all my life."

Police Guarding Copper Co. Offices

Factions Of Stockholders Battle For Control Of Copper Corporation

(International News Service)

NEW YORK, May 12.—The offices of the Consolidated Copper Mines Corp. were under police guard today as the management and opposition stockholders breathed defiance at each other.

Howard D. Smith, president, whose regime has been under fire for three years, today branded his being voted out of office yesterday as illegal and declared he would fight the matter through the courts before surrendering.

The opposition, meanwhile, led by Ray W. Higgins, of Duluth, who was elected president to succeed Smith, declared they would take a day or two off to think things over after their unsuccessful effort to storm the company's offices yesterday.

The police kept the Higgins group out in their effort to seize the corporation's offices, books, records and cash.

Holdup Victims Are In Hospital; Suspects Taken

Robbery Occurs On East Cherry Street Near The Baltimore And Ohio Shops

Johnny James, Wilson avenue, and Frank Bethle, 1211 Scioto street, are being held by the police as suspects in the holdup early this morning on East Cherry street, in the vicinity of the Baltimore & Ohio shops, in which John Zoltani and Mike Keacher, Hungarians, both of 547 East Long avenue, were badly beaten and the latter was relieved of some $10 or $12 that he had left from his pay check at the local tin plant.

The two holdup victims received their pay checks yesterday. Mike had his cashed previous to meeting up with those responsible for their holdup. Zoltani had been fortunate enough not to cash his check, so it was not taken from him. The holdup occurred some time shortly after 6 o'clock this morning.

Officers Cooper and Golis remembered that as they stood at North Liberty and Cherry streets earlier in the morning they had seen a car go east on Cherry street, in which there had been five men, two of whom they remembered as being the holdup victims. When the machine returned, two men were missing.

Officer Cooper had recognized the car and its license number and the officers went to the home of Johnny James, Wilson avenue, and found the car there. They arrested James and then secured information that resulted in the arrest of Bethle. The holdup victims, who were severely beaten, especially about the head, were taken to the hospital. The men under arrest will be held until the holdup victims have recovered sufficiently to look them over.

Lindbergh Case Scene Is Shifted

Norfolk, Va., Angle Seems To Have Faded Out Of Picture Now

By EDWARD B. LOCKETT
International News Service Staff Correspondent

NORFOLK, Va., May 12.—Tidewater, Va., which has played an important part in the nation-wide hunt for the kidnaped son of Col. and Mrs. Charles A. Lindbergh, seemed out of the picture today.

John Hughes Curtis, now working off Long Island, N. Y., has promised fellow associates he would bring the baby back here if he secured it, but there was nothing to indicate definitely either that he would get the child or that if he did he would be able to bring it to Norfolk.

The yacht Marcon, owned by Col. Charles H. Consolvo, hotel magnate of Norfolk, Richmond and Baltimore, which has been used in the negotiations for the past two weeks, was today in Curtis' boatyard awaiting repairs to a loose muffler.

Her skipper, Captain Frank N. Lackmann, was confident she would be used again in the Lindbergh baby hunt, but said she would probably be under repairs all of today and probably part of tomorrow. He apparently does not expect that the boat will go out again until Saturday at the earliest.

WHEN TEETHING makes HIM FUSSY

Teething time brings its troubles! For so often teeth cut through the tender gums in hot weather, when there is danger of digestive upsets anyway.

One of the most important things you can do to make a teething baby comfortable, is to see that waste matter is carried off promptly and regularly.

For this, there's nothing like Castoria. It is made specially for the delicate needs of babies and children. It acts so gently, you can give it to young infants to relieve colic pains. Yet it is always effective—keeps older children well regulated.

Castoria is a harmless vegetable preparation; it contains no harsh drugs, no narcotics.

When your baby is fretful and feverish with teething or a stomach disturbance, give a cleansing dose of Castoria to make him comfortable and happy. Children like the taste of genuine Castoria—never object to taking it. Be sure you get it with the name Chas. H. Fletcher on the package.

ENGLAND REVERSING TACTICS TOWARD U. S.

"THE United States is all right," Lord Rothermere's Daily Mail of London, Eng., said in a full page editorial yesterday, contrasting with the recent indirect anti-dollar campaign which the newspaper carried on with other British papers. Lord Rothermere signed the editorial.

"The time may be closer at hand than many people yet believe when the two great Anglo-Saxon nations will lead the rest of the world in the path of economic recovery," the editorial said.

"They are equipped in every respect to render this historic service to humanity."

The Daily Mail made a sweeping acknowledgment of the United States' resources and capacity to overcome difficulties and said there was no likelihood that the gold standard would be suspended.

"I believe we may soon expect the fully justified return of the self-reliant spirit of enterprise which in the past century raised the United States from the level of a small and almost impoverished agricultural community to the greatest industrial nation of the world," the editorial continued.

"I look with complete confidence toward the complete restoration of American prosperity."

The editorial was interpreted in England as part of a widespread trend of thought in Britain that the time has come for the United States and Great Britain to lead the world in economic recovery.

THE NEW FRENCH PRESIDENT

With M. Painleve's withdrawal from the contest, the election of M. Albert Francois Le Brun as the new President of the French Republic was assured from the outset. The assassination of M. Doumer had made anything like a contest unseemly, especially while the dead President was still lying in state at the Elysee. Besides, M. Le Brun, as President of the Senate, might be regarded as the logical successor to one who had not so long since occupied the same position. The post which he now takes is practically non-political, though so resolute a man as M. Poincare could exercise great influence. But the main duty of the President is to represent the Republic on occasions of ceremony, holding an even balance among conflicting parties. National politcies are determined by Ministries.

A new Parliament comes into being on the first of June, and until then the present Tardieu Ministry will presumably hold over, performing only perfunctory duties. There is no apparent reason to doubt that M. Herroit will be M. Tardieu's successor as Premier. He represents the largest group on the Chamber, and he will probably draw to his support a sufficient number of smaller groups to make his position secure for the present. It is an unfortunate feature of French political life that the bloc system should be so firmly established that Ministries can live mainly by playing one bloc against another.

The new President, who has had an honorable if not a distinguished career, will take office with the good will of all parties. So far as he is able to exercise influence, it will undoubtedly be on the side of moderation. Perhaps it would be premature to anticipate an era of good feeling. M. Herriot, like Browning, "was ever a fighter." But in the present state of world affairs he may count upon a fair measure of national sympathy, though the attitude of the Socialists will have much to do with his tenure of office.—Philadelphia Inquirer.

DRIVERS—MALE AND FEMALE

That moot question whether women drivers are more careful and more accident proof than men in reopened by records of an accident insurance company dealing with 7,600,000 licensed drivers and their accident records.

While the proportion of women drivers is about one in four, their accident record is from four to five times as good as that of the opposite sex. The ratio of fatal accidents among men as one to every 726 drivers; among women, one to every 3,558. Of non-fatal accidents there was one for every 22 men and one for every 89 women.

Considered alone these statistics make out a good case for the woman driver, but the fact is they prove nothing. Men will read them and still prefer to meet on the highways the vehicle with a man at the wheel.

The figures fail to show the relative mileage of the man and the woman driver; to what extent the proneness of the male driver to go abroad in weather which keeps the woman at home may affect the results, and whether the woman's driving takes her out during the hours of greatest traffic congestion. These are all unknown quantities, yet they are essential to an accurate conclusion.

The fact remains that there are speed maniacs in both sexes, careful drivers and careless drivers in both trousers and skirts, thoughtless drivers and thoughtful drivers on both sides, but when it comes to a tight squeeze the man is better able to come through without a scratch.

"ELECTRICAL" SURGERY

Primitive surgery was more butchery than mercy. Without anaesthetics and with only crude tools to work with, and with an even cruder knowledge of anatomy and surgery, the early surgeons were more successful in torturing their "victims" than in saving life, and the people of their times were justified in looking upon them as little better than leeches and blood-letting barbers.

Today the surgeon is a true messenger of mercy. He saves lives as a matter of course and his operations are performed without pain and suffering. And yet he is constantly improving upon his science.

In days when surgery was cruel, the surgeon depended on fire to check the flow of blood from a crude operation, cauterizing the wound for lack of knowledge of better methods. In a sort of cycle surgery has come back to this means of preventing bleeding, but the red-hot iron is replaced by a low-frequency current of electricity which rapidly coagulates the blood in veins and arteries and in a measure heals the wound as it is made.

This new discovery makes possible the use of the electric "knife" in both making and healing the incision. If it comes up to expectations, it promises another major victory for the art and science of surgery by removing much of the danger following the actual operation.

All Of Us

I Said I Was "Tolerant"
But Someone Abused My State
And I Blew Up

By MARSHALL MASLIN

I said to myself:

"I'm free. I have no narrow provincialisms. I love the whole earth. I can find something beautiful, something worth loving, in every corner of it where I may happen to be. That's me—broad and fair-minded—a citizen of every state. Like Walt Whitman, citizen of the World, citizen of the Universe."

* * *

"No little citizen, me. Maine woods, broad Mississippi, Texas cattle land, Kansis field, New Mexican desert, deep-burrowed Montana, green Oregon, tall Sequablas of California—all mine, whether seen or still to be admired. Others may be narrowly patriotic over their little niche in the earth, over their own familiar edge of creation, rooted in their own soil and forever antagonist to all that is faintly foreign. Not me—I'm free!"

* * *

That's what I felt and was enormously proud of my breath of mind, of my maturity. How splendid it would be if all were like me!

And walked down the street and met a man who began to criticise my state. Never mind what he said. Details are not necessary. He came from another place and wished he were there instead of here. He did not like the trees nor the flowers nor the color nor the texture of the landscape. It was hateful to him, it was foreign and repulsive...He explained in short words, his aversion for my own state, for my soil...Did I keep myself calm? Did I think to myself,, "The man is homesick and that's why he talks as he does. Even when he's home he is probably unhappy. Let him rave, what on earth does it matter?"

No, I didn't. The hair rose at the back of my neck. A low growl crept up within me and he might have heard it. Something within me sneered, I fear...A stranger knocking my home state! Daring, a visitor, to say such things. I, who had been so free, felt like a flag flying. ...And choked my wrath and diluted it with bitter pity for the stupid fellow and said him a curt good-by and walked, stiff-legged, away.

Where was my tolerance, where was my wisdom, my world-citizenship? Gone, faded, fled...But what did I care? What right had He to abuse my native state?

Just Folks

By EDGAR A. GUEST

HELPLESSNESS

He seemed so solemn sad when he
Came in to tell his grief to me,
And it was on my lips to say
That I had heard that very day
A dozen tales of hurt and woe
From others whom I chanced to know.
But something stopped me, and I stood
And let him talk as best he could.

He was a man I'd never seen,
To me his care could little mean.
I could have sent him off unheard
With but a crisp and cruel word.
Then henceforth he would live as one
Whom I had turned my back upon.
And thinking thus, I heard him through,
Though there was little I could do.

The thing that hurts in Trouble's clutch
Is not that one must do so much
For others worried and distressed,
But that full friendship, at its best,
So very little can bestow
To ease another's weight of woe,
And that so often comes the call
From those it cannot help at all.

GENTLE PLAY IS BEST FOR BABES

A few minutes of gentle play now and then is good for the baby. But some of the play commonly indulged in, such as tickling, punching or tossing the child up and down on the parent's knees, tossing him and shaking his bed or carriage, is positively dangerous. For instance, when you tickle a baby he's liable to come back and jork off one of your ears. When you toss a child up and down on your knee, watch out for a swift kick in the shins. Pretend you're going to punch him and watch the little fellow swing a left hook at your jaw. Shake his crib and he'll crown you with his bottle. Toss him up in the air and he'll as likely as not toss you out the window with a jiu-jitsu trick.

This does not mean that the baby should be left completely alone when he is awake. In fact, if you don't keep an eye on him, there's no telling what he'll do. Many a parent has been knocked cold by an empty milk bottle heaved across the room by a fretful babe.

New Georgia Senator Wins Praise For Civic Leadership

Head Of Atlanta Journal Credited With Public Service In Many Spheres And Personal Popularity Throughout Country

Appointment of Major John S. Cohen, president and editor of the Atlanta Journal, as United States Senator from Georgia, to fill the unexpired term of the late Senator William J. Harris, is made the occasion for earnest commendation of his services as a conspicuous representative of the American press. Ability and character of outstanding quality are declared to have contributed to his influence, while his zeal for all enterprises in the interest of community and country is recognized.

"Not only is he a citizen of whom Georgia is proud," says the CHARLESTON (S. C.) EVENING POST, "but his outstanding services in many fields of civic endeavor have given him a reputation that extends far beyond the borders of his State, and he is probably one of the most popular newspaper men in the country." That paper records the fact that he has been for years a strong figure in the Democratic party, and that "the Senate will have the benefit of his service during the present extremely important session."

Terming him "a militant editor," the SCRANTON TIMES declares: "By his fellow members of the Fourth Estate, his appointment is warmly received." Pointing to the fact that he "has been Democratic National Committeeman from Georgia since 1924," The Times views him as "one of the most prominent figures in that organization below the Mason and Dixon line," and says as to his career: "Major Cohen comes of a distinguished Southern family. He has been in the Navy, later was an officer in the Spanish-American war, and prominent in educational affairs, helping to found the Lee School of Journalism at Washington and Lee University in Virginia.

"The new Senator," according to the PHILADELPHIA EVENING BULLETIN, "is one of Georgia's first citizens, prominent in his profession as editor and publisher, a leader in politics as a member of the Democratic National Committee, a patron of every cultural interest in his city and State, and a prime mover in all enterprises of civic progress and improvement. He is of the manner of men who achieve success so consistently that it comes to be expected of all that they undertake. Major Cohen's appointment will recall the days in a past generation when Henry W. Grady electrified the nation with his eloquent interpretation of the mind and purpose of the New South, which he served so ably through his newspaper as well as at Washington and in the messages he carried to Northern audiences. The new Georgia Senator is a worthy representative of the newspaper influence in the new and progressive South."

Associates on the staff of the ATLANTA JOURNAL, in the absence of their chief, offer to the public an intimate view of the editor and Senator, and in the course of their fine appreciation they state: "The public knows the new Senator as one whose life has been devoted to the upbuilding of his city and commonwealth and country, to the advancement of Democratic ideals, to the fostering of good will and good works. But we know as a human personality, which is at once the surest and the severest test by which a man can be measured. That he is faithful to his every trust from the least to the largest; that he combines chivalry with courage, tolerance with convictions, and common sense with breadth of outlook; that he loves Georgia with the deep and quiet patriotism of one whose forbears shed their blood for her freedom and dedicated their lives to her good; that he has more of strong gentleness and Christian charity than any man it has been our fortune to know; and that he will regard the high honor which now comes to him, not as a personal tribute, but as a public obligation, thinking, as always, first of his duty and last of himself—this is the simple truth of Major John S. Cohen, as long years have revealed him to The Journal staff."

Friends and admirers will be pleased by this recognition of a man of great charm and ability, whose political strength in his State has been conspicuous for a number of years," states the BIRMINGHAM AGE-HERALD, with the comment on the short period he has to serve, that "when one dons the toga for a limited time, the future has no perturbations and the present is a path of glory." Looking forward to a warm battle for the post on the conclusion of Major Cohen's term, The Age-Herald remarks: "Gov. Russell is preparing to land the permanent possession of this senatorship. He has been a veritable Henry of Navarre in Georgia politics, but his mettle will be tested severely in his next encounter by the quality of his leading opponent, Charles R. Crisp, a veteran congressman, who has recently won the favorable attention of the nation. This contest bids fair to be both colorful and gruelling."

"Senator Cohen has a keen sense of public responsibility," declares the ATLANTA JOURNAL OF LABOR. "As Democratic National Committeeman he has served his party in a commendable way, preserving harmony and unity and bringing to the national councils a degree of wisdom that has been unusually strong. In his relations with the public, whether in private business or political fashion, he has been honest and fair. His co-workers of the Atlanta Journal know him as their friend. He will make a good Senator. He is not unknown at Washington and will not go, therefore, as a stranger to our national capital. There he has been known and respected for years. Neither is he a stranger to national problems and questions, and is fitted to enter immediately upon his duties as a Senator. We predict that he will make a most worthy successor to that great Georgian, William J. Harris."

Placing him "in the front rank of that clear-visioned leadership which has been directing the thought and energies of the South," the NASHVILLE BANNER remarks that "though national in his viewpoint of the duties of citizenship and journalism, his inheritance of distinguished Southern ancestry, his birth and residence in the South, the scene of his life work, easily account for the circumstance that he has striven so earnestly and effectively from early manhood to the years of his present maturity for the upbuilding of the fortunes and laying broad the foundation for the expanding destiny of the Southern States."

The World AND THE Mud Puddles

BETTER HISTORIES NEEDED

History instruction in South America is giving educators serious concern and efforts are being made to meet a situation that is widely recognized as demanding a remedy.

There are two chief problems. The first is the lack of satisfactory text books, and the second the general belief that a great many school books dealing with history are inaccurate, partisan and frequently misleading.

A recent investigation shows that in forty Latin American universities, history text books are not used, either because those available are inadequate or because they are under suspicion. In these universities, history classes consist of oral instruction, it being left to the teacher to provide his pupils with the best information possible.

AGITATING EMPLOYES

Are you the sort of employe who appears to honor and respect the superior when he is about, but denounce him when he is absent?

Are you prone to make the most deprecating remarks about him when in conversation with other employes?

Do you try to impress them with the fact that he is a driver, that he is incapable of filling the place he holds and that he retains his job because of a pull somewhere?

In fact are you a general agitator of dissatisfaction where you work?

Do you try to convince others that the boss imposes on them?

Instead of increasing your own speed do you try to influence others to drop down to your tempo?

Do you often turn your work over to others to lessen your efforts?

Egg Laying Now At Peak

Average 900 Pheasant Eggs A Day At Jordan State Game Farm

MANY THOUSAND TO BE HATCHED AT FARM

With an immense production of over 900 pheasant eggs a day, the laying season at the Jordan State Game farm is at its peak. On one day this season 1,024 eggs were laid, the highest number ever reached in one day at this great propagation farm.

Superintendent V. T. Warfel and his assistants have a tremendous task on their hands and are kept hurrying every hour caring for the ringnecks in the fields, gathering, packing and setting eggs and welcoming the hundreds of pheasant chicks who are arriving daily.

To date 15,600 eggs have been laid by the pheasants in captivity. Of that number, 6,103 were laid during the week of May 1 to 7. Since the laying season got underway there has never been less than 900 a day.

Thousands of the eggs are being packed and sent to various parts of the state. Thousands of other eggs are being arranged in little nests where they are hatched at the game farm by ordinary barnyard chickens.

Superintendent Warfel this morning informed a News representative that 9,600 eggs have been set at the farm to date and the setting will be continued until a grand total of 23,000 eggs is reached. That is to say, 23,000 eggs will be hatched at the game farm, most of the live chicks to be shipped out when they are from 6 to 8 weeks of age. The superintendent estimates that between 75 percent and 80 percent of the eggs will hatch, producing about 17,000 baby ringnecks. Of this number, 2000 will probably be kept at the farm for next year's breeding and the rest will be shipped through the state. There will undoubtedly be some loss of chicks before they reach the age necessary before they can be sent away.

Already this season 2,500 eggs have been packed and sent to state game refuge keepers, and 3,500 have been sent to interested sportsmen who will hatch and turn them loose in the fields.

Egg laying will keep at the same high level it has been achieving these past two weeks until the first of June when it will commence declining. All that can be handled will be hatched at the game farm. Excess will be shipped in egg form.

The Jordan State Game farm covers several hundred acres, is one of two in the state of Pennsylvania, and is located one mile from Harlansburg, Lawrence county.

DO YOU INHALE?

O. K. AMERICA TUNE IN ON LUCKY STRIKE—60 modern minutes with the world's finest dance orchestras, and famous Lucky Strike news features, every Tuesday, Thursday and Saturday evening over N. B. C. networks.

Here goes the last "sacred cow" in cigarette advertising!

INHALING has long been an "untouchable"... a subject taboo in the tobacco trade...a "sacred cow"! Why?...Because in every tobacco leaf—even the finest, the mildest—nature hides certain impurities which, when not removed, are unkind to delicate membranes!

And since, knowingly or unknowingly, we *all* inhale some part of the smoke from our cigarette—Lucky Strike developed that great scientific process which removes certain impurities. Luckies created that process. Only Luckies have it!

Do you inhale? Remember—more than 20,000 physicians, after Luckies had been furnished them for tests, *basing their opinions on their smoking experience,* stated that Luckies are less irritating to the throat than other cigarettes.

Gospel Tabernacle Pastor's Reception

Wednesday Evening Service Is Conducted As A Welcome To Rev. And Mrs. Westover

The Wednesday evening services in the Gospel Tabernacle of the Christian and Missionary Alliance took the form of a reception for the new pastor, Rev. Clarence Westover, and his wife, and was in charge of the elders of the church.

John Lewis was in charge of the program and gave the address of welcome after which a quintet of elders—James Cann, W. S. Dufford, John Lewis, C. W. Drish and Dan Pitzer—sang a hymn from one of the books used when the Alliance was first organized. They sang "Yes Our Lord is Coming Back Again" and "How Sweet is His Name."

An old-fashioned class meeting was held and each elder spoke briefly, after which John Lewis sang a solo and the elders gave a brief history of the early days of the Alliance in New Castle and welcomed Rev. and Mrs. Westover most heartily.

An informal hour of fellowship ensued and during this time a beautiful corsage was presented to Mrs. Westover by William Gamble, president of the young people's organization, and the meaning of each "flower" in the beautifully arranged bouquet was explained by Joseph Jenkins. When Mrs. Westover removed the tissue covering it was found the flowers were vegetables.

The honored couple were then escorted to the basement of the church where the congregation had arranged their gifts for the event and it required a small truck to take the offerings to the home of the pastor.

Free Night School Is Planned Here

Will Be Started In Fall At North Street School Building

In an effort to help train some of the unemployed young men and women of the city, the New Castle schools will open a free night school in the North street building next fall, following the action of the board Wednesday evening.

Dr. C. C. Green, superintendent, said to the board that it was his opinion that in these times of unemployment, many young men and women could aid themselves by study in night schools, in order to be prepared for better jobs when business returns.

The classes will be held in the North street school and the teachers will donate their services free. There are many second hand books in stock which could be used, so that the total expense of the classes will be the light, paper and pencils used.

Dr. Green had already put the matter up to the teachers of the schools, asking if they were willing to donate service in the classes. One hundred and fifty of the New Castle teachers have offered to donate one evening per week free as instructors in the classes.

The board endorsed the idea and arrangements for opening the school next fall will be made.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931 C. M. Co.

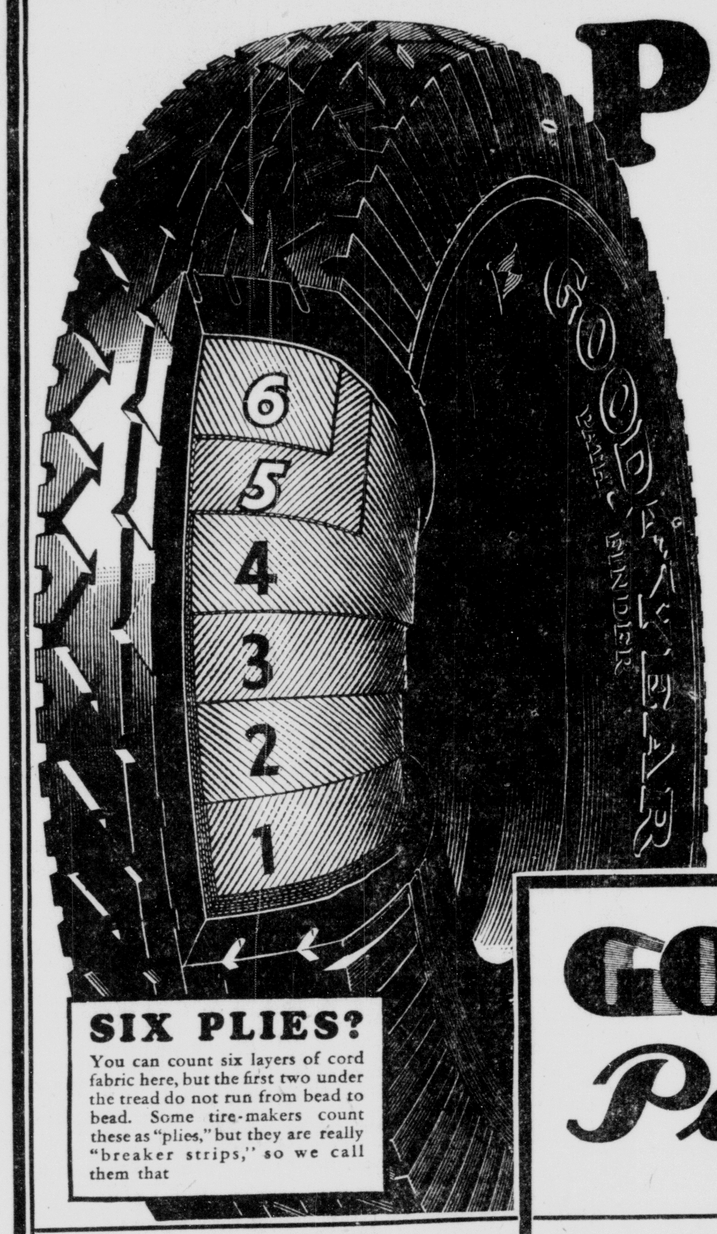
HERE'S THE QUALITY TIRE PRICED within reach of all!



SIX PLIES?

You can count six layers of cord fabric here, but the first two under the tread do not run from bead to bead. Some tire-makers count these as "plies," but they are really "breaker strips," so we call them that

Of course you want quality when you buy tires. You want all the safety, all the sturdy strength, all the long life and trouble-free mileage a dollar can buy.

And you *get quality* in Goodyear Pathfinders—millions of people like yourself know that from happy experience. Because it has always been "the quality tire within the reach of all"—Goodyear Pathfinder is one of the big reasons for Goodyear popularity.

Now look what these tires cost today. There's no need to tell you that quality has never been so low-priced—the figures shown here make you ask yourself: Why be satisfied with second-choice tires when first-choice tires cost no more?

MERCER VET VOTES FOR MANY PRESIDENTS

MERCER, May 12.—George E. Hamilton of Mercer, Civil War veteran, aged 87 years, voted for his seventeenth president at the recent primaries. Hamilton has been a life long Republican. When a lad of 20 years yet in the army he attempted to cast a ballot for Lincoln at the polling booth at the army headquarters.

Had it not been for the appearance of his major to whom he had confided his age he would have succeeded.

Hamilton has been voting 64 years. He is one of four veterans of the war left in Mercer.

Scout Executive Herbert Horton, writing to the council's scoutmasters in his "Lawrence Lookout", official publication, says this:

"Coming into the contest as a dark horse, Veteran troop 18, with R. F. It can be seen how close the race was."

County Committee Organization Talk

Two Factions Within The Party Are Lining Up Support For Candidates

Political interest in Lawrence county for the time being seems to be centered in the coming organization of the Republican county committee. Leaders of the old line faction and the progressives are seeking aid in the election of a chairman. Old liners appear to have centered on W. A. Brown of Wampum for chairman. Mr. Brown has been treasurer of the committee for a number of years.

According to the latest reports State Senator George T. Weingartner may be the candidate of the progressives. Mr. Weingartner is not a regularly elected member of the committee, but under the rules the chairman need not necessarily be a member. Should it be decided to take a chairman from the committee, it is said that Harvey Milholland will likely secure the support of progressives. Mr. Milholland is a member of the committee in the sixth precinct of the second ward.

No information has yet been given out as to when the committee is likely to meet for organization.

Ohio Marriage Licenses Add Considerable Revenue To County Treasury

Lawrence county is reaping considerable remuneration from marriage licenses, issued to Ohio couples since the new marriage license law in Ohio, requiring five days' notice of intention went into effect. Often as high as a dozen Ohio couples come here in a day for licenses. The marriage license fee is $2.50. Of this amount the county gets $2 and the state 50 cents.

In addition to being an advantage to the county, Lawrence county ministers, aldermen and justices of the peace are benefitted as the law requires that the couple be married in Pennsylvania.

Children Trampled By Unruly Crowd At Doumer Funeral

(International News Service)

PARIS, May 12.—A crowd of half a million people which had gathered in the square in front of the Pantheon to hear funeral services for President Doumer became unruly and got out of control of police today.

Four children were trampled and scores swooned as people tried to get within hearing distance of the Pantheon steps and the loud speakers. There were numerous fist fights.

Finally the tank corps, without their tanks, were called out to control the crowd.

As the body of the slain president arrived at the Pantheon a woman shouted:

"Down With Russia!"

The crowd immediately took up the cry, whereupon police rushed in and seized the leader of the group.

The unruliness was kept up until Premier Andre Tardieu mounted the Pantheon steps to deliver the nation's official eulogy, whereupon the crowd quieted down and listened attentively.

LONDON, May 12.—Underwriters are investigating an insurance policy of 37,000 pounds taken out in London by a Dutch firm 11 months ago on the life of Paul Doumer, assassinated president of France, the Daily Telegraph said today.

(The amount of the policy at the time it was taken out represented about $180,000 in American money).

The investigators were particularly interested, the Telegraph said in the fact the policy specifically covered the possibility of assassination, and benefited only the firm and nine relatives of M. Doumer.

Cruelty Charged To Deputy Game Warden

Said To Have Grabbed Dog By Hind Legs And Beaten It

BADEN, Pa., May 12.—Said to have brutally beaten a dog by holding its hind legs and dashing its head against the ground, after snatching it from the arms of a little girl, Deputy Game Warden A. B. McVicker of Harmony township, was fined $20 and costs at a hearing before Justice of the Peace A. C. Gentis, on a charge of cruelty to animals.

The information against McVicker was made by Mrs. Mary H. Ross who, with a delegation of indignant Baden women, testified in behalf of the prosecution.

McVicker, according to the testimony of witnesses, seized the dog from the arms of a little girl in Virginia terrace, where he had been summoned to remove a stray dog to the pound, and handled it brutally when the animal snapped at his fingers. After battering its head against the ground, witnesses said, he threw the animal in his car and slammed the door against its legs. The injured dog, a small terrier, was produced at the hearing where it displayed fear of the game warden.

"I began using Cuticura Soap and Ointment and after the first treatment my face felt better, and in a month's time I was completely healed, after using one cake of Cuticura Soap and one box of Cuticura Ointment." (Signed) Harvey Troutman, Box 943, Reading, Pa., July 13, 1931.

Senator Quinn To Wed Wealthy Girl

State Senator Quinn Will Wed Rich Girl, But It Isn't Miss Doris Duke

(International News Service)

NEW YORK, May 12.—State Senator Elmer F. Quinn is to marry an heiress, but she is not Doris Duke, called "the richest girl in the world."

Statements of any number of friends of Quinn that he was engaged to Miss Duke caused publication of the news, which was later denied.

The heiress' mother, Mrs. James B. Duke, said at their residence, E. 78th St.:

"Neither my daughter nor I has had the pleasure of meeting the gentleman. In fact, we have never heard of him. It is customary in instances like this for the young lady and the young man to announce the engagement."

Quinn, however, did not make the announcement. Nor did he deny the report when it was told to him. Rather, the entire story was due to political friends who stated positively that the heiress in the Senator's life was Miss Duke, who inherited a $53,000,000 estate.

Just who Quinn's future bride is could not be learned, although it is known that she is the daughter of an investment banker.

Mellon Appears In Evening Dress

Does Not Follow Custom And Wear Knee Breeches At Ceremony

LONDON, May 12.—A thousand debutantes of all lands, wearing gowns that will be preserved for decades, and Ambassador Andrew W. Mellon, following General Chas. G. Dawes' example by wearing ordinary evening dress, were presented last night to the British royal family in the Gold Throne room of Buckingham Palace.

Among the debutantes and matrons were 13 Americans, including Mrs. David K. E. Bruce of New York, daughter of the ambassador, who will conduct the American presentations in the remaining three courts of the season. Eight more American debutantes and matrons will be presented today.

Ambassador Mellon kept the attire he would wear secret until his departure from the embassy, when he was finally disclosed in the usual claw-hammer coat, long trousers and white tie. He had considered wearing short breeches, but he was questioned so often on this that after fretting all afternoon, he finally decided that discretion was the better part of tradition.

CONVICTS COMPLAIN OF LACK OF WORK

(International News Service)

PARIS, May 12.—Prisoners of the French penitentiaries are out of a job.

It is the same old story—over-production.

The output of prisons of all kinds of merchandise aroused the protests of legitimate merchants and industrialists so the order went out to make the prisoners cease working.

Wardens say convicts are complaining about the idle hours they spend in their cells. Some of the prisoners are being given part-time jobs for good behaviour.

GOLDENDALE, Wash., May 12—A lamb with five legs, six feet and two tails and which was one of a pair of twins, was the freak of nature born on the Roy Matson sheep ranch near Toppenish.

The extra leg was fastened to the body with loose skin, with no joint although the leg bones are normal. There are two feet on this leg. The lamb's tail is forked.

The freak's twin is normal and large for its age.

Scientists Successful In Correcting Nature's Failure To Create Alike

Scientists Can Now Make All Men Free And Equal With New Experiment

Extracts Of Pituitary Gland Used To Correct Development Of Abnormal Persons

By LEIGH MATTESON
International News Service Science Writer

NEW ORLEANS, May 12.—Successful scientific efforts to correct nature's failure to create men free and equal were reported today to the American Medical Association.

The efforts were based directly on recent important discoveries about the ductless glands. It is found they not only initiate the development of adult sex characteristics but also fix generally the quality of mental and emotional responsiveness.

Treatments of 25 abnormal or subnormal children were reported by Drs. Louis A. Lurie and J. Victor Greenebaum, of the Psychopathica Institute of Jewish Hospital and the United Jewish Social Agencies, Cincinnati.

Eighteen Abnormal

Eighteen of the youngsters were abnormal in behavior and were headed for jail or corrective institutions. Fifteen of these were completely reclaimed for society and established with normal emotional and mental characteristics by treatment with extracts of the pituitary gland, a small mass of tissue at the base of the skull.

The crucial series of cases is believed by experts in physiology to pave the way to the day when physicians may be able to make every young human being, especially those victims of minor types of mental and emotional sluggishness, grow to the full spiritual and emotional height consistent with their heredity and advance toward a genuine physiological democracy where people are free from emotional defects and equal in general intelligence with the average run of other persons.

All the cases reported by the Cincinnati physicians were the result of improper functioning of the pituitary gland, but they assert that other emotional, mental and physical disorders of childhood are the result of deficinecy of other glands of the endocrine system.

The mental and emotional rehabilitation of the youngsters was accomplished by giving whole pituitary body extracts by mouth daily and subcutaneous injections of the anterior lobe extract, as the cases warranted. The pituitary gland produces two kinds of hormones, or chemicals, which are thrown into the blood stream. One kind is produced by the front portion and the other by the rear, or anterior, lobe.

Youth Is Cured

One of the most remarkable cures effected was with a boy, identified as H. S., who came under observation at the age of 11. He was a failure at school, a delinquent at home, stole relatively large sums of money from parents, relatives and friends, and had a decidely effeminate appearance. After two years of treatment with pituitary extract he is now normal in every respect, scorns opportunities to steal money, has lost his girlish appearance and is mentally and emotionally alert.

Similarly a six-year-old girl was raised from a decided state of infantilism at the age of five until now, at 11 years of age, she is ahead of girls her own age in school work and behaves normally in every respect.

To Dare Atlantic

So confident is "Art" Bussy (above), well-known pilot and president of the United Air Lines, that he can lick Old Man Atlantic that he has advertised for passengers who are desirous of flying from New York to London. Bussy plans to make the flight via Harbor Grace, Newfoundland, where he would stop to refuel. The New York-London trip would take 24 hours. He is said to have received a number of replies to his "ad."

EQUIP BIKES WITH CAMERAS, RADIOS

(International News Service)

CINCINNATI, O., May 12—Cincinnati police have a new weapon. It's a camera.

So police can offer photographic evidence to back up charges they make, heads of the department have purchased 20 new motorcycles which will be equipped with cameras in addition to radios.

At the scene of the crime one of the officers will be expected to take a picture for future use as evidence.

Rosendahl Wins Congress Praise

Commander Of Akron Airship Praised For Taking Ship Through Severe Storm

EXONERATED FROM BLAME IN DEATHS

(International News Service)

WASHINGTON, May 12.—Lieut. Com. Charles E. Rosendahl, commander of the navy dirigible Akron, today was hailed in congressional circles as a hero by taking the giant airship through violent storms to the Pacific coast.

Exonerating Rosendahl of responsibility for the tragic deaths of two members of the ground crew at Camp Kearney, San Diego, members of the house naval affairs committee who investigated the Akron's construction, emphasized Rosendahl's ability and courage in preventing a wreck of the ship.

"It probably is due to his great skill and courage that the Akron successfully crossed the Rocky mountains in a severe storm and was finally tied to what might be termed a temporary mast at San Diego, without the slightest mishap to the great ship itself although everybody is sorry to hear of the two fatalities which occurred thru the inexperience of the groundmen," said Rep. Britten of Illinois, ranking Republican on the naval affairs committee.

CALL OUT RESERVES FOR MISSING COW

(International News Service)

SAN FRANCISCO, May 12.—Metropolitan police recently obtained a whiff of the great outdoors, so to speak, when a message was sent over the state police teletype system asking officers to be on the alert for a Jersey cow which was "on the prowl" somewhere in California.

News of the missing cow was sent out by Sheriff Ernest T. Shay of San Bernardino county.

Local officers said they would "cow-operate" to the best of their ability.

Soviet Requests 'Loan' Of Services From Scientists

By KENDELL FOSS
International News Service Staff Correspondent

MOSCOW, May 12.—Designed to test the loyalty to the new regime of Soviet Russia's scientists, a new and extraordinary loan has just been issued which will be known as the "All-Union loan for propaganda in science and technique."

Shares in this loan can neither be bought nor sold, pawned, transferred, nor exchanged. Once you have a share, it is yours until the unspecified day of redemption. The loan is issued by the Association of Red Scientists and comprises 50,000 shares. According to the latest available figures there are 50,000 scientists in the U. S. S. R. Each scientist can thus have a share. Shares are not bought for cash but for time. Thirty working hours in the laboratory is the price of one share.

"This loan is meant to show the political color of the scientific workers and their willingness to participate in the struggle for a new communistic world and the creation of a classless society," explained Comrade Keller, chairman of the Scientists' Association and director-in-chief of the loan.

All scientists will be approached as to whether they wish to take up their share. They will.

Man Without a Country

Leaving these shores as a deportee, "Prince Michael Romanoff" peers longingly from the barred brig of the liner DeGrasse sailing from New York for France. "Prince Michael," known to his parents as Harry Gerguson, ex-pants presser, claims to be an American citizen. He arrived as a stowaway on the Ile de France and escaped from Ellis Island by slipping away from his guard while on a privilege visit to New York. He was picked up and ordered deported. On his arrival in France "Prince Michael" faces a year in jail and then deportation. But where to go?

THE Kellogg Company has been making corn flakes for 25 years. During that time, many brands have come and gone. But Kellogg's Corn Flakes have climbed steadily ahead in popularity—simply because Kellogg's have *always* been the *best* corn flakes possible to make.

Behind each package of Kellogg's Corn Flakes are the modern plants of the Kellogg Company at Battle Creek—clean, sunlit, sanitary. Behind it is an organization—thousands strong—of loyal, efficient workers. Behind it is the personal guarantee of W. K. Kellogg: "You must be satisfied with every package of Kellogg's Corn Flakes. If you do not think they are more delicious, crisper, fresher—mail the empty package to us and get your money back."

These are policies—these are assurances of quality—that have taken 25 years to build. No wonder Kellogg's Corn Flakes are the standard of value everywhere. When you are offered a substitute for genuine Kellogg's, it is seldom in the spirit of service or profit to you. Insist on the red-and-green package.

Kellogg's are *guaranteed* the freshest corn flakes you can buy. They are protected by an inside completely *sealed* WAXTITE bag which brings the flakes to your very table oven-fresh and perfect. It's a *patented* Kellogg feature.

First Telegraph Line Constructed Hundred Years Ago

On May 14, 1832 aboad the slow sailing packet "Sally" Professor Samuel F. B. Morse, conceived the plan of sending messages over wires by electricity. It was not until 1844, however, that sufficient money was raised to build the first telegraph line. In that year Morse sent his first message over his wires from Washington to "Baltimore by the hand of Annie Ellsworth." It read "What hath God wrought?"

"This idea has been called the most important one ever conceived in the mind of man." Certainly it has been far reaching in its efforts. Following along behind it through the century has come the telephone, wireless telegraphy, the radio and television."

"Today telegraphic methods are vastly improved and simplified, and instead of using the Morse key, a majority of telegraph offices employ typewriters that telegraph messages over the wires at the speed of light 188,000 miles per second. Modern communications experts have now developed a method under which 48 simultaneous messages may be sent over a group of 4 wires, making it practical to increase by five times the ordinary wire capacity.

MIMEOGRAPH MAY BE USED

New Plan Of Printing School Papers Is Suggested To School Board

In place of printing the various forms and school papers in the New Castle system the coming school year, it is possible that this work will be turned out on mimeograph machines. F. J. McLaughlin appeared before the school board on Wednesday evening and demonstrated some of the work possible on a mimeograph and said that inasmuch as the schools had mimeograph machines, all that was needed in the way of additional equipment would cost less than $175 and the schools could effect a large savings.

A committee will investigate the possibilities of mimeographed forms for the schools instead of printing.

W. O. Smith, 72, Punxsutawney, Pa., Publisher And Former Congressman, Dies

(International News Service)

CLEVELAND, May 12.—W. O. Smith, 72, one of Pennsylvania's best known publishers, died in Cleveland Clinic hospital today following a brief illness of uraemia and pneumonia.

Smith, editor and publisher of the Punxsutawney, Pa., "Spirit," served in that capacity for 46 years. In 1885 he established the Punxsutawney Tribune and 12 years later assumed the publisher's post on the Spirit.

He was born in Jefferson county and, at 18, was employed in the government printing room at Washington where, two years later, he became editor of the Craftsman, the first trade union paper ever published in the United States.

Smith identified himself actively with political affairs, both state and national. When only 27 he was elected to the Pennsylvania General Assembly and served five consecutive terms. Later he was elected to and served in the 56th and 57th congresses.

Water Spout Takes Cottage For Ride

SANDUSKY, O., May 12—A water spout which came in from Lake Erie picked up a cottage east of Huron Wednesday and carried it half a mile over the lake, according to its owner, Robert Breckenridge, of Sandusky.

He said the cottage, situated on a point jutting out into the lake, was carried to Cheska Beach, another projecting point, where it was dropped and was wrecked.

No one was in the cottage and no other damage was done.

Severl years ago a number of water spouts were seen off Put-in-Bay, in Lake Erie, but did no damage.

There is a growing suspicion that the list of unemployed includes the well-known Yankee ingenuity.

Bartender Found Water Would Reduce

By LOGAN CLENDENING, M. D.

The mineral water cure for weight reduction was very popular a few years ago.

It seems to have been discovered by a bartender. This gentleman was frequently asked, according to an old custom which was well known in saloon days, by patrons to have a drink with them. Wishing to be polite and not wishing to absorb alcohol quite so regularly, he would take a glass of bottled water. He alternated two different kinds of water, a glass of one and then a glass of the other.

He found that without dieting or exercising he lost weight from 240 pounds to 190, and ascribed it solely to the use of the water. A reputable drug firm, following this lead, put up tablets to make artificial mineral water and sold it for years as a reduction cure. It has not been brought to my attention for some time. But at least it is harmless if anyone wants to try it, and if it works, an easy way to accomplish reduction.

It is possible that many of the reduction cures at watering places are due to this principle.

NOTES AND QUERIES

The Effects of Noise on the Nervous System—"Noise has an effect upon the brain. Morphine and nitroglycerin are known to raise the blood pressure in the brain more than any other drugs; yet experiment has proved that the bursting of a paper bag raised the blood pressure more than either of these drugs, and four times the normal, for seven seconds, and that it did not return for 30 seconds; in addition, there were increased pulse rate and irregular action of the heart."—Dr. Charles Warren.

Mrs. L. W. B.: "I have a breaking out on my leg which the doctor calls shingles. I thought shingles only came on the chest. Is it liable to come back? What can I do to prevent it?"

Answer: Shingles can appear on any part of the body from the head to the feet. One attack confers immunity—that is, the disease does not occur in the same person more than once.

EDITOR'S NOTE: Six pamphlets by Dr. Clendening can now be obtained by sending 10 cents in coin, for each, and a self-addressed, stamped envelope, to Dr. Logan Clendening, in care of this paper, or Central Press Association, 1435 East Twelfth street, Cleveland, O. The pamphlets are: "Indigestion and Constipation." "Reducing and Gaining." "Infant Feeding." "Instruction for the Treatment of Diabetes." "Feminine Hygiene" and "The Care of the Hair and Skin."

To Name Manager For Cafeterias In Schools Of City

For the purpose of better supervision of the cafeterias in the senior high, Washington and Franklin junior high schools, the position of cafeteria manager was created by the New Castle school board Wednesday evening.

With the abandonment temporarily of the home economics courses in the schools this takes out the teachers who have supervised the cafeterias. Further, it is felt by the board that a manager for the three cafeterias would be a saving both in the purchase of supplies and in the expense of operation. A salary of $900 was set for the job.

Iceland Hopes To Abolish Dry Law

Action Started In Iceland To Abolish Prohibition Law

(International News Service)

HELSINGFORS, Finland, May 12.—Iceland has taken a step to emulate Finland's abolition of prohibition, it was reported today in dispatches from Reykjavik.

A parliamentary commission, it was reported, is preparing a bill to authorize the sale of liquors during certain hours of the day.

The Danish government decreed prohibition in Iceland in 1913, and two years later the Iceland parliament superceded the decree with a prohibition law of its own.

On Apri 5 Finlands' 13-year-old dry law was abolished in accordance with the result of a referendum in December of last year.

End Piles Quick

No Salves—No Cutting

Your itching, bleeding, protruding piles will go when you actually remove the cause—bad blood circulation in the weak, flabby parts—and not one minute before. Salves or cutting can't do this—an internal remedy must be used. HEM-ROID, the prescription of Dr. J. S. Leonhardt, succeeds because it stimulates the circulation, drives out congested blood, heals and restores the almost dead parts. HEM-ROID has such a wonderful record right in this city, that Eckerd's Cut Rate and New Castle Drug Co. says one bottle of HEM-ROID Tablets must end your pile agony or money back.

The suggestion has been made that all bridge winnings during this period of depression should be turned over to charity, but this doesn't solve the problem of what to do with the bum I. O. U's.—The Hamilton (Ont.) Spectator.

War for loot is barbarous. It's so much more civilized just to borrow from nations that trust you.

SCHOOL ECONOMY PLAN PRESENTED BY CITIZENS

Committee At Board Session

Suggests Method Of Meeting Need Without Eliminating Teachers

JANITORS' SALARIES ARE UNDER FIRE

Attorney Bryan Reads Report At Meeting Of School Board

Represented by a committee, the group of citizens that held a mass meeting in the Senior High School six weeks ago, concerning school economics, presented a suggested plan to the School Board Wednesday evening, May 11 when the board held its regular meeting.

The plan was read by Attorney J. Elder Bryan who with George Morris and Leonard W. Cramer made up the committee waiting upon the board. The plan follows:

To the honorable members of the School Board for the City of New Castle:

In submitting a plan which it is believed will render unnecessary the elimination of any of the teaching force heretofore employed by the School District of the City of New Castle, or in a substantial reduction of taxes, your attention is respectfully called to the following facts:

First: That the budget shows a net decrease to the janitors' salaries of $2295.00. Whereas, this to the janitors alone is not a decrease but they have actually had an increase of approximately $2190.00. The above decrease shown having made by reducing the wages of the women helpers and by discharging one janitor.

Second: The budget fails to represent correctly the status of the janitors, it leads the public to believe that they are paid for eleven months whereas they are actually paid for twelve months.

Third: That the general salaries have been increased $485.00.

Fourth: That there are discrepancies as to the type of telephone service in the different buildings and that certain economies can be affected by putting party lines into all buildings and service discontinued during the three summer months.

Fifth: Considerable economy could be affected in the employment of the two janitors for trucking and repairing who receive a salary of $3480.00 per year.

Sixth: The Superintendent of Buildings received $2750.00 salary, and $530.00 expenses.

Seventh: General salaries, including secretary, Superintendent's office and clerks throughout the system, have been given no reduction whatever.

Eighth: Substantial actual increases have been given to clerks in elementary schools and in the Senior High School.

Ninth: The Superintendent, who in 1931 and 1932 received a salary of $6000.00 plus $600.00 additional for auto expenses, has been increased to $7000.00, of which he has offered to refund $500.00, which would be an actual decrease from his 1931 and 1932 salary of $100.00, while numerous members of the teaching force have received reductions in salary of from $200.00 to $600.00.

Tenth: The attention of the Board is respectfully directed to the action of the School Districts of Sharon, Erie, McKeesport, Chester, Mercer, Ellwood City and many others. When such other communities have found relief from the problems through a spirit of cooperation it would seem unfair to the taxpayers and parents of the City of New Castle if similar action could not be taken in this city.

Eleventh: It is submitted that a general reduction is now being affected by all industries and businesses, both large and small, in wages and salaries, some already having announced the second reduction recently while others have gone so far as to close their plants. This results from decreased earnings and loss of business, these same industries are the largest taxpayers in this city.

Twelfth: While not believing that the following plan affords the only solution, it is suggested after a thorough examination of all items of the budget that a reduction of ten per cent against janitor's salaries, the Superintendent's salary and all general administration salaries, including clerk hire as of the 1931-1932 basis, would, if coupled with a ten per cent refund on the part of such of the teaching force as have not been affected to that extent by the reductions already made, solve the problem.

Some Discussion

Following the presentation of the plan Mrs. J. C. B. Douthett, a member of the board asked "how much would be saved on teachers' salaries?"

Mr. Morris answered, "about $61,000, of which there has been about $10,000 already saved. The savings on the janitors' salaries would be about $5900."

Mrs. Elliott asked, "have you made any contacts with the teachers?"

Bryan replied by saying, "we can't make any contacts with the teachers in this matter until the board cleans its own skirts in making what reductions it can."

W. W. Duff then explained to Mr. Bryan that he was apparently under a misunderstanding concerning the salaries of janitors. "The janitors will be laid off a month each this summer" said Mr. Duff, "which is nearly a ten percent cut".

Mr. Bryan then asked if their salaries as stated in the budget were for nine months or ten months. He was informed they were for ten months and that they were paid by the month. For the other time they worked in the summer they were paid the same monthly rate.

The report was filed after Acting President McIlvenny assured the committee that the board would consider the report carefully and if any further reductions were possible, they would be made. Later in the evening Mr. Woolcock moved that a committee be appointed to investigate the report and prepare a reply to the committee.

PHALANX ADDS TRIO

Three new members, Edward Cox, Robert Griffith and Lyman Gerould were inducted into the membership of the Y. M. C. A.'s Phalanx fraternity last night when a formal ritual service occurred. The ceremony took place in the 'Y' building.

Officers of the chapter were in charge.

Clarence Ferree's Fund Is Nearing The Amount Needed

Will Soon Be Able To Make Effort To Get To Mt. Clemen's, Mich.

Fund of Clarence Ferree, newspaper and magazine salesman at the city hall corner has now reached $150, through the kind efforts of many friends, who have all given him to the best of their ability and in view of the present general conditions.

This money was given by persons from every walk of life. In some instances it was really needed in the home of the person giving it, but the donor in these instance thought the condition of Clarence was much worse than there on and so gave him the money.

He hopes to get to Mt. Clemens in the near future and get his chance of regaining at least part of his health. Those interested in helping Clarence gain his desired goal of $200, which means that he will be able to leave for Mt. Clemens, Michigan, may give their donations to him.

Mayor Continues To Hold Midnight Court

Mayor Charles B. Mayne has not abandoned the holding of midnight police court, he stated today, and said that each midnight he is on the job ready to conduct hearings, if persons taken into custody by city police are in a fit condition to be heard.

When the mayor assumed office he said he would hold midnight court so that persons who had been arrested for trivial offenses would have an opportunity of being heard and of spending the night at home.

It is not necessary to hold court each midnight. Sometimes there are no prisoners confined in the jail and upon other occasions some of the persons arrested on a charge of intoxication are not sober sufficiently to understand the proceedings.

Three Excavation Permits Granted

Permits to excavate have been granted at the city engineering department to: New Castle Water Company, at 403 East Moody avenue, for service repairs; Bell Telephone Company, in Etna street, for the locating of three poles and to Edward Masten at 110 South Liberty street for a sewer connection.

Perhaps it was all a typographical error. It may be just the usual posterity that's around the corner. —The Detroit News.

Plan Changes In Minor Loop

Weather And Depression Have Played Havoc With Attendance

PLAYER LIMIT MAY BE REDUCED

(International News Service)

CHICAGO, May 12.—Hunting a remedy for the financial ills that have beset the minor leagues of baseball, American Association club owners met here in special session today.

President Thomas J. Hickey summoned the meeting of owners to consider many suggestions pertaining to decreased attendance and the 27 games postponed because of cold and rainy weather.

Of the proposals thus far those considered most seriously are to raise the admission price, play double headers twice a week, Wednesday and Sunday, reduce players' salaries and bar the radio from all parks.

Other suggestions under discussion were to abolish ladies' days and charge women 25 cents for all games, trim the player limit from 20 to 18, reduce the salaries of umpires and start the 1933 season two weeks later than usual.

"Something radical is necessary," said President Hickey. "Bad weather has been the most serious blow, but our average attendance to date is far below that a year ago at this time."

Teachers Requests Refused By Board

Teachers Not Paid For Time They're Away Because Relatives Are Ill

Two requests for payment of salary for time out of the school system were refused Wednesday evening by the school board. The two requests came P. G. Howell who was called away by the illness of a relative and Emmet Gillaspie who was also out on account of illness in the family.

"I do not want to fight this matter out again" said A. C. Hyde, "but we made a set of rules covering this sort of thing and I think we should stand by them. We permitted payment of salary where a member of the immediate family was dead or the teacher himself was sick. I think that is far enough to go."

"The trouble is not with the teachers asking for the salary but lies with the principal who recommends that they be paid in such instances" said W. W. Duff. "I believe we should instruct the principals again that they must abide by the rules of the board."

L. D. K. Society Presents Pageant

"Citizenship" Is Subject Of Evening's Program In Third United Presbyterian

The L. D. K. Missionary Society of the Third United Presbyterian church was in charge of the program in the church Wednesday evening, with Mrs. Mabel Huffman in charge.

Copeland gave talks on the "Christians' Attitude Toward Prohibition"; ten members of the society gave Bible references on Citizenship; a recitation was presented by Bobby Gere; an exercise by Phyllis Burdette, Marjorie Rapson, Doris Daugherty and Jean McConnell.

The pageant, "The Urn of Destiny" was then presented and this gave a story of Citizenship.

A quartet, Mrs. W. D. Fullerton, Mrs. Henderson, Mrs. Harry Thornberg and John Kyle, sang, a number, accompanied by Mrs. Charlotte Emery, who also gave a piano number.

At the conclusion of the pageant the society held its business and social meeting. Reports of the Presbyterial convention were given by Katherine Hopper. Three new members were enrolled: Mrs. Fred Thompson, Mrs. Alene Morrow and Helen Book.

Refreshments were served by Mrs. P. D. Gibson, aided by Misses Laura Mooney, Bernice Dunkerly and Dorothy Miller.

Rookies Hurlers Are Helping Out

Several Big League Baseball Teams Are Fortunate In Having Good Rookies

VETERANS ARE SLOW STARTERS

By LES CONKLIN
International News Service Sports Writer.

NEW YORK, May 12.—Development of a winning young pitcher has kept several league clubs in the running this spring—such hurlers as Monte Weaver of the Senators, Lon Warneke of the Cubs, Buck Betts of the Braves and now Johnny Allen of the Yankees.

Allen, who won 21 games and lost nine for Toronto and Jersey City in the International league last year, was knocked out of the box by the Boston Red Sox in his first start this year, but yesterday he came through in fine style to blank the St. Louis Browns, 3 to 0. He yielded only five hits and did not permit a single St. Louis player to reach third base.

Can Also Hit.

Allen hit a triple and scored the first run of the game. He was aided by his battery mate, Bill Dickey, who made three hits and drove in the other two runs as the Yanks chalked up their fourth victory in succession and gained another half game on the league-leading Washington Senators, who were idle.

Old Joe Shaute of the Brooklyn Dodgers, whose services recently were valued by Manager Max Carey at what seemed to some to be a rather high figure, proved his worth by doing a neat bit of releif flinging as the Dodgers nosed out St. Louis, 4 to 3, in a 12-inning battle. The great-singing southpaw held the Reds to four hits and no runs in the last seven innings, winning the duel over Wild Bill Hallahan, who went the route.

Hallahan Whiffs 12.

Hallahan fanned 12 batters but lived up to his nickname by making three wild pitches and walking six men.

Tony Cuccinello drove in four runs including the tally that won. Ripper Collins of the Cards took the lead in the home run derby by smacking his eighth four-bagger of the campaign.

Another old-time hurler, Red Lucas of the Reds, turned in his fourth win in five starts by subduing the Phillies, 4 to 1. Cincinnati regaining possession of third place. Lombardi, Hafey and Herman led the attack with two hits apiece. A fist fight between Durocher and Bartell enlivened the contest.

All other contests were postponed because of rain and cold. The unseasonable weather is raising havoc with the schedules of both leagues. The Giants, for instance, already have piled up nine double bills that must be played later.

Star Hurdler Is Also Writer

Jack Keller, Ohio State's Marvelous Hurdler, Wants To Be Sports Writer

DOESN'T CARE FOR PLAUDITS

By FRANK G. MENKE
International News Service Sports Editor

NEW YORK, May 12.—Jack Keller of Ohio State, one of the most marvelous hurdlers the world has known; a hero of heroes, an idol and a disconsolate lad.

All that his sizzling speed and his enthralling style in clearing the sticks have brought do not compensate him for the fact that no editor so far has accepted any of his short stories and no one has yet given him assurance of a job as sports writer when his student days are done.

Wants To Be Writer.

They gave him a wild and thunderous greeting after his return from his golden triumphs in the Penn relays; the newspapers around the land boomed salvos to his prowess; stylists declared that his hurdling form was perfection.

But Keller was in the glooms.

Another story had been rejected.

Since the kid days, Keller has wanted to be a writer. He has no ambition for fame on the track. He ran just because it was first class exercise. He had no teacher in the younger years. His style of leaping the bars, flawless and beautiful to watch, was natural with him.

If Keller, the modest and unassuming, fictionized the story of his own career, editors around the land would break their arms in the mad grab for it. But Jack shouldn't have his hero wanting to be a sports writer. The editors might think the hero was a bit of a dippydilldock.

There's no art to find the mind's construction in the face.—Shakespeare ((Macbeth."

HERE AND THERE IN SPORTS' LAND

Leo Mozdy's return to the flyweight ranks has resulted in several victories for the Polish boy and the last time "out" he turned in a win over the veteran Johnny McCoy.

Tommy Maxwell, former boxing promoter of Erie visited here recently. Maxwell is located in Cleveland. He is a former resident of New Castle.

Ten high scorers at the various state trapshooting tournaments will be eligible to compete for places on the All-American team which will be picked at Vandalia, O., August 24.

Cliff Durant millionaire race driver, will drive for his former chauffeur, Harry Hartz at the Indianapolis speedway, May 30. Billy Arnold will also drive in the 500 mile race.

Bill Dickey took advantage of the idleness of his Big Six hitting rivals yesterday and made three hits in four times at bat against the Browns and now has an average of .409.

Foxx of the Athletics has been at bat 78 times and has an average of .436. Reynolds of the Senators has been at bat 81 times and has an average of .420. Critz of the Giants is fourth with .366. Terry of the Giants and P. Waner of the Pirates are in fifth and sixth place.

Daisaburo, Leslie Keiffer's lone eligible for the $50,000 Preakness, Saturday showed himself to be a mudder of the first water yesterday when he took the Hilltop, Pimlico feature. He won by two lengths. His time was 1:49 3-5.

JUNIOR HIGH MEET FRIDAY

Approximately Sixty Athletes Entered In Local Track Meet

Approximately 60 junior high school athletes are entered in the track and field meet between George Washington and Ben Franklin junior high schools at Taggart field, Friday afternoon, according to Coaches Dan Carroll and Emmett Gillaspie. The meet will start at four p. m. D. S. T.

Carroll has been whipping the George Washington junior high athletes into condition and Gillaspie has been preparing the Ben Franklin junior high athletes.

County League Games Friday

Three games will be played in the Lawrence County High School Baseball League Friday afternoon, it was announced today.

The games are as follows:—Shenango at Bessemer, New Wilmington at Union, Wampum at Princeton. There is a lot of interest being taken in the league this season and the school boys of the county are putting up quite a battle for the championship.

East Brook and Wampum seem to be the main teams and the fight for the title will be between these two teams, it is indicated. Wampum in Ralph Ferrucci have one of the cleverest pitchers in the league, while Betka is one of the reasons for East Brook being up there. Bessemer also has a rather strong team this year, and must be reckoned with.

Six Twilight Games Today

Twilight League Teams Will Open Season With Games Played Today

Jupiter Pluvius having caused the postponement of the season opening games with the exception of the Volant-Soda Jerkers game played Tuesday evening, the Twilight League will endeavor to get started on the 1932 grind this evening.

There are six games carded for the league at six different fields in the county. Umpires have been assigned to each of the games. The Soda Jerkers by their victory Tuesday evening lead the league to date. There are some very good teams in the field, and many interesting games will no doubt be played this summer.

Following is the lineup for tonight:—

American League
West Pittsburgh at South Hills.
Hillsville at Union A. A.
Ryantown at Lawrence Indies.

National League
Mahoning A. A. at Castlewood.
Malizias at Volant.
Soda Jerkers at Cloverleafs.

Lockleys To Play Merchants Tonight

Lockleys mushball team will play the Independent Merchants tonight at the Lehigh Field, weather permitting. Friday night the Lockleys will play the Spencers of the City League at Lehigh Field. The games will start at 6:30 o'clock Daylight Time.

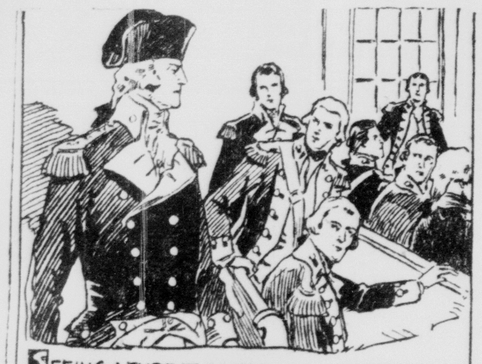
HIGHLIGHTS OF HISTORY

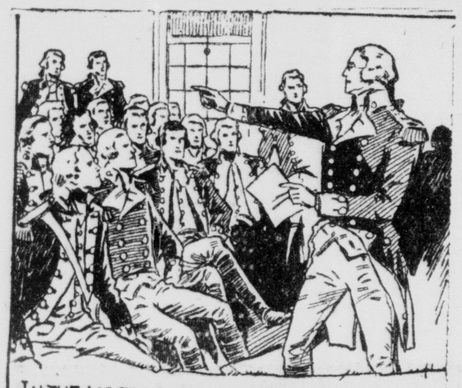
By J. Carroll Mansfield

George Washington
No. 76. The Newburgh Address



SEEING A THREAT OF SERIOUS OUTBREAKS IN THE INFLAMMATORY ANONYMOUS LETTER CIRCULATED THROUGH THE CAMP AT NEWBURGH, WASHINGTON ON MARCH 11, 1783, CALLED A MEETING OF HIS OFFICERS AND MADE A STIRRING APPEAL FOR PATIENCE, CONFIDENCE AND LOYALTY. —•

HE KNEW THAT THESE OFFICERS LOVED HIM, BUT HE FEARED THAT IN THEIR DISTRACTED STATE OF MIND THEY MIGHT BE LED TO ATTEMPT TO OBTAIN REDRESS FROM CONGRESS BY FORCE OR EVEN SET UP A MILITARY DICTATORSHIP. HIS FIRST WORDS BROUGHT TEARS TO THE EYES OF MANY OF HIS LISTENERS. . . . . .



IN THE MOST DRAMATIC SPEECH OF HIS CAREER WASHINGTON BEGGED HIS OFFICERS TO REMAIN TRUE TO THEIR SACRED TRUST AND NOT BE SWAYED BY AGITATORS WHO SOUGHT "TO OPEN THE FLOODGATES OF CIVIL DISCORD AND DELUGE OUR RISING EMPIRE IN BLOOD." —•

WASHINGTON'S SPEECH HAD THE DESIRED EFFECT. WHEN HE HAD FINISHED SPEAKING, HIS OFFICERS CROWDED AROUND HIM WITH ASSURANCES OF THEIR LOYALTY AND UNWAVERING DEVOTION TO THE YOUNG REPUBLIC. —•

FORLORN FIGURES

Papa thought it was awfully nice of Mama to let him rest on the davenport after supper until he discovered her collecting his small change that fell between the cushions.

Trading In Market At Slow Pace Today

(International News Service)

NEW YORK, May 12.—The rails upset the stock market today, both N. Y. Central and Atchison going to new bear market lows, along with Baltimore & Ohio and Southern Pacific. Union Pacific displayed a nervous tone due to the directors' meeting today and predictions that the $10 rate would be cut liberally.

United Aircraft, Bendix and American Tank also dipped to new low levels. Leaders like U. S. Steel and American Telephone were heavy. Oils were reactionary after an early flurry.

Reduction in the Bank of England discount rate of 2½ per cent was ignored as was the liklihood that this would bring a cut in the rediscount rate here after the close.

Pressure on rail obligations brought an irregular tone to the bond market. Wheat failed to carry through yesterday's strength and lost nearly a cent a bushel. Cotton was easy.

Trading in the market was at the same slow pace as has prevailed for some time and there was no great selling pressure.

Tells of New Zealand

Miss Bathie Stuart in Maori costume.

Miss Bathie Stuart of New Zealand is sponsored by her government in the series of lectures she is giving in the U. S. Women in New Zealand, both Maori (native) and white, have been voting since 1893, but no woman has yet served in either house of parliament, Miss Stuart says. They are principally interested in welfare work for the reduction of infant mortality, which, taken in comparison with the birth rate in the country, is the lowest in the world, Miss Stuart states.

WARDEN IN 1929 RIOT FOUND INCOMPETENT

(International News Service)

DENVER, Col., May 12—F. E. Crawford, warden of the Colorado state penitentiary at Canon City during the prison riots of Oct. 3, 1929 was "incompetent, inefficient, neglectful in the performance of his duties, imprudent tactless and addicted to the use of intoxicating liquors."

This was the decision of Judge J. C. Starkweather, handed down in district court here recently. The decision was brought about when Crawford's dismissal by the state civil service commission was taken into court by the attorneys.

The dismissal of Crawford came as the climax of a series of investigations growing out of the riots in which 13 lives were snuffed out in one of the bloodiest outbreaks in recent years.

Wins tho Blind

Although he is blind, William Lohr, boy scout of Utica, N. Y., has overcome his tremendous handicap to such an extent that he has earned 20 Boy Scout merit badges and lacks but one to win his degree as an Eagle Scout—the highest honor. The one badge William lacks is in bird study, the rules providing that he must see and recognize the birds in order to win it. However, scout officials may let him earn the badge by identifying the bird calls.

GENEROUS ROBBER GIVES AWAY HIS LOOT

(International News Service)

MARION, O., May 12—Most people can't be very philanthropic on $200, but A. H. Landrum, 55, unemployed laborer, was an exception.

Arrested an hour after he allegedly held up the City Loan and Savings Co., of that amount Landrum had $25 in his pockets. The banance $175 had disappeared.

"I gave the rest away," he told police.

DERBY WINNER MAY BEAT RECORD OF GREAT SIRE

Burgoo King, Colonel E. R. Bradley's Kentucky Derby winner, has followed faithfully in the hoofsteps of his great sire, Bubbling Over, 1926 Derby winner, but now may excel his famed ancestor by winning the Preakness Stake, Pimlico, Md., classic, an honor that escaped Bubbling Over, which also ran under Bradley colors. Burgoo King's Derby win made Colonel Bradley the first owner to have three Derby winners and also was the second time in the history of the Kentucky classic in which a son followed a sire as winner. By winning the Preakness, Burgoo King has an excellent chance to give Colonel Bradley the honor of being the year's leading owner in purse winnings for the first time.

Captured Sans Mustache

Known to his intimates as "Prince Mike," and to his parents as Harry Gerguson, ex-pants presser, this sleek young man is shown just as he was gathered into the arms of Uncle Sam for deportation. Though he claims to be a royal Romanoff, Gerguson was held at Ellis Island when he tried to enter the United States. He escaped and had a shave, but his disguise was futile. He's back again and this time he's labeled for Europe.

Kid and Ken Are Good Pals

Rarely does one see the austere czar of organized baseball in such an affectionate pose as that shown here. Judge Kenesaw Mountain Landis (right) is shown as he greeted the veteran Kid Gleason, coach of the Philadelphia Athletics, when the latter returned to the diamond after an illness that had incapacitated him for some time. Photo was made at Shibe Park, Philadelphia, when the Athletics met the Cleveland Indians.

Inventions Are Made Mostly By Accidents

Inventors Merely Stumble Onto Something And Then Invention Follows

For Instance, Doctor Fixes Up Drinking Water Device To Please Patients

By MARGARET LANE
International News Service Staff Correspondent

NEW YORK, May 12.—How do inventors invent? By accident, mostly, if the truth were known, or by having to find some quick way out of a difficulty.

The exposition of patents in Grand Central Palace, New York, is not full of professional inventors, but ordinary, everyday people who have somehow hit on a new way of doing something, and suddenly found themselves with an invention.

New vistas open before them; they have the proud privilege of an exhibitor's badge; they sit all day long beside their screw, or bottle opener, or baby pacifier, modestly awaiting for public recognition, and ever after can casually refer to "my invention."

Doctor Has Invention

There is a patent device for fixing a cold watertap, for instance, which sends the water up in a little drinking fountain, and miraculously changes the flavor of the water to anything you desire, merely by hiding a little soluble pill in the inner part of the invention. This was invented by Dr. Sverre Quisling, of Madison, Wisconsin, because the patients in his waiting room made themselves such a nuisance by always interrupting him to ask for a drink of water.

"They got nervous waiting for a consultation, and nervousness made them thirsty," he said in an interview yesterday, "and they constantly put their heads round the consulting room door to ask me for a drink. I just thought this out as away of giving them an improvised drinking fountain from an ordinary tap, and the idea of flavoring the drink came along after."

Used Extensively

Now the little attachment is used in many waiting rooms, and carried round in the pockets of people who suffer from thirst at inopportune moments.

Mr. Herman Kasindf, Brooklyn, has a baby, and that baby, like others of its kind, has a habit of throwing its toys on the floor. Weary with picking them up, the father sat down and thought out some way of defeating his young son's energy. And lo! he had invented the Santa-Toy Rack, an expanding metal rod which screws on to the sides of high chairs and perambulators, and dangles the baby's toys for ever before his face, where they can never be thrown down or come in contact with the floor.

BIBLE TRANSLATIONS ESCAPE BOMBARDMENT

(International News Service)

SHANGHAI, May 12—There is great rejoicing in Christian circles here over the narrow escape of the plates of a translation of the Bible into Chinese. These valuable plates were kept in the wrecked Commercial Press until just before it fell under Japanese aerial bombs when they were removed to a safer spot in the International Settlement.

Kline Case Is About Ready To Be Given Jury

Character Witnesses, Summations And Judges Charge, Remain At Butler

MAYOR KLINE DENIES CHARGES

(International News Service)

BUTLER, Pa., May 12.—With the defense on the verge of resting its case, the trial of Mayor Charles H. Kline and his deposed director of supplies, Bertram L. Succop, on charges of malfeasance was expected to reach the jury of five women and seven men late today.

Only a few character witnesses, summations and the judge's charge remain. These were expected to be dispensed with in rapid succession.

Kline Denies Charges.

Mayor Kline, taking the stand as a star witness, lived up to expectations. With the eyes of the crowded courtroom focused upon him, he calmly denied any knowledge of the details of the contracts he signed, and which are the principal basis on the states' charges against Succop and himself.

Mayor Kline pictured himself as the mayor of a large city with "too many other duties" to devote considerable time to minor details.

"If I was supposed to know all about pins and elephants and sewer pipe, I couldn't raise my hand and take the oath of office of mayor of the city of Pittsburgh," he explained.

Urges Fever Test On Doomed Men

Doctor Advocates Use Of Criminals For Vaccine Experiments

NEW ORLEANS, May 12.—Use of condemned criminals for experimentation in vaccine for the prevention of yellow fever was advocated before the American Medical association Wednesday by Dr. Bolivar J. Lloyd, medical director of the United States public health service.

If the criminals should survive the experiment, Dr. Lloyd favors their pardon, contending that "in view of the relative immunity of criminals and gangsters both in and out of court, the releasing of a few more would not matter very much."

So convinced is he of the merits of new discoveries in vaccination that he has agreed to submit himself to the bite of yellow fever mosquitoes if the vaccination should show his immunity.

Qualifies His Offer.

He qualified his offer on the condition that he could obtain sufficient life insurance to protect his family "in case of any untoward result," which he said he did not anticipate, however.

Dr. Lloyd was speaking about a paper by Dr. Wilbur A. Sawyer of the Rockefeller Institute of Medical Research, who offered further proofs of the specific nature of what are known as the immune reactions of disease. In that connection, Dr. Lloyd specifically discussed his own methods of vaccination against yellow fever.

He expressed the conviction the method of vaccination devised by Mr. Sawyer and his colleagues would be found to protect human beings against the bites of known infected mosquitoes and said the next step should be the use of human beings in experimentation, both in submitting to inoculation with attenuated virus without the giving of protective serum and by exposing vaccinated persons to the bites of infected mosquitoes.

CITIZENS MAKE APPEAL FOR LAWRENCE SCHOOL

Another appeal to the New Castle School Board was made Wednesday evening by citizens of the second precinct of the Seventh Ward, to save the Lawrence School, at least for the first three grades. While the committee this time was not as large as the previous one, those present made a stirring appeal which semed to make a considerable impression upon the board members.

They did not ask that all the grades be continued, merely the first three to obviate the necessity of sending the tiny children a mile or a mile and a half to other schools.

They cited the fact that one supervisors (Miss Salomon) was asking for a year's leave of absence and that if this was granted, there would be a saving of $2400. This they argued would pay for two teachers at $1000 each to teach the first, second and third grades, and would leave $400 for janitor service and telephone.

The board promised to consider the suggestionns and there appeared to be a sympathetic feeling upon the part of the members towards the idea advanced by the citizens from the second precinct of the Seventh Ward.

Court House Lawn Squirrel Killed

Ran In Front Of An Auto—Buried And A Bunch Of Lilacs Placed On Grave

Genuine regret was expressed by court house officials this morning over the death of a mother gray squirrel that has been a tenant of the trees on the court house lawn for the past six or seven yars. The squirrel ran in front of an automobile while crossing Court street Wednesday afternoon, and was killed.

The driver of the car tried to escape hitting it, but it ran directly in front of his car. The squirrel had several young ones, but it is believed that they will be able to survive without her as they were six or seven weeks old.

Body of the squirrel was buried back of the court house this morning by Janitor Clifford James. Miss Margaret Garvin, Deputy in the Prothonotary's office, supplied a buch of lilacs to place on the grave.

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

This business of daylight savings time can cause a lot of annoyance at times. Especially when a board meets by resolution at a stated time. The school board meets at 7:30, eastern standard time, and last night's meeting meant starting just an hour late. The members got there at 7:30, E. S. T., which meant 8:30, D. S. T.

They fixed it for future meetings of the summer. The board will now meet at 6:30, eastern standard time, which may mean that they can get away before the next day. Last night's meeting broke up something after one o'clock (D. S. T.) and the alibi the directors would use to their wives this time is more than an alibi, it is the truth.

For this evening's diversion the high school players offer "Take My Advice". If you'll take ours, you'll see the play. It ought to be good.

There is a family of robins that has pre-empted part of our front porch. For several weeks the mother of the flock has been following the neighbors around as they dug garden, hunting for worms to rush over to the new birds, and yesterday they took their first lesson in flying.

Awkward looking little mites. All beak and wings. Their first flight was an erratic affair as they drunkenly winged their way to the porch next door. They made it after a Herculean effort and then rested for the return trip.

And now in a short time they'll be leaving us to live in the trees probably, and somehow we're going to miss their antics in that nest as they raised up for the worms the mother of the flock brought in.

These are exciting days if you get any thrill out of watching flowers develop. The iris is about to break its bonds and shove out some blooms that look like penny suckers. The azelia is already out with its rather snooty looking blossom. The flowering crab trees are just showing color in the buds, and the rose of sharon has finally started to show signs of life. Perhaps you aren't interested in such things—everyone to his hobby—but right now is the most interesting time in any garden.

Relief Loans Are Urged By Davis

WASHINGTON, May 12.—Senator James J. Davis asked Congress on Wednesday to authorize the Reconstruction Finance Corporation to set aside $500,000,000 against which cities and states might draw loans to assist in local relief work.

Under the provisions of the bill he introduced, the money would be used for unemployment relief or for temporary financing when it is the opinion of the corporation directors that "any such state, municipality or political sub-division is unable to obtain funds upon reasonable terms through banking channels or from the general public."

"The Reconstruction Finance Corporation has by this time probably solidified the banks and financial institutions and there is no longer so much demand for its funds from that quarter," Davis said. "If that is true, it would be wise to devote the funds to pressing needs of municipal and state governments."

Scouts Face First Aid Quiz As Kiwanis Sponsors Watch; Clubmen Host To Own Troop

There was a uniformed Boy Scout, presumably injured, lying on the dining room floor of a local hotel about noon Wednesday—surrounding the spot was the usual crowd of supposed curious, gazing directly at the lad.

But have no fears, for it wasn't an accident. Instead it was the Kiwanis club's feature luncheon demonstration of first aid practices as the club's own troop, No. 37, has learned to give them. The curious were only too welcome to watch. Scout officials, skilled in first aid rescue work, attended.

Show Rescue Skill.

After entertaining the clubmen with a program closely similar to that conducted at their weekly meetings in the George Washington junior high school, the troop's first aid specialists were presented. Neighborhood Commissioner Harry Cullifford, first aid coach for the troop, questioned the boys at length as the Kiwanians listened.

Every Boy Scout of troop 37 had been dismissed from school for the noon meeting, and the showing they made left a lasting impression upon their hosts.

Scoutmaster Dr. R. C. Lutz, member of the club, played a leading part as did Senior Patrol Leader Howell Williams. The latter led the boys as they took part in the following program:

Program As Given.

Formal opening by "assembly taps" played by James Freeman. He also blew the "mess call".

Recitation of Lord's prayer—Led by Crawford Lyon.

Recitation of allegiance to the flag—Led by Wesley Shaffer.

Recitation of the scout oath—Led by James Gravenstreeter.

Brief remarks—Scout Commissioner R. F. Davis.

Demonstration of two first aid problems—First aid team composed of Howell Williams, Crawford Lyon, James Gravenstreeter, Bob Cole, Charles Kennedy and George Horton.

Closing taps by John Manos, bugler. The troop members, grouped in a circle, sang the words.

Paul Rumbaugh played at the piano at different times.

Before the program was over the troop conferred an honorary membership upon President Clarence M. England, who presided. The club has backed the group for a number of years. D. B. Reebel heads the troop committee.

Beauty

New Castle Girl Accorded High Honor At Syracuse

FLORENCE JEAN GOLDER

Beauty and pulchritude of features has won for Miss Florence Jean Golder, of New Castle, the honor of being chosen one of six outstanding co-eds of Syracuse University. James Montgomery Flaggs, Broadway illustrator, made the choice.

An entire page of the Syracuse University year book, "Onondagon," will be devoted to each of the six women chosen as the most beautiful in the large junior class.

Miss Golder, daughter of Mr. and Mrs. H. E. Golder, of 317 East Winter avenue, a graduate of the New Castle senior high school, class of January, 1929, has also been given the distinction this month of being elected president of the Kappa Alpha Theta sorority.

From a carefully chosen group of 56 college beauties selected for the competition by the various sororities and independent organizations of the university, Miss Golder and 14 other young women were chosen by Prof. Hibbard Kline of the Fine Arts faculty.

Photos of these winners were taken by a famous photographer and forwarded to Artist Flagg in New York City, who judged the six most perfectly beautiful in the group. They were picked entirely on the basis of their physical qualifications.

The six who won the contest were:

Ruth Schlosser, 445 Beech street, College of Liberal Arts.

Mary Jane Hall, 714 Carbon street, College of Business Administration.

Lucille Grace Gifford, Newark, College of Liberal Arts.

Elizabeth Marsh, 816 Euclid avenue, College of Fine Arts.

Florence Golder, New Castle, Pa., College of Library Science.

Lucille Lum, 126 Dorset road, College of Home Economics.

These six appeared in the annual moving-up parade of the students on Saturday of last week, occupying special cars behind the pageant of floats, and were honor guests at the annual junior prom.

Final Tribute Paid By France To Paul Doumer

Funeral Cortege Three Miles Long Passes Through Streets Of Paris

ROYALTY SHARES DAY'S CEREMONY

Ambassador Edge And General Pershing Represent United States

By WILLIAM PARKER
International News Service Staff Correspondent

PARIS, May 12.—Royalty and commoners alike bowed in homage today at a great national funeral tendered Paul Doumer, beloved President of France who was assassinated last Friday.

Hundreds of thousands, from Paris, from the Provinces, and from other countries, paid tribute under a mild, overcast sky.

A cortege three miles long accompanied M. Doumer's body as it was taken from the Elysee Palace, where it has lain in state, to the Cathedral of Notre Dame, where a religious service was held under the direction of Cardinal Verdier, archbishop of Paris.

King and Prince.

In the long procession were King Albert of Belgium, dressed simply in khaki, the Prince of Wales, dressed brilliantly in his grenadier-guard uniform, Prince Paul of Jugoslavia, in a plumed hat, green tunic, and crimson trousers, and the Emperor of Annam, in full dress.

Albert Lebrun, M. Doumer's successor and France's chief mourner, was alone in the procession. He wore full dress, upon which were pinned his medals.

Dedicate Masonic Memorial Today

National Memorial To George Washington At Alexandria, Dedicated

(International News Service)

WASHINGTON, May 12—President Hoover joined with American freemasonry today in dedicating their imposing national memorial at historic Alexandria, Va., to George Washington, the Mason.

A monster celebration is scheduled this afternoon at the base of the beautiful edifice, which stands on the Virginia side of the Potomac river to form a connecting shrine between the Washington monument and Mount Vernon. Seventy-five thousand Masons from every section of the country were crowded into Washington and Alexandria to participate in that great fraternal organization's chief contribution to the bi-centennial celebration of their most famous member's birth.

Over $3,600,000 had been expended in building the huge white memorial for which President Harding broke ground and President Coolidge laid the cornerstone. Because an additional $2,000,000 still must be spent on the approach work and landscaping, a replica, made to scale, of the completed structure will occupy the honor position this afternoon on the dedicating platform.

This morning, a big street parade in Alexandria opened the climaxing feature of Masonic week. Approximately 18,000 were in line, including representative units of all branches of the military establishment.

CAMP KEARNEY, SAN DIEGO, Cal., May 12.—Re-fueled and reprovisioned, the giant naval dirigible Akron was ready for a new adventure today after a mishap which killed two men.

As she was made ready to cast off at 10 a. m. for the final leg of her flight to Sunnydale, Cal., preparations were made for a naval court inquiry into the spectacular accident which took the lives of two sailors, injured a third and nearly cost the life of a fourth man.

Dance Hall Is Burned Down

Blaze At 1:35 This Morning Razes Structure On Wilder Avenue Extension

Fire of undetermined origin, starting at 1:35 this morning, razed a frame dance hall on Wilder avenue extension back of the Lawrence school, with a loss of approximately $500.

The place was owned by John Dochko and Joe Swenas, and firemen learned that a dance had been held in the place last evening. It is believed that a carelessly thrown cigaret butt may have caused the fire.

When the seventh ward department and Capt. D. W. Byers, acting assistant chief, arrived on the scene the fire had gained much headway. The site of the blaze was in such an inaccessible location, firemen were unable to get to it with a line of hose without considerable effort. The building was located at the top of a steep hill, along a winding clay road. By the time firemen could have dragged a thousand feet of hose up by hand, the effort would have been wasted and it was allowed to burn itself out, no other properties being immediately adjacent.

Means Released Despite Protest

District Attorney Rover Protests Against $50,000 Bond For Means

MRS. EDWARD McLEAN LOSER OF $100,000

(International News Service)

WASHINGTON, May 12.—Insisting he had negotiated with the kidnapers of the Lindbergh baby for Mrs. Evalyn Walsh McLean, who charges him with mulcting her of $104,000, Gaston B. Means, jail bird, soldier of fortune, justice department sleuth, confidant of a president, was at liberty under bond of $50,000 today, in spite of protests of District Attorney Leo A. Rover.

The South Carolinian will be arraigned tomorrow on two indictments charging larceny after trust of $100,000 and embezzlement of an additional $4,000.

Department Silent.

Though justice department attaches maintained their usual silence, Rep. Fish (R) of New York, instigator of a congressional investigation into Communistic activities, revealed that it was Means who produced false warehouse receipts for 20 truckloads of supposed Communistic documents, that led Fish and a squad of secret operatives on a wild goose chase to an empty Baltimore warehouse two years ago.

Rover, in insisting upon a bond of $100,000 intimated that Means had obtained $100,000 from Mrs. Finley J. Shepard of New York, the former Helen Gould, for protecting her adopted daughter, Mrs. John P. Burr, and her property against attack from Communists.

Miss Salomon Plans To Study

Secures Leave Of Absence To Take Art Course In New York

For the purpose of further advancing herself in the study of art, Miss Emilie Salomon, supervisor of Art for the New Castle public schools has asked for and been granted a year's leave of absence by the New Castle School Board. She expects to attend an art course in New York University during the year. The leave was granted with the understanding that the board did not waive its right to give notice sixty days before the end of the next school term, in the event that they did not wish to re-employ Miss Salomon.

In the years that she has been in New Castle Miss Salomon has brought the standard of art in the schools here to a high plane. She is recognized as one of the most efficient art supervisors in the state, and many times has been invited to become supervisor in other districts, which she has refused to do.

WILL ROGERS says:

(Special To The News)

BEVERLY HILLS, Cal., May 12.—New York which always thinks it's ahead in everything, is going to "Walk for Beer." The rest of the country don't have to walk for it.

Dave Ingalls of Cleveland, O., our naval ace in the World War, is nominated on the Republican ticket for governor of his state. His ticket was "let the people vote on whatever they want to, whether it be prohibition, knee breeches for diplomats, or shall Mickey Mouse be allowed to produce sex dramas."

The Democrats have already started arguing over "who will be speaker at the convention." What they better be worrying about is "who is going to listen to 1,150 delegates that will speak."

Declare Succop Was Only "Goat"

Counsel For Former Director Of Supplies In Pittsburgh Addresses Jury

SUCCOP'S PRAISES ARE SUNG TO SKY

(International News Service)

BUTLER, Pa., May 12.—The flat declaration that Bertram L. Succop, deposed director of supplies on trial with Mayor Charles H. Kline on malfeasance charges, is "the goat of Pittsburgh," featured closing arguments in the trial today.

Arguments were started following a side-bar conference shortly after the both sides had rested this morning. Col. E. L. Kearns, opening his arguments in behalf of Succop, remarked:

"Bert Succop is the goat of Pittsburgh. He went to Mayview and assumed the white man's burden. The furniture that was bought by Puffinburg and Mrs. Rauh and the committee was good furniture—it wasn't purchased at the five and ten cent store."

Pleads With Jury

Kearns pounded counsel table as he pleaded with the jury to exonerate Succop. At one point he cried:

"He is assuming responsibility for these purchases like a man. He'd do it over again. Talk of trick specification. I call this a trick indictment."

Regarding the purchase of an automobile for the Pittsburgh police superintendent, Kearns practically "dared" the jury. He said:

"Pittsburgh has one of the finest police departments in the word. Succop assumed responsibility for buying that automobile. If you want to find him guilty for doing that, go ahead and do it."

Succop was not in the courtroom during the arguments. He admitted he disliked hearing his praises sung.

Toledo Robber Is Severely Wounded In Theater Holdup

Officer Shoots Young Man Through Lung, Mother Taken Into Custody

(International News Service)

TOLEDO, O., May 1.—Paul M. Ziegler, 25, of Toledo, was shot and probably fatally wounded by police today during an attempted hold-up at the Eastwood Theater.

Outside, officers found the youth's mother, Mrs. Ermina Ziegler, who had followed him there, fearing, she said, "he would get into trouble."

Police, however, took her into custody for questioning.

Ziegler was shot through the lung by Patrolman William Tripp when he refused to stop at the officer's shout. A bullet struck him as he scrambled to his feet after jumping from the roof of the theater where he was attempting to break through a skylight, police said.

BABY'S BODY FOUND AT MOUNT ROSE, N. J.

Body Found Partly Covered With Foliage And Dirt---Discovery Made By Negro Truck Driver As He Was Traveling In Vicinity. Dead Long Time.

(BULLETIN)
International News Service

HOPEWELL, N. J., May 12.—Baby Lindbergh is dead—it was officially announced by police tonight.

The lifeless body of two-year-old Charles Augustus Lindbergh was found 73 days after it was kidnaped from his crib in the home here of his famous parents.

The baby was found dead at Mount Rose, N. J., near here at 3:15 p. m., Col. H. Norman Schwarzkopf, superintendent of the New Jersey State Police announced tonight.

"We have to announce that apparently the body of the Lindbergh baby was found at 3:15 p. m. today by William Allen, negro, of Trenton, who was riding on the Mount Rose road toward Hopewell," said Schwarzkopf.

"He was riding with Orville Wilson on a truckload of timber," continued the police official, who has been in charge of the kidnaping investigation since the beginning.

"They stopped the truck and found the body of a baby."

Further details of the greatest American tragedy were revealed as follows:

Allen saw the foot of the child protruding from some foliage. He looked further and saw the body.

It was in a shallow depression—as if an effort had been made to bury it.

The child was dressed in bedclothing.

Allen called Chief Harry Wolf, of Hopewell. Wolf notified the state police, who sent a detail of troopers there.

The child had a hole in its head about the size of a quarter and the body was in a bad state of decomposition.

The police, after examining the body, went to the Lindbergh home. They took samples of the clothing remaining in the nursery—of the same texture, from the same place of purchase.

They took these samples and compared them with the garments on the body.

They decided it was Charles Augustus Lindbergh, Jr., the long missing babe.

TRENTON, N. J., May 12.—Gov. A. Harry Moore of New Jersey tonight announced that reports were true that the Lindbergh baby had been found dead.

The governor's statement followed a sudden summoning of newspapermen from Trenton to Hopewell by Col. H. Norman Schwarzkopf, superintendent of New Jersey State Police, in charge of the investigation into the kidnaping of Young Lindbergh.

The summons was for "an important announcement."

It was variously reported that the baby had been found on the estate and at a site much farther away from the bereft Lindbergh household.

The governor told International News Service:—

"The report is true—the baby is dead. That is all I can say."

The governor did not indicate where the body of the long-missing babe had been discovered.

"You will have to get all additional information from the headquarters of Colonel Schwarzkopf."

Pennsylvania Reduces Loan Asked From U. S.

Seeks $27,500,000 At This Time—Original Plea Was For $55,000,000

(International News Service)

WASINGTON, May 12. — The Pennsylvania railroad today filed with the interstate commerce commission an amended application for approval of a loan from the Reconstruction Finance Corp., reducing the amount from $55,000,000 to $27,500,000.

This action was taken at the request of the corporation and because of changed conditions since the first application was made.

According to the amended application the Pennsylvania will match the corporation's loan of $27,500,000 with a like amount through the sale of bonds, with an additional $13,000,000 from a source not stated. This is contingent upon the corporation definitely committing itself at this time to loan the Pennsylvania another $27,500,000 on Oct. 1 next.

A large portion of the loan will be used by the road in continuing the electrification of its lines between New York and Washington.

Boston Police Head Furnishes Name Of Important Factor In Case

INFORMATION GIVEN JERSEY STATE POLICE

(International News Service)

BOSTON, May 12—Superintendent of Police Michael H. Crowley transmitted to the state police of New Jersey the name of the man who either kidnaped baby Charles A. Lindberg, Jr., or collected to $50,000 ransom in the unsuccessful negotiations for his return.

The veteran superintendent admitted this today, and declared that although his information definitely linked the name he gave with the kidnaping, he was not sure of the man's exact connection with the case.

Crowley revealed he forwarded his information a week ago to Colonel H. Norman Schwarzkoph, head of the New Jersey state police. If any contacts were made with the kidnapers since that time, Crowley said he did not know how valuable his information was to the negotiators.

The information, he said, came through a personal friends, who pledged him to secrecy regarding its source.

"The name of the man given me was supposed to have done the kidnaping or to have collected the ransom money,' said Superintendent Crowley. "I forwarded this information to Colonel Schwarzkopf in regular police procedure. It was information which could not be handled by local investigators.

"In the letter I told him that the information sounded very positive to me and asked him to give it special attention."

FINAL TRIBUTE PAID BY FRANCE TO PAUL DOUMER

General John J. Pershing, upon the invitation of the French government, marched with the diplomatic corps.

Public Tribute.

The streets were lined scores deep, while many leaned out of every window along the way. It was a public tribute in many respects without equal in French history.

The procession left the Elysee Palace at 8:00 a. m., and an hour and a half later arrived at the famous cathedral. Loud speakers were placed outside, where hundreds of thousands listened to the solemn rites.

Simultaneously every cathedral in France and virtually every church, however small, heard eulogies of the assassinated president similar to that given by the cardinal.

Allegheny Singers At Epworth Church

Unaccompanied Choir Gives Splendid Performance Of Vocal Ability In Church

Music lovers, who attended the concert in the Epworth Methodist church Wednesday evening were delighted with the splendid program presented by the A Capella choir of forty-five college students from Allegheny College, under the direction of Prof. Morton J. Luvaas.

The choir, mixed voices, sings unaccompanied and the varied program gave excellent opportunity to display the tones of the voices.

The director is a graduate of St. Olaf College and a former member of the famous St. Olaf choir.

Especially effective was the chorus in which the voices resembled the sonorous tones of a pipe organ.

The group of singers was entertained at a splendid dinner in the dining room of the church preceding the concert, with the members of the Women's Home Missionary Society of Epworth church as hostesses.

AKRON IS REFUELED AND READY TO MAKE LAST LEG OF JOURNEY

(Continued From Page One)

Akron here yesterday morning, Lyford Walkup suffered a broken arm.

Robert Cowart, young naval apprentice, was none the worse today for having been carried aloft and dangled in mid air for an hour and a half before being pulled to safety on the Akron.

Completing its maiden transcontinental journey during which it battled the elements successfully, the Akron arrived over the army field here shortly after 9 a. m. yesterday. Between that time and 11:40 a. m. four attempts were made to moor the ship. On the fourth attempt with crews manning the lines, a walking line ring broke on the portside permitting that side to surge sharply upward.

Men Carried Aloft

Between 75 and 100 men were carried off their feet. All except four dropped to the ground.

Fifteen feet up Walkup let go and sustained a broken arm.

Three others held on.

"For God's sake let go," some one shouted.

One hundred and fifty feet up, Hinton let loose. His body hurtled down and rebounded from the earth.

A second later from an altitude of 200 feet Edsall fell to his death.

The fourth man, young cowart, held on and for nearly two hours his fate held the crowd spell-bound. The thousands who watched were too limp to cheer as they saw Cowart drawn finally through a hatch door of the Akron. It was a tremendous sigh of relief that went upward.

"This was the first fatal accident of this kind," Lieut. Commander C. E. Rosendahl, commanding officer of the Akron, said today, "and I feel very badly about it. It was unavoidable. We encountered most peculiar landing conditions the air was cool and calm at 3,000 feet but at 1,000 to 1,500 feet there were warm upward currents, one of which caused the Akron to shoot up.

"We had about one sixth of our fuel supply when we landed here. It had not been our intention to stop but it would would have been foolish to have continued without refueling."

TARIFF BECOMES ISSUE FOLLOWING VETO BY HOOVER

as a "popgun bill" Rep. Snell of New York, Republican leader, challenged the Democrats to propose a specific revision of the Hawley-Smoot tariff law and take it to the country.

The vetoed bill, which the house passed 214 to 182, provided for an international conference to lower tariff barriers and stripped the president of his tariff-making under the flexible provisions. The house voted 178 to 166 to over-ride the veto, but the efforts lacked a two-thirds vote.

COMMANDER PAYS TRIBUTE TO SAILOR'S NERVE

art hung on the brink of eternity, swaying pendulum like as ground currents tossed beneath the 785-foot steel titan of the air.

Rescued at last through a hatch in the side of the Akron after being drawn up inch by inch, Cowart remarked:

"Whew! I'm all right but I wouldn't do that again for a million dollars."

"Bub" was more concerned today in scraping the grease off his uniform with a worn jack knife than he was with the plaudits of his buddies and the cheers of the populace.

Had His Orders.

"I had orders to hold on," he said, "so I held on and was whisked off the ground.

"Seeing that the ship was evidently out of control, I was going to let go and drop but I saw too many of my buddies underneath.

"I was rapidly being carried upward and when it was clear enough below to jump, I was too high up to jump.

"Hinton and Edsell (who were killed) and Walkup (who was injured) were all on the rope below me. I saw them fall. I felt sick and scared but I hung on. After they had left the line, I found I was standing on the top wooden toggle in the spider line and was grasping the rope with both hands. I straddled the toggle and as the rope was greasy and slippery, I tied a couple of bowline knots around my waist.

Tossed Like Feather.

"Several times the wind blew me back and forth underneath the Akron's gondolas.

"I didn't know whether the rope would hold out but I didn't have much time to think about that. I was too busy wondering what would happen next.

"I'm sure glad I made it. You know, I want to win the all-navy welterweight boxing championship."

Drawn through the hatch of the Akron, he was offered some aromatic spirits of ammonia.

How About Food?

"What do I need that for?" he inquired. "But I'd like something to eat."

"He was the nerviest man I've ever seen," said Lieut. Commander C. E. Rosendahl, commanding officer of the Akron.

"We made the rescue at an altitude of about 2,000 feet directly above the mooring mast.

"When we saw Cowart clinging to the line below us, it looked as if he had become fouled in the line and was unable to free himself. We first planned to bring the Akron as near earth as possible so that he could jump to a fire net below, but feared the man might be unconscious and abandoned that plan.

"We rigged up a hand driven winch and slowly brought him upward. When we got him within a few feet of the nose we let down a hatch and it was an easy matter to bring him in.

"But I've never seen such nerve in all my life."

Factions Of Stockholders Battle For Control Of Copper Corporation

(International News Service)

NEW YORK, May 12.—The offices of the Consolidated Copper Mines Corp. were under police guard today as the management and opposition stockholders breathed defiance at each other.

Howard D. Smith, president, whose regime has been under fire for three years, today branded his being voted out of office yesterday as illegal and declared he would fight the matter through the courts before surrendering.

The opposition, meanwhile, led by Ray W. Higgins, of Duluth, who was elected president to succeed Smith, declared they would take a day or two off to think things over after their unsuccessful effort to storm the company's offices yesterday.

The police kept the Higgins group out in their effort to seize the corporation's offices, books, records and cash.

Holdup Victims Are In Hospital; Suspects Taken

Robbery Occurs On East Cherry Street Near The Baltimore And Ohio Shops

Johnny James, Wilson avenue, and Frank Bethle, 1211 Scioto street, are being held by the police as suspects in the holdup early this morning on East Cherry street, in the vicinity of the Baltimore & Ohio shops, in which John Zoltani and Mike Keacher, Hungarians, both of 547 East Long avenue, were badly beaten and the latter was relieved of some $10 or $12 that he had left from his pay check at the local tin plant.

The two holdup victims received their pay checks yesterday. Mike had his cashed previous to meeting up with those responsible for their holdup. Zoltani had been fortunate enough not to cash his check, so it was not taken from him. The holdup occurred some time shortly after 6 o'clock this morning.

Officers Cooper and Golis remembered that as they stood at North Liberty and Cherry streets earlier in the morning they had seen a car go east on Cherry street, in which there had been five men, two of whom they remembered as being the holdup victims. When the machine returned, two men were missing.

Officer Cooper had recognized the car and its license number and the officers went to the home of Johnny James, Wilson avenue, and found the car there. They arrested James and then secured information that resulted in the arrest of Bethle. The holdup victims, who were severely beaten, especially about the head, were taken to the hospital. The men under arrest will be held until the holdup victims have recovered sufficiently to look them over.

Lindbergh Case Scene Is Shifted

Norfolk, Va., Angle Seems To Have Faded Out Of Picture Now

By EDWARD B. LOCKETT
International News Service Staff Correspondent

NORFOLK, Va., May 12.—Tidewater, Va., which has played an important part in the nation-wide hunt for the kidnaped son of Col. and Mrs. Charles A. Lindbergh, seemed out of the picture today.

John Hughes Curtis, now working off Long Island, N. Y., has promised fellow associates he would bring the baby back here if he secured it, but there was nothing to indicate definitely either that he would get the child or that if he did he would be able to bring it to Norfolk.

The yacht Marcon, owned by Col. Charles H. Consolvo, hotel magnate of Norfolk, Richmond and Baltimore, which has been used in the negotiations for the past two weeks, was today in Curtis' boatyard awaiting repairs to a loose muffler.

Her skipper, Captain Frank N. Lackmann, was confident she would be used again in the Lindbergh baby hunt, but said she would probably be under repairs all of today and probably part of tomorrow. He apparently does not expect that the boat will go out again until Saturday at the earliest.

WHEN TEETHING makes HIM FUSSY

Teething time brings its troubles! For so often teeth cut through the tender gums in hot weather, when there is danger of digestive upsets anyway.
One of the most important things you can do to make a teething baby comfortable, is to see that waste matter is carried off promptly and regularly.
For this, there's nothing like Castoria. It is made specially for the delicate needs of babies and children. It acts so gently, you can give it to young infants to relieve colic pains. Yet it is always effective—keeps older children well regulated.
Castoria is a harmless vegetable preparation; it contains no harsh drugs, no narcotics.
When your baby is fretful and feverish with teething or a stomach disturbance, give a cleansing dose of Castoria to make him comfortable and happy. Children like the taste of genuine Castoria—never object to taking it. Be sure you get it with the name Chas. H. Fletcher on the package.

ENGLAND REVERSING TACTICS TOWARD U. S.

"THE United States is all right," Lord Rothermere's Daily Mail of London, Eng., said in a full page editorial yesterday, contrasting with the recent indirect anti-dollar campaign which the newspaper carried on with other British papers. Lord Rothermere signed the editorial.

"The time may be closer at hand than many people yet believe when the two great Anglo-Saxon nations will lead the rest of the world in the path of economic recovery," the editorial said.

"They are equipped in every respect to render this historic service to humanity."

The Daily Mail made a sweeping acknowledgment of the United States' resources and capacity to overcome difficulties and said there was no likelihood that the gold standard would be suspended.

"I believe we may soon expect the fully justified return of the self-reliant spirit of enterprise which in the past century raised the United States from the level of a small and almost impoverished agricultural community to the greatest industrial nation of the world," the editorial continued.

"I look with complete confidence toward the complete restoration of American prosperity."

The editorial was interpreted in England as part of a widespread trend of thought in Britain that the time has come for the United States and Great Britain to lead the world in economic recovery.

THE NEW FRENCH PRESIDENT

With M. Painleve's withdrawal from the contest, the election of M. Albert Francois Le Brun as the new President of the French Republic was assured from the outset. The assassination of M. Doumer had made anything like a contest unseemly, especially while the dead President was still lying in state at the Elysee. Besides, M. Le Brun, as President of the Senate, might be regarded as the logical successor to one who had not so long since occupied the same position. The post which he now takes is practically non-political, though so resolute a man as M. Poincare could exercise great influence. But the main duty of the President is to represent the Republic on occasions of ceremony, holding an even balance among conflicting parties. National politcies are determined by Ministries.

A new Parliament comes into being on the first of June, and until then the present Tardieu Ministry will presumably hold over, performing only perfunctory duties. There is no apparent reason to doubt that M. Herroit will be M. Tardieu's successor as Premier. He represents the largest group on the Chamber, and he will probably draw to his support a sufficient number of smaller groups to make his position secure for the present. It is an unfortunate feature of French political life that the bloc system should be so firmly established that Ministries can live mainly by playing one bloc against another.

The new President, who has had an honorable if not a distinguished career, will take office with the good will of all parties. So far as he is able to exercise influence, it will undoubtedly be on the side of moderation. Perhaps it would be premature to anticipate an era of good feeling. M. Herriot, like Browning, "was ever a fighter." But in the present state of world affairs he may count upon a fair measure of national sympathy, though the attitude of the Socialists will have much to do with his tenure of office.—Philadelphia Inquirer.

DRIVERS—MALE AND FEMALE

That moot question whether women drivers are more careful and more accident proof than men in reopened by records of an accident insurance company dealing with 7,600,000 licensed drivers and their accident records.

While the proportion of women drivers is about one in four, their accident record is from four to five times as good as that of the opposite sex. The ratio of fatal accidents among men as one to every 726 drivers; among women, one to every 3,558. Of non-fatal accidents there was one for every 22 men and one for every 89 women.

Considered alone these statistics make out a good case for the woman driver, but the fact is they prove nothing. Men will read them and still prefer to meet on the highways the vehicle with a man at the wheel.

The figures fail to show the relative mileage of the man and the woman driver; to what extent the proneness of the male driver to go abroad in weather which keeps the woman at home may affect the results, and whether the woman's driving takes her out during the hours of greatest traffic congestion. These are all unknown quantities, yet they are essential to an accurate conclusion.

The fact remains that there are speed maniacs in both sexes, careful drivers and careless drivers in both trousers and skirts, thoughtless drivers and thoughtful drivers on both sides, but when it comes to a tight squeeze the man is better able to come through without a scratch.

"ELECTRICAL" SURGERY

Primitive surgery was more butchery than mercy. Without anaesthetics and with only crude tools to work with, and with an even cruder knowledge of anatomy and surgery, the early surgeons were more successful in torturing their "victims" than in saving life, and the people of their times were justified in looking upon them as little better than leeches and blood-letting barbers.

Today the surgeon is a true messenger of mercy. He saves lives as a matter of course and his operations are performed without pain and suffering. And yet he is constantly improving upon his science.

In days when surgery was cruel, the surgeon depended on fire to check the flow of blood from a crude operation, cauterizing the wound for lack of knowledge of better methods. In a sort of cycle surgery has come back to this means of preventing bleeding, but the red-hot iron is replaced by a low-frequency current of electricity which rapidly coagulates the blood in veins and arteries and in a measure heals the wound as it is made.

This new discovery makes possible the use of the electric "knife" in both making and healing the incision. If it comes up to expectations, it promises another major victory for the art and science of surgery by removing much of the danger following the actual operation.

All Of Us

I Said I Was "Tolerant"
But Someone Abused My State
And I Blew Up

By MARSHALL MASLIN

I said to myself:

"I'm free. I have no narrow provincialisms. I love the whole earth. I can find something beautiful, something worth loving, in every corner of it where I may happen to be. That's me—broad and fair-minded—a citizen of every state. Like Walt Whitman, citizen of the World, citizen of the Universe."

* * *

"No little citizen, me. Maine woods, broad Mississippi, Texas cattle land, Kansis field, New Mexican desert, deep-burrowed Montana, green Oregon, tall Sequablas of California—all mine, whether seen or still to be admired. Others may be narrowly patriotic over their little niche in the earth, over their own familiar edge of creation, rooted in their own soil and forever antagonist to all that is faintly foreign. Not me—I'm free!"

* * *

That's what I felt and was enormously proud of my breath of mind, of my maturity. How splendid it would be if all were like me!

And walked down the street and met a man who began to criticise my state. Never mind what he said. Details are not necessary. He came from another place and wished he were there instead of here. He did not like the trees nor the flowers nor the color nor the texture of the landscape. It was hateful to him, it was foreign and repulsive...He explained in short words, his aversion for my own state, for my soil...Did I keep myself calm? Did I think to myself,, "The man is homesick and that's why he talks as he does. Even when he's home he is probably unhappy. Let him rave, what on earth does it matter?"

No, I didn't. The hair rose at the back of my neck. A low growl crept up within me and he might have heard it. Something within me sneered, I fear...A stranger knocking my home state! Daring, a visitor, to say such things. I, who had been so free, felt like a flag flying. ...And choked my wrath and diluted it with bitter pity for the stupid fellow and said him a curt good-by and walked, stiff-legged, away.

Where was my tolerance, where was my wisdom, my world-citizenship? Gone, faded, fled...But what did I care? What right had He to abuse my native state?

Just Folks

By EDGAR A. GUEST

HELPLESSNESS

He seemed so solemn sad when he
Came in to tell his grief to me,
And it was on my lips to say
That I had heard that very day
A dozen tales of hurt and woe
From others whom I chanced to know.
But something stopped me, and I stood
And let him talk as best he could.

He was a man I'd never seen,
To me his care could little mean.
I could have sent him off unheard
With but a crisp and cruel word.
Then henceforth he would live as one
Whom I had turned my back upon.
And thinking thus, I heard him through,
Though there was little I could do.

The thing that hurts in Trouble's clutch
Is not that one must do so much
For others worried and distressed,
But that full friendship, at its best,
So very little can bestow
To ease another's weight of woe,
And that so often comes the call
From those it cannot help at all.

IT IS NOT ENOUGH

To have convictions; we must stand by them.
To have faith; we must live by it.
To know the truth; we must govern our lives by it.
To see the right; we must set out to reach it.
To admit our mistakes; we must attempt to right them.
To be on the move; we must move in the right direction.
To be active; we must be doing something.

A few minutes of gentle play now and then is good for the baby. But some of the play commonly indulged in, such as tickling, punching or tossing the child up and down on the parent's knees, tossing him and shaking his bed or carriage, is positively dangerous. For instance, when you tickle a baby he's liable to come back and jork off one of your cars. When you toss a child up and down on your knee, watch out for a swift kick in the shins. Pretend you're going to punch him and watch the little fellow swing a left hook at your jaw. Shake his crib and he'll crown you with his bottle. Toss him up in the air and he'll as likely as not toss you out the window with a jiu-jitsu trick.

This does not mean that the baby should be left completely alone when he is awake. In fact, if you don't keep an eye on him, there's no telling what he'll do. Many a parent has been knocked cold by an empty milk bottle heaved across the room by a fretful babe.

Don't play bridge with baby unless you're pretty good at it. Many a baby has left his parents in a huff because they led with the wrong card. The morning is the best time for playing with the baby. The advantage of it is that you'll be down at the office, hard at work.

New Georgia Senator Wins Praise For Civic Leadership

Head Of Atlanta Journal Credited With Public Service In Many Spheres And Personal Popularity Throughout Country

Appointment of Major John S. Cohen, president and editor of the Atlanta Journal, as United States Senator from Georgia, to fill the unexpired term of the late Senator William J. Harris, is made the occasion for earnest commendation of his services as a conspicuous representative of the American press. Ability and character of outstanding quality are declared to have contributed to his influence, while his zeal for all enterprises in the interest of community and country is recognized.

"Not only is he a citizen of whom Georgia is proud," says the CHARLESTON (S. C.) EVENING POST, "but his outstanding services in many fields of civic endeavor have given him a reputation that extends far beyond the borders of his State, and he is probably one of the most popular newspaper men in the country." That paper records the fact that he has been for years a strong figure in the Democratic party, and that "the Senate will have the benefit of his service during the present extremely important session."

Terming him "a militant editor," the SCRANTON TIMES declares: "By his fellow members of the Fourth Estate, his appointment is warmly received." Pointing to the fact that he "has been Democratic National Committeeman from Georgia since 1924," The Times views him as "one of the most prominent figures in that organization below the Mason and Dixon line," and says as to his career: "Major Cohen comes of a distinguished Southern family. He has been in the Navy, later was an officer in the Spanish-American war, and prominent in educational affairs, helping to found the Lee School of Journalism at Washington and Lee University in Virginia.

"The new Senator," according to the PHILADELPHIA EVENING BULLETIN, "is one of Georgia's first citizens, prominent in his profession as editor and publisher, a leader in politics as a member of the Democratic National Committee, a patron of every cultural interest in his city and State, and a prime mover in all enterprises of civic progress and improvement. He is of the manner of men who achieve success so consistently that it comes to be expected of all that they undertake. Major Cohen's appointment will recall the days in a past generation when Henry W. Grady electrified the nation with his eloquent interpretation of the mind and purpose of the New South, which he served so ably through his newspaper as well as at Washington and in the messages he carried to Northern audiences. The new Georgia Senator is a worthy representative of the newspaper influence in the new and progressive South."

Associates on the staff of the ATLANTA JOURNAL, in the absence of their chief, offer to the public an intimate view of the editor and Senator, and in the course of their fine appreciation they state: "The public knows the new Senator as one whose life has been devoted to the upbuilding of his city and commonwealth and country, to the advancement of Democratic ideals, to the fostering of good will and good works. But we know as a human personality, which is at once the surest and the severest test by which a man can be measured. That he is faithful to his every trust from the least to the largest; that he combines chivalry with courage, tolerance with convictions, and common sense with breadth of outlook; that he loves Georgia with the deep and quiet patriotism of one whose forbears shed their blood for her freedom and dedicated their lives to her good; that he has more of strong gentleness and Christian charity than any man it has been our fortune to know; and that he will regard the high honor which now comes to him, not as a personal tribute, but as a public obligation, thinking, as always, first of his duty and last of himself—this is the simple truth of Major John S. Cohen, as long years have revealed him to The Journal staff."

Friends and admirers will be pleased by this recognition of a man of great charm and ability, whose political strength in his State has been conspicuous for a number of years," states the BIRMINGHAM AGE-HERALD, with the comment on the short period he has to serve, that "when one dons the toga for a limited time, the future has no perturbations and the present is a path of glory." Looking forward to a warm battle for the post on the conclusion of Major Cohen's term, The Age-Herald remarks: "Gov. Russell is preparing to land the permanent possession of this senatorship. He has been a veritable Henry of Navarre in Georgia politics, but his mettle will be tested severely in his next encounter by the quality of his leading opponent, Charles R. Crisp, a veteran congressman, who has recently won the favorable attention of the nation. This contest bids fair to be both colorful and gruelling."

"Senator Cohen has a keen sense of public responsibility," declares the ATLANTA JOURNAL OF LABOR. "As Democratic National Committeeman he has served his party in a commendable way, preserving harmony and unity and bringing to the national councils a degree of wisdom that has been unusually strong. In his relations with the public, whether in private business or political fashion, he has been honest and fair. His co-workers of the Atlanta Journal know him as their friend. He will make a good Senator. He is not unknown at Washington and will not go, therefore, as a stranger to our national capital. There he has been known and respected for years. Neither is he a stranger to national problems and questions, and is fitted to enter immediately upon his duties as a Senator. We predict that he will make a most worthy successor to that great Georgian, William J. Harris."

Placing him "in the front rank of that clear-visioned leadership which has been directing the thought and energies of the South," the NASHVILLE BANNER remarks that "though national in his viewpoint of the duties of citizenship and journalism, his inheritance of distinguished Southern ancestry, his birth and residence in the South, the scene of his life work, easily account for the circumstance that he has striven so earnestly and effectively from early manhood to the years of his present maturity for the upbuilding of the fortunes and laying broad the foundation for the expanding destiny of the Southern States."

The World AND THE Mud Puddles

BETTER HISTORIES NEEDED

History instruction in South America is giving educators serious concern and efforts are being made to meet a situation that is widely recognized as demanding a remedy.

There are two chief problems. The first is the lack of satisfactory text books, and the second the general belief that a great many school books dealing with history are inaccurate, partisan and frequently misleading.

A recent investigation shows that in forty Latin American universities, history text books are not used, either because those available are inadequate or because they are under suspicion. In these universities, history classes consist of oral instruction, it being left to the teacher to provide his pupils with the best information possible.

Egg Laying Now At Peak

Average 900 Pheasant Eggs A Day At Jordan State Game Farm

MANY THOUSAND TO BE HATCHED AT FARM

With an immense production of over 900 pheasant eggs a day, the laying season at the Jordan State Game farm is at its peak. On one day this season 1,024 eggs were laid, the highest number ever reached in one day at this great propagation farm.

Superintendent V. T. Warfel and his assistants have a tremendous task on their hands and are kept hurrying every hour caring for the ringnecks in the fields, gathering, packing and setting eggs and welcoming the hundreds of pheasant chicks who are arriving daily.

To date 15,600 eggs have been laid by the pheasants in captivity. Of that number, 6,103 were laid during the week of May 1 to 7. Since the laying season got underway there has never been less than 900 a day.

Thousands of the eggs are being packed and sent to various parts of the state. Thousands of other eggs are being arranged in little nests where they are hatched at the game farm by ordinary barnyard chickens.

Superintendent Warfel this morning informed a News representative that 9,600 eggs have been set at the farm to date and the setting will be continued until a grand total of 23,000 eggs is reached. That is to say, 23,000 eggs will be hatched at the game farm, most of the live chicks to be shipped out when they are from 6 to 8 weeks of age. The superintendent estimates that between 75 percent and 80 percent of the eggs will hatch, producing about 17,000 baby ringnecks. Of this number, 2000 will probably be kept at the farm for next year's breeding and the rest will be shipped through the state. There will undoubtedly be some loss of chicks before they reach the age necessary before they can be sent away.

Already this season 2,500 eggs have been packed and sent to state game refuge keepers, and 3,500 have been sent to interested sportsmen who will hatch and turn them loose in the fields.

Egg laying will keep at the same high level it has been achieving these past two weeks until the first of June when it will commence declining. All that can be handled will be hatched at the game farm. Excess will be shipped in egg form.

The Jordan State Game farm covers several hundred acres, is one of two in the state of Pennsylvania, and is located one mile from Harlansburg, Lawrence county.

The Wednesday evening services in the Gospel Tabernacle of the Christian and Missionary Alliance took the form of a reception for the new pastor, Rev. Clarence Westover, and his wife, and was in charge of the elders of the church.

John Lewis was in charge of the program and gave the address of welcome after which a quintet of elders—James Cann, W. S. Dufford, John Lewis, C. W. Drish and Dan Pitzer—sang a hymn from one of the books used when the Alliance was first organized. They sang "Yes Our Lord is Coming Back Again" and "How Sweet is His Name."

An old-fashioned class meeting was held and each elder spoke briefly, after which John Lewis sang a solo and the elders gave a brief history of the early days of the Alliance in New Castle and welcomed Rev. and Mrs. Westover most heartily.

An informal hour of fellowship ensued and during this time a beautiful corsage was presented to Mrs. Westover by William Gamble, president of the young people's organization, and the meaning of each "flower" in the beautifully arranged bouquet was explained by Joseph Jenkins. When Mrs. Westover removed the tissue covering it was found the flowers were vegetables.

The honored couple were then escorted to the basement of the church where the congregation had arranged their gifts for the event and it required a small truck to take the offerings to the home of the pastor.

Ask for the new Sinclair Regular, stepped up 70%—use it for 30 days and see the difference.

Free Night School Is Planned Here

Will Be Started In Fall At North Street School Building

In an effort to help train some of the unemployed young men and women of the city, the New Castle schools will open a free night school in the North street building next fall, following the action of the board Wednesday evening.

Dr. C. C. Green, superintendent, said to the board that it was his opinion that in these times of unemployment, many young men and women could aid themselves by study in night schools, in order to be prepared for better jobs when business returns.

The classes will be held in the North street school and the teachers will donate their services free. There are many second hand books in stock which could be used, so that the total expense of the classes will be the light, paper and pencils used.

Dr. Green had already put the matter up to the teachers of the schools, asking if they were willing to donate service in the classes. One hundred and fifty of the New Castle teachers have offered to donate one evening per week free as instructors in the classes.

The board endorsed the idea and arrangements for opening the school next fall will be made.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931 C. M. Co.

Scout Executive Herbert Horton, writing to the council's scoutmasters in his "Lawrence Lookout", official publication, says this:

"Coming into the contest as a dark horse, Veteran troop 18, with R. F. Davis as acting scoutmaster, nosed out Veteran troop 5, four-year county champs, by 2-10 of one per cent, there being only 5.20 per cent difference between the leaders and the troop taking last place. It can be seen how close the race was."

SET JAMBOREE DATE

County Committee Organization Talk

Two Factions Within The Party Are Lining Up Support For Candidates

Political interest in Lawrence county for the time being seems to be centered in the coming organization of the Republican county committee. Leaders of the old line faction and the progressives are seeking aid in the election of a chairman. Old liners appear to have centered on W. A. Brown of Wampum for chairman. Mr. Brown has been treasurer of the committee for a number of years.

According to the latest reports State Senator George T. Weingartner may be the candidate of the progressives. Mr. Weingartner is not a regularly elected member of the committee, but under the rules the chairman need not necessarily be a member. Should it be decided to take a chairman from the committee, it is said that Harvey Milholland will likely secure the support of progressives. Mr. Milholland is a member of the committee in the sixth precinct of the second ward.

No information has yet been given out as to when the committee is likely to meet for organization.

Ohio Marriage Licenses Add Considerable Revenue To County Treasury

Lawrence county is reaping considerable remuneration from marriage licenses, issued to Ohio couples since the new marriage license law in Ohio, requiring five days' notice of intention went into effect. Often as high as a dozen Ohio couples come here in a day for licenses. The marriage license fee is $2.50. Of this amount the county gets $2 and the state 50 cents.

In addition to being an advantage to the county, Lawrence county ministers, aldermen and justices of the peace are benefitted as the law requires that the couple be married in Pennsylvania.

The holdup men were described as follows: No. 1. Had on sweater and a cap, while No. 2 was wearing a light suit and a cap.

Children Trampled By Unruly Crowd At Doumer Funeral

(International News Service)

PARIS, May 12.—A crowd of half a million people which had gathered in the square in front of the Pantheon to hear funeral services for President Doumer became unruly and got out of control of police today.

Four children were trampled and scores swooned as people tried to get within hearing distance of the Pantheon steps and the loud speakers. There were numerous fist fights.

Finally the tank corps, without their tanks, were called out to control the crowd.

As the body of the slain president arrived at the Pantheon a woman shouted:

"Down With Russia!"

The crowd immediately took up the cry, whereupon police rushed in and seized the leader of the group.

The unruliness was kept up until Premier Andre Tardieu mounted the Pantheon steps to deliver the nation's official eulogy, whereupon the crowd quieted down and listened attentively.

LONDON, May 12.—Underwriters are investigating an insurance policy of 37,000 pounds taken out in London by a Dutch firm 11 months ago on the life of Paul Doumer, assassinated president of France, the Daily Telegraph said today.

(The amount of the policy at the time it was taken out represented about $180,000 in American money).

The investigators were particularly interested, the Telegraph said in the fact the policy specifically covered the possibility of assassination, and benefited only the firm and nine relatives of M. Doumer.

Cruelty Charged To Deputy Game Warden

Said To Have Grabbed Dog By Hind Legs And Beaten It

BADEN, Pa., May 12.—Said to have brutally beaten a dog by holding its hind legs and dashing its head against the ground, after snatching it from the arms of a little girl, Deputy Game Warden A. B. McVicker of Harmony township, was fined $20 and costs at a hearing before Justice of the Peace A. C. Gentis, on a charge of cruelty to animals.

The information against McVicker was made by Mrs. Mary H. Ross who, with a delegation of indignant Baden women, testified in behalf of the prosecution.

McVicker, according to the testimony of witnesses, seized the dog from the arms of a little girl in Virginia terrace, where he had been summoned to remove a stray dog to the pound, and handled it brutally when the animal snapped at his fingers. After battering its head against the ground, witnesses said, he threw the animal in his car and slammed the door against its legs. The injured dog, a small terrier, was produced at the hearing where it displayed fear of the game warden.

Senator Quinn To Wed Wealthy Girl

State Senator Quinn Will Wed Rich Girl, But It Isn't Miss Doris Duke

(International News Service)

NEW YORK, May 12.—State Senator Elmer F. Quinn is to marry an heiress, but she is not Doris Duke, called "the richest girl in the world."

Statements of any number of friends of Quinn that he was engaged to Miss Duke caused publication of the news, which was later denied.

The heiress' mother, Mrs. James B. Duke, said at their residence, E. 78th St.:

"Neither my daughter nor I has had the pleasure of meeting the gentleman. In fact, we have never heard of him. It is customary in instances like this for the young lady and the young man to announce the engagement."

Quinn, however, did not make the announcement. Nor did he deny the report when it was told to him. Rather, the entire story was due to political friends who stated positively that the heiress in the Senator's life was Miss Duke, who inherited a $53,000,000 estate.

Just who Quinn's future bride is could not be learned, although it is known that she is the daughter of an investment banker.

Mellon Appears In Evening Dress

Does Not Follow Custom And Wear Knee Breeches At Ceremony

LONDON, May 12.—A thousand debutantes of all lands, wearing gowns that will be preserved for decades, and Ambassador Andrew W. Mellon, following General Chas. G. Dawes' example by wearing ordinary evening dress, were presented last night to the British royal family in the Gold Throne room of Buckingham Palace.

Among the debutantes and matrons were 13 Americans, including Mrs. David K. E. Bruce of New York, daughter of the ambassador, who will conduct the American presentations in the remaining three courts of the season. Eight more American debutantes and matrons will be presented today.

Ambassador Mellon kept the attire he would wear secret until his departure from the embassy, when he was finally disclosed in the usual claw-hammer coat, long trousers and white tie. He had considered wearing short breeches, but he was questioned so often on this that after fretting all afternoon, he finally decided that discretion was the better part of tradition.

CONVICTS COMPLAIN OF LACK OF WORK

(International News Service)

PARIS, May 12.—Prisoners of the French penitentiaries are out of a job.

It is the same old story—overproduction.

The output of prisons of all kinds of merchandise aroused the protests of legitimate merchants and industrialists so the order went out to make the prisoners cease working.

Wardens say convicts are complaining about the idle hours they spend in their cells. Some of the prisoners are being given part-time jobs for good behaviour.

The freak's twin is normal and large for its age.

Scientists Successful In Correcting Nature's Failure To Create Alike

Scientists Can Now Make All Men Free And Equal With New Experiment

Extracts Of Pituitary Gland Used To Correct Development Of Abnormal Persons

By LEIGH MATTESON
International News Service Science Writer

NEW ORLEANS, May 12.—Successful scientific efforts to correct nature's failure to create men free and equal were reported today to the American Medical Association.

The efforts were based directly on recent important discoveries about the ductless glands. It is found they not only initiate the development of adult sex characteristics but also fix generally the quality of mental and emotional responsiveness.

Treatments of 25 abnormal or subnormal children were reported by Drs. Louis A. Lurie and J. Victor Greenebaum, of the Psychopathica Institute of Jewish Hospital and the United Jewish Social Agencies, Cincinnati.

Eighteen Abnormal

Eighteen of the youngsters were abnormal in behavior and were headed for jail or corrective institutions. Fifteen of these were completely reclaimed for society and established with normal emotional and mental characteristics by treatment with extracts of the pituitary gland, a small mass of tissue at the base of the skull.

The crucial series of cases is believed by experts in physiology to pave the way to the day when physicians may be able to make every young human being, especially those victims of minor types of mental and emotional sluggishness, grow to the full spiritual and emotional height consistent with their heredity and advance toward a genuine physiological democracy where people are free from emotional defects and equal in general intelligence with the average run of other persons.

All the cases reported by the Cincinnati physicians were the result of improper functioning of the pituitary gland, but they assert that other emotional, mental and physical disorders of childhood are the result of deficinecy of other glands of the endocrine system.

The mental and emotional rehabilitation of the youngsters was accomplished by giving whole pituitary body extracts by mouth daily and subcutaneous injections of the anterior lobe extract, as the cases warranted. The pituitary gland produces two kinds of hormones, or chemicals, which are thrown into the blood stream. One kind is produced by the front portion and the other by the rear, or anterior, lobe.

Youth Is Cured

One of the most remarkable cures effected was with a boy, identified as H. S., who came under observation at the age of 11. He was a failure at school, a delinquent at home, stole relatively large sums of money from parents, relatives and friends, and had a decidely effeminate appearance. After two years of treatment with pituitary extract he is now normal in every respect, scorns opportunities to steal money, has lost his girlish appearance and is mentally and emotionally alert.

Similarly a six-year-old girl was raised from a decided state of infantilism at the age of five until now, at 11 years of age, she is ahead of girls her own age in school work and behaves normally in every respect.

Soviet Requests 'Loan' Of Services From Scientists

By KENDELL FOSS
International News Service Staff Correspondent

MOSCOW, May 12.—Designed to test the loyalty to the new regime of Soviet Russia's scientists, a new and extraordinary loan has just been issued which will be known as the "All-Union loan for propaganda in science and technique."

Shares in this loan can neither be bought nor sold, pawned, transferred, nor exchanged. Once you have a share, it is yours until the unspecified day of redemption. The loan is issued by the Association of Red Scientists and comprises 50,000 shares. According to the latest available figures there are 50,000 scientists in the U. S. S. R. Each scientist can thus have a share. Shares are not bought for cash but for time. Thirty working hours in the laboratory is the price of one share.

"This loan is meant to show the political color of the scientific workers and their willingness to participate in the struggle for a new communistic world and the creation of a classless society," explained Comrade Keller, chairman of the Scientists' Association and director-in-chief of the loan.

All scientists will be approached as to whether they wish to take up their share. They will.

Rosendahl Wins Congress Praise

Commander Of Akron Airship Praised For Taking Ship Through Severe Storm

EXONERATED FROM BLAME IN DEATHS

(International News Service)

WASHINGTON, May 12.—Lieut. Com. Charles E. Rosendahl, commander of the navy dirigible Akron, today was hailed in congressional circles as a hero by taking the giant airship through violent storms to the Pacific coast.

Exonerating Rosendahl of responsibility for the tragic deaths of two members of the ground crew at Camp Kearney, San Diego, members of the house naval affairs committee who investigated the Akron's construction, emphasized Rosendahl's ability and courage in preventing a wreck of the ship.

"It probably is due to his great skill and courage that the Akron successfully crossed the Rocky mountains in a severe storm and was finally tied to what might be termed a temporary mast at San Diego, without the slightest mishap to the great ship itself although everybody is sorry to hear of the two fatalities which occurred thru the inexperience of the groundmen," said Rep. Britten of Illinois, ranking Republican on the naval affairs committee.

CALL OUT RESERVES FOR MISSING COW

(International News Service)

SAN FRANCISCO, May 12.—Metropolitan police recently obtained a whiff of the great outdoors, so to speak, when a message was sent over the state police teletype system asking officers to be on the alert for a Jersey cow which was "on the prowl" somewhere in California.

News of the missing cow was sent out by Sheriff Ernest T. Shay of San Bernardino county.

Local officers said they would "cow-operate" to the best of their ability.

"Prince Michael," known to his parents as Harry Gerguson, ex-pants presser, claims to be an American citizen. He arrived as a stowaway on the Ile de France and escaped from Ellis Island by slipping away from his guard while on a privilege visit to New York. He was picked up and ordered deported. On his arrival in France "Prince Michael" faces a year in jail and then deportation. But where to go?

First Telegraph Line Constructed Hundred Years Ago

On May 14, 1832 aboad the slow sailing packet "Sally" Professor Samuel F. B. Morse, conceived the plan of sending messages over wires by electricity. It was not until 1844, however, that sufficient money was raised to build the first telegraph line. In that year Morse sent his first message over his wires from Washington to "Baltimore by the hand of Annie Ellsworth." It read "What hath God wrought?"

"This idea has been called the most important one ever conceived in the mind of man." Certainly it has been far reaching in its efforts. Following along behind it through the century has come the telephone, wireless telegraphy, the radio and television."

"Today telegraphic methods are vastly improved and simplified, and instead of using the Morse key, a majority of telegraph offices employ typewriters that telegraph messages over the wires at the speed of light 188,000 miles per second. Modern communications experts have now developed a method under which 48 simultaneous messages may be sent over a group of 4 wires, making it practical to increase by five times the ordinary wire capacity.

MIMEOGRAPH MAY BE USED

New Plan Of Printing School Papers Is Suggested To School Board

In place of printing the various forms and school papers in the New Castle system the coming school year, it is possible that this work will be turned out on mimeograph machines. F. J. McLaughlin appeared before the school board on Wednesday evening and demonstrated some of the work possible on a mimeograph and said that inasmuch as the schools had mimeograph machines, all that was needed in the way of additional equipment would cost less than $175 and the schools could effect a large savings.

A committee will investigate the possibilities of mimeographed forms for the schools instead of printing.

Noted Publisher Called By Death

W. O. Smith, 72, Punxsutawney, Pa., Publisher And Former Congressman, Dies

(International News Service)

CLEVELAND, May 12.—W. O. Smith, 72, one of Pennsylvania's best known publishers, died in Cleveland Clinic hospital today following a brief illness of uraemia and pneumonia.

Smith, editor and publisher of the Punxsutawney, Pa., "Spirit," served in that capacity for 46 years. In 1885 he established the Punxsutawney Tribune and 12 years later assumed the publisher's post on the Spirit.

He was born in Jefferson county and, at 18, was employed in the government printing room at Washington where, two years later, he became editor of the Craftsman, the first trade union paper ever published in the United States.

Smith identified himself actively with political affairs, both state and national. When only 27 he was elected to the Pennsylvania General Assembly and served five consecutive terms. Later he was elected to and served in the 56th and 57th congresses.

Water Spout Takes Cottage For Ride

SANDUSKY, O., May 12.—A water spout which came in from Lake Erie picked up a cottage east of Huron Wednesday and carried it half a mile over the lake, according to its owner, Robert Breckenridge, of Sandusky.

He said the cottage, situated on a point jutting out into the lake, was carried to Cheska Beach, another projecting point, where it was dropped and was wrecked.

No one was in the cottage and no other damage was done.

Severl years ago a number of water spouts were seen off Put-in-Bay, in Lake Erie, but did no damage.

There is a growing suspicion that the list of unemployed includes the well-known Yankee ingenuity.

Bartender Found Water Would Reduce

By LOGAN CLENDENING, M. D.

The mineral water cure for weight reduction was very popular a few years ago.

It seems to have been discovered by a bartender. This gentleman was frequently asked, according to an old custom which was well known in saloon days, by patrons to have a drink with them. Wishing to be polite and not wishing to absorb alcohol quite so regularly, he would take a glass of bottled water. He alternated two different kinds of water, a glass of one and then a glass of the other.

He found that without dieting or exercising he lost weight from 240 pounds to 190, and ascribed it solely to the use of the water. A reputable drug firm, following this lead, put up tablets to make artificial mineral water and sold it for years as a reduction cure. It has not been brought to my attention for some time. But at least it is harmless if anyone wants to try it, and if it works, an easy way to accomplish reduction.

It is possible that many of the reduction cures at watering places are due to this principle.

NOTES AND QUERIES

The Effects of Noise on the Nervous System—"Noise has an effect upon the brain. Morphine and nitroglycerin are known to raise the blood pressure in the brain more than any other drugs; yet experiment has proved that the bursting of a paper bag raised the blood pressure more than either of these drugs, and four times the normal, for seven seconds, and that it did not return for 30 seconds; in addition, there were increased pulse rate and irregular action of the heart."—Dr. Charles Warren.

Mrs. L. W. B.: "I have a breaking out on my leg which the doctor calls shingles. I thought shingles only came on the chest. Is it liable to come back? What can I do to prevent it?"

Answer: Shingles can appear on any part of the body from the head to the feet. One attack confers immunity—that is, the disease does not occur in the same person more than once.

Contracts for the paper, pencils, erasers, art supplies and the like for the coming school year were let by the board Wednesday evening. The prices this year are under those of last year and the total cost of general supplies is $3084.63 as against approximately $5000 last year. Art supplies totalled $483.80 for the coming year. To Name Manager For Cafeterias In Schools Of City

For the purpose of better supervision of the cafeterias in the senior high, Washington and Franklin junior high schools, the position of cafeteria manager was created by the New Castle school board Wednesday evening.

With the abandonment temporarily of the home economics courses in the schools this takes out the teachers who have supervised the cafeterias. Further, it is felt by the board that a manager for the three cafeterias would be a saving both in the purchase of supplies and in the expense of operation. A salary of $900 was set for the job.

Iceland Hopes To Abolish Dry Law

Action Started In Iceland To Abolish Prohibition Law

(International News Service)

HELSINGFORS, Finland, May 12.—Iceland has taken a step to emulate Finland's abolition of prohibition, it was reported today in dispatches from Reykjavik.

A parliamentary commission, it was reported, is preparing a bill to authorize the sale of liquors during certain hours of the day.

The Danish government decreed prohibition in Iceland in 1913, and two years later the Iceland parliament superceded the decree with a prohibition law of its own.

On April 5 Finlands' 13-year-old dry law was abolished in accordance with the result of a referendum in December of last year.

SCHOOL ECONOMY PLAN PRESENTED BY CITIZENS

Committee At Board Session

Suggests Method Of Meeting Need Without Eliminating Teachers

JANITORS' SALARIES ARE UNDER FIRE

Attorney Bryan Reads Report At Meeting Of School Board

Represented by a committee, the group of citizens that held a mass meeting in the Senior High School six weeks ago, concerning school economics, presented a suggested plan to the School Board Wednesday evening, May 11 when the board held its regular meeting.

The plan was read by Attorney J. Elder Bryan who with George Morris and Leonard W. Cramer made up the committee waiting upon the board. The plan follows:

To the honorable members of the School Board for the City of New Castle:

In submitting a plan which it is believed will render unnecessary the elimination of any of the teaching force heretofore employed by the School District of the City of New Castle, or in a substantial reduction of taxes, your attention is respectfully called to the following facts:

First: That the budget shows a net decrease to the janitors' salaries of $2295.00. Whereas, this to the janitors alone is not a decrease but they have actually had an increase of approximately $2190.00. The above decrease shown having made by reducing the wages of the women helpers and by discharging one janitor.

Second: The budget fails to represent correctly the status of the janitors, it leads the public to believe that they are paid for eleven months whereas they are actually paid for twelve months.

Third: That the general salaries have been increased $485.00.

Fourth: That there are discrepancies as to the type of telephone service in the different buildings and that certain economies can be affected by putting party lines into all buildings and service discontinued during the three summer months.

Fifth: Considerable economy could be affected in the employment of the two janitors for trucking and repairing who receive a salary of $3480.00 per year.

Sixth: The Superintendent of Buildings received $2750.00 salary, and $530.00 expenses.

Seventh: General salaries, including secretary, Superintendent's office and clerks throughout the system, have been given no reduction whatever.

Eighth: Substantial actual increases have been given to clerks in elementary schools and in the Senior High School.

Ninth: The Superintendent, who in 1931 and 1932 received a salary of $6000.00 plus $600.00 additional for auto expenses, has been increased to $7000.00, of which he has offered to refund $500.00, which would be an actual decrease from his 1931 and 1932 salary of $100.00, while numerous members of the teaching force have received reductions in salary of from $200.00 to $600.00.

Tenth: The attention of the Board is respectfully directed to the action of the School Districts of Sharon, Erie, McKeesport, Chester, Mercer, Ellwood City and many others. When such other communities have found relief from the problems through a spirit of cooperation it would seem unfair to the taxpayers and parents of the City of New Castle if similar action could not be taken in this city.

Eleventh: It is submitted that a general reduction is now being affected by all industries and businesses, both large and small, in wages and salaries, some already having announced the second reduction recently while others have gone so far as to close their plants. This results from decreased earnings and loss of business, these same industries are the largest taxpayers in this city.

Twelfth: While not believing that the following plan affords the only solution, it is suggested after a thorough examination of all items of the budget that a reduction of ten per cent against janitor's salaries, the Superintendent's salary and all general administration salaries, including clerk hire as of the 1931-1932 basis, would, if coupled with a ten per cent refund on the part of such of the teaching force as have not been affected to that extent by the reductions already made, solve the problem.

Some Discussion

Following the presentation of the plan Mrs. J. C. B. Douthett, a member of the board asked "how much would be saved on teachers' salaries?"

Mr. Morris answered, "about $61,000, of which there has been about $10,000 already saved. The savings on the janitors' salaries would be about $5900."

Mrs. Elliott asked, "have you made any contacts with the teachers?"

Bryan replied by saying, "we can't make any contacts with the teachers in this matter until the board cleans its own skirts in making what reductions it can."

W. W. Duff then explained to Mr. Bryan that he was apparently under a misunderstanding concerning the salaries of janitors. "The janitors will be laid off a month each this summer" said Mr. Duff, "which is nearly a ten percent cut".

Mr. Bryan then asked if their salaries as stated in the budget were for nine months or ten months. He was informed they were for ten months and that they were paid by the month. For the other time they worked in the summer they were paid the same monthly rate.

The report was filed after Acting President McIlvenny assured the committee that the board would consider the report carefully and if any further reductions were possible, they would be made. Later in the evening Mr. Woolcock moved that a committee be appointed to investigate the report and prepare a reply to the committee.

Clarence Ferree's Fund Is Nearing The Amount Needed

Will Soon Be Able To Make Effort To Get To Mt. Clemen's, Mich.

Fund of Clarence Ferree, newspaper and magazine salesman at the city hall corner has now reached $150, through the kind efforts of many friends, who have all given him to the best of their ability and in view of the present general conditions.

This money was given by persons from every walk of life. In some instances it was really needed in the home of the person giving it, but the donor in these instance thought the condition of Clarence was much worse than there on and so gave him the money.

He hopes to get to Mt. Clemens in the near future and get his chance of regaining at least part of his health. Those interested in helping Clarence gain his desired goal of $200, which means that he will be able to leave for Mt. Clemens, Michigan, may give their donations to him.

Fears of a kidnaping led the parents of the girl to have a police teletype message flashed yesterday giving details of her disappearance. Today the couple wired the girl's parents that they had been married in a Maryland city last week. They are expected to return home next week. Whether they will receive the parental blessing was a matter of conjecture.

Mayor Continues To Hold Midnight Court

Mayor Charles B. Mayne has not abandoned the holding of midnight police court, he stated today, and said that each midnight he is on the job ready to conduct hearings, if persons taken into custody by city police are in a fit condition to be heard.

When the mayor assumed office he said he would hold midnight court so that persons who had been arrested for trivial offenses would have an opportunity of being heard and of spending the night at home.

It is not necessary to hold court each midnight. Sometimes there are no prisoners confined in the jail and upon other occasions some of the persons arrested on a charge of intoxication are not sober sufficiently to understand the proceedings.

Perhaps it was all a typographical error. It may be just the usual posterity that's around the corner. —The Detroit News.

Plan Changes In Minor Loop

Weather And Depression Have Played Havoc With Attendance

PLAYER LIMIT MAY BE REDUCED

(International News Service)

CHICAGO, May 12.—Hunting a remedy for the financial ills that have beset the minor leagues of baseball, American Association club owners met here in special session today.

President Thomas J. Hickey summoned the meeting of owners to consider many suggestions pertaining to decreased attendance and the 27 games postponed because of cold and rainy weather.

Of the proposals thus far those considered most seriously are to raise the admission price, play double headers twice a week, Wednesday and Sunday, reduce players' salaries and bar the radio from all parks.

Other suggestions under discussion were to abolish ladies' days and charge women 25 cents for all games, trim the player limit from 20 to 18, reduce the salaries of umpires and start the 1933 season two weeks later than usual.

"Something radical is necessary," said President Hickey. "Bad weather has been the most serious blow, but our average attendance to date is far below that a year ago at this time."

Teachers Requests Refused By Board

Teachers Not Paid For Time They're Away Because Relatives Are Ill

Two requests for payment of salary for time out of the school system were refused Wednesday evening by the school board. The two requests came P. G. Howell who was called away by the illness of a relative and Emmet Gillaspie who was also out on account of illness in the family.

"I do not want to fight this matter out again" said A. C. Hyde, "but we made a set of rules covering this sort of thing and I think we should stand by them. We permitted payment of salary where a member of the immediate family was dead or the teacher himself was sick. I think that is far enough to go."

"The trouble is not with the teachers asking for the salary but lies with the principal who recommends that they be paid in such instances" said W. W. Duff. "I believe we should instruct the principals again that they must abide by the rules of the board."

The pageant, "The Urn of Destiny" was then presented and this gave a story of Citizenship.

A quartet, Mrs. W. D. Fullerton, Mrs. Henderson, Mrs. Harry Thornberg and John Kyle, sang, a number, accompanied by Mrs. Charlotte Emery, who also gave a piano number.

Rookies Hurlers Are Helping Out

Several Big League Baseball Teams Are Fortunate In Having Good Rookies

VETERANS ARE SLOW STARTERS

By LES CONKLIN
International News Service Sports Writer.

NEW YORK, May 12.—Development of a winning young pitcher has kept several league clubs in the running this spring—such hurlers as Monte Weaver of the Senators, Lon Warneke of the Cubs, Buck Betts of the Braves and now Johnny Allen of the Yankees.

Allen, who won 21 games and lost nine for Toronto and Jersey City in the International league last year, was knocked out of the box by the Boston Red Sox in his first start this year, but yesterday he came through in fine style to blank the St. Louis Browns, 3 to 0. He yielded only five hits and did not permit a single St. Louis player to reach third base.

Can Also Hit.

Allen hit a triple and scored the first run of the game. He was aided by his battery mate, Bill Dickey, who made three hits and drove in the other two runs as the Yanks chalked up their fourth victory in succession and gained another half game on the league-leading Washington Senators, who were idle.

Old Joe Shaute of the Brooklyn Dodgers, whose services recently were valued by Manager Max Carey at what seemed to some to be a rather high figure, proved his worth by doing a neat bit of releif flinging as the Dodgers nosed out St. Louis, 4 to 3, in a 12-inning battle. The sweet-singing southpaw held the Cards to four hits and no runs in the last seven innings, winning the duel over Wild Bill Hallahan, who went the route.

Hallahan Whiffs 12.

Hallahan fanned 12 batters but lived up to his nickname by making three wild pitches and walking six men.

Tony Cuccinello drove in four runs including the tally that won. Ripper collins of the Cards took the lead in the home run derby by smacking his eighth four-bagger of the campaign.

Another old-time hurler, Red Lucas of the Reds, turned in his fourth win in five starts by subduing the Phillies, 4 to 1. Cincinnati regaining possession of third place. Lombardi, Hafey and Herman led the attack with two hits apiece. A fist fight between Durocher and Bartell enlivened the contest.

All other contests were postponed because of rain and cold. The unseasonable weather is raising havoc with the schedules of both leagues. The Giants, for instance, already have piled up nine double bills that must be played later.

Star Hurdler Is Also Writer

Jack Keller, Ohio State's Marvelous Hurdler, Wants To Be Sports Writer

DOESN'T CARE FOR PLAUDITS

By FRANK G. MENKE
International News Service Sports Editor

NEW YORK, May 12.—Jack Keller of Ohio State, one of the most marvelous hurdlers the world has known; a hero of heroes, an idol and a disconsolate lad.

All that his sizzling speed and his enthralling style in clearing the sticks have brought do not compensate him for the fact that no editor so far has accepted any of his short stories and no one has yet given him assurance of a job as sports writer when his student days are done.

Wants To Be Writer.

They gave him a wild and thunderous greeting after his return from his golden triumphs in the Penn relays; the newspapers around the land boomed salvos to his prowess; stylists declared that his hurdling form was perfection.

But Keller was in the glooms.

Another story had been rejected.

Since the kid days, Keller has wanted to be a writer. He has no ambition for fame on the track. He ran just because it was first class exercise. He had no teacher in the younger years. His style of leaping the bars, flawless and beautiful to watch, was natural with him.

If Keller, the modest and unassuming, fictionized the story of his own career, editors around the land would break their arms in the mad grab for it. But Jack shouldn't have his hero wanting to be a sports writer. The editors might think the hero was a bit of a dippydilldock.

There's no art to find the mind's construction in the face.—Shakespeare ((Macbeth."

HERE AND THERE IN SPORTS' LAND

Leo Mozdy's return to the flyweight ranks has resulted in several victories for the Polish boy and the last time "out" he turned in a win over the veteran Johnny McCoy.

Tommy Maxwell, former boxing promoter of Erie visited here recently. Maxwell is located in Cleveland. He is a former resident of New Castle.

Ten high scorers at the various state trapshooting tournaments will be eligible to compete for places on the All-American team which will be picked at Vandalia, O., August 24.

Cliff Durant millionaire race driver, will drive for his former chauffeur, Harry Hartz at the Indianapolis speedway, May 30. Billy Arnold will also drive in the 500 mile race.

Bill Dickey took advantage of the idleness of his Big Six hitting rivals yesterday and made three hits in four times at bat against the Browns and now has an average of .409.

Foxx of the Athletics has been at bat 78 times and has an average of .436. Reynolds of the Senators has been at bat 81 times and has an average of .420. Critz of the Giants is fourth with .366. Terry of the Giants and P. Waner of the Pirates are in fifth and sixth place.

Daisaburo, Leslie Keiffer's lone eligible for the $50,000 Preakness, Saturday showed himself to be a mudder of the first water yesterday when he took the Hilltop, Pimlico feature. He won by two lengths. His time was 1:49 3-5.

JUNIOR HIGH MEET FRIDAY

Approximately Sixty Athletes Entered In Local Track Meet

Approximately 60 junior high school athletes are entered in the track and field meet between George Washington and Ben Franklin junior high schools at Taggart field, Friday afternoon, according to Coaches Dan Carroll and Emmett Gillaspie. The meet will start at four p. m. D. S. T.

Carroll has been whipping the George Washington junior high athletes into condition and Gillaspie has been preparing the Ben Franklin junior high athletes.

County League Games Friday

Three games will be played in the Lawrence County High School Baseball League Friday afternoon, it was announced today.

The games are as follows:—Shenango at Bessemer, New Wilmington at Union, Wampum at Princeton. There is a lot of interest being taken in the league this season and the school boys of the county are putting up quite a battle for the championship.

East Brook and Wampum seem to be the main teams and the fight for the title will be between these two teams, it is indicated. Wampum in Ralph Ferrucci have one of the cleverest pitchers in the league, while Betka is one of the reasons for East Brook being up there. Bessemer also has a rather strong team this year, and must be reckoned with.

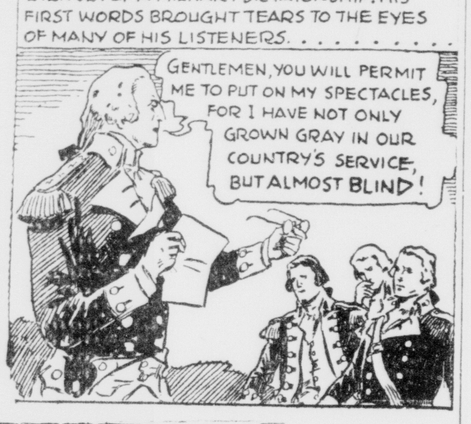
HIGHLIGHTS OF HISTORY

By J. Carroll Mansfield

George Washington
No. 76. The Newburgh Address

SEEING A THREAT OF SERIOUS OUTBREAKS IN THE INFLAMMATORY ANONYMOUS LETTER CIRCULATED THROUGH THE CAMP AT NEWBURGH, WASHINGTON ON MARCH 11, 1783, CALLED A MEETING OF HIS OFFICERS AND MADE A STIRRING APPEAL FOR PATIENCE, CONFIDENCE AND LOYALTY. —•

HE KNEW THAT THESE OFFICERS LOVED HIM, BUT HE FEARED THAT IN THEIR DISTRACTED STATE OF MIND THEY MIGHT BE LED TO ATTEMPT TO OBTAIN REDRESS FROM CONGRESS BY FORCE OR EVEN SET UP A MILITARY DICTATORSHIP. HIS FIRST WORDS BROUGHT TEARS TO THE EYES OF MANY OF HIS LISTENERS. . . . . .



IN THE MOST DRAMATIC SPEECH OF HIS CAREER WASHINGTON BEGGED HIS OFFICERS TO REMAIN TRUE TO THEIR SACRED TRUST AND NOT BE SWAYED BY AGITATORS WHO SOUGHT "TO OPEN THE FLOODGATES OF CIVIL DISCORD AND DELUGE OUR RISING EMPIRE IN BLOOD." —•

WASHINGTON'S SPEECH HAD THE DESIRED EFFECT. WHEN HE HAD FINISHED SPEAKING, HIS OFFICERS CROWDED AROUND HIM WITH ASSURANCES OF THEIR LOYALTY AND UNWAVERING DEVOTION TO THE YOUNG REPUBLIC. —•

FORLORN FIGURES

Papa thought it was awfully nice of Mama to let him rest on the davenport after supper until he discovered her collecting his small change that fell between the cushions.

NEW YORK STOCKS

Trading In Market At Slow Pace Today

(International News Service)

NEW YORK, May 12.—The rails upset the stock market today, both N. Y. Central and Atchison going to new bear market lows, along with Baltimore & Ohio and Southern Pacific. Union Pacific displayed a nervous tone due to the directors' meeting today and predictions that the $10 rate would be cut liberally.

United Aircraft, Bendix and American Tank also dipped to new low levels. Leaders like U. S. Steel and American Telephone were heavy. Oils were reactionary after an early flurry.

Reduction in the Bank of England discount rate of 2½ per cent was ignored as was the liklihood that this would bring a cut in the rediscount rate here after the close.

Pressure on rail obligations brought an irregular tone to the bond market. Wheat failed to carry through yesterday's strength and lost nearly a cent a bushel. Cotton was easy.

Trading in the market was at the same slow pace as has prevailed for some time and there was no great selling pressure.

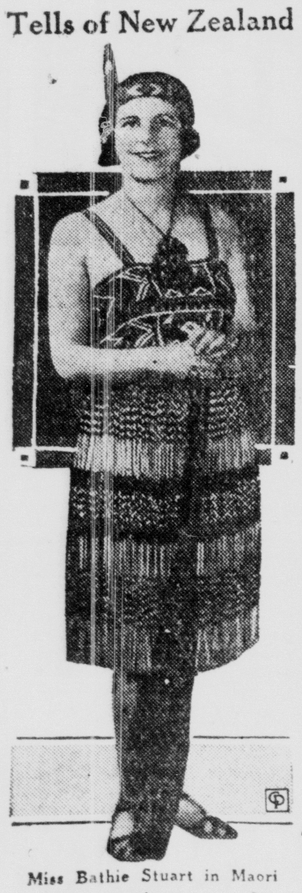
Tells of New Zealand



Miss Bathie Stuart in Maori costume.

Miss Bathie Stuart of New Zealand is sponsored by her government in the series of lectures she is giving in the U. S. Women in New Zealand, both Maori (native) and white, have been voting since 1893, but no woman has yet served in either house of parliament, Miss Stuart says. They are principally interested in welfare work for the reduction of infant mortality, which, taken in comparison with the birth rate in the country, is the lowest in the world, Miss Stuart states.

WARDEN IN 1929 RIOT FOUND INCOMPETENT

(International News Service)

DENVER, Col., May 12—F. E. Crawford, warden of the Colorado state penitentiary at Canon City during the prison riots of Oct. 3, 1929 was "incompetent, inefficient, negligent, imprudent tactless and addicted to the use of intoxicating liquors."

This was the decision of Judge J. C. Starkweather, handed down in district court here recently. The decision was brought about when Crawford's dismissal by the state civil service commission was taken into court by the attorneys.

The dismissal of Crawford came as the climax of a series of investigations growing out of the riots in which 13 lives were snuffed out in one of the bloodiest outbreaks in recent years.

Wins tho Blind

Although he is blind, William Lohr, boy scout of Utica, N. Y., has overcome his tremendous handicap to such an extent that he has earned 20 Boy Scout merit badges and lacks but one to win his degree as an Eagle Scout—the highest honor. The one badge William lacks is in bird study, the rules providing that he must see and recognize the birds in order to win it. However, scout officials may let him earn the badge by identifying the bird calls.

GENEROUS ROBBER GIVES AWAY HIS LOOT

(International News Service)

MARION, O., May 12—Most people can't be very philanthropic on $200, but A. H. Landrum, 55, unemployed laborer, was an exception.

"I gave the rest away," he told police.

DERBY WINNER MAY BEAT RECORD OF GREAT SIRE

Burgoo King, Colonel E. R. Bradley's Kentucky Derby winner, has followed faithfully in the hoofsteps of his great sire, Bubbling Over, 1926 Derby winner, but now may excel his famed ancestor by winning the Preakness Stake, Pimlico, Md., classic, an honor that escaped Bubbling Over, which also ran under Bradley colors. Burgoo King's Derby win made Colonel Bradley the first owner to have three Derby winners and also was the second time in the history of the Kentucky classic in which a son followed a sire as winner. By winning the Preakness, Burgoo King has an excellent chance to give Colonel Bradley the honor of being the year's leading owner in purse winnings for the first time.

Captured Sans Mustache

Known to his intimates as "Prince Mike," and to his parents as Harry Gerguson, ex-pants presser, this sleek young man is shown just as he was gathered into the arms of Uncle Sam for deportation. Though he claims to be a royal Romanoff, Gerguson was held at Ellis Island when he tried to enter the United States. He escaped and had a shave, but his disguise was futile. He's back again and this time he's labeled for Europe.

Kid and Ken Are Good Pals

Rarely does one see the austere czar of organized baseball in such an affectionate pose as that shown here. Judge Kenesaw Mountain Landis (right) is shown as he greeted the veteran Kid Gleason, coach of the Philadelphia Athletics, when the latter returned to the diamond after an illness that had incapacitated him for some time. Photo was made at Shibe Park, Philadelphia, when the Athletics met the Cleveland Indians.

Inventions Are Made Mostly By Accidents

Inventors Merely Stumble Onto Something And Then Invention Follows

For Instance, Doctor Fixes Up Drinking Water Device To Please Patients

By MARGARET LANE
International News Service Staff Correspondent

NEW YORK, May 12.—How do inventors invent? By accident, mostly, if the truth were known, or by having to find some quick way out of a difficulty.

The exposition of patents in Grand Central Palace, New York, is not full of professional inventors, but ordinary, everyday people who have somehow hit on a new way of doing something, and suddenly found themselves with an invention.

New vistas open before them; they have the proud privilege of an exhibitor's badge; they sit all day long beside their screw, or bottle opener, or baby pacifier, modestly awaiting for public recognition, and ever after can casually refer to "my invention."

Doctor Has Invention

There is a patent device for fixing a cold watertap, for instance, which sends the water up in a little drinking fountain, and miraculously changes the flavor of the water to anything you desire, merely by hiding a little soluble pill in the inner part of the invention. This was invented by Dr. Sverre Quisling, of Madison, Wisconsin, because the patients in his waiting room made themselves such a nuisance by always interrupting him to ask for a drink of water.

"They got nervous waiting for a consultation, and nervousness made them thirsty," he said in an interview yesterday, "and they constantly put their heads round the consulting room door to ask me for a drink. I just thought this out as away of giving them an improvised drinking fountain from an ordinary tap, and the idea of flavoring the drink came along after."

Used Extensively

Now the little attachment is used in many waiting rooms, and carried round in the pockets of people who suffer from thirst at inopportune moments.

Mr. Herman Kasindf, Brooklyn, has a baby, and that baby, like others of its kind, has a habit of throwing its toys on the floor. Weary with picking them up, the father sat down and thought out some way of defeating his young son's energy. And lo! he had invented the Santa-Toy Rack, an expanding metal rod which screws on to the sides of high chairs and perambulators, and dangles the baby's toys for ever before his face, where they can never be thrown down or come in contact with the floor.

BIBLE TRANSLATIONS ESCAPE BOMBARDMENT

(International News Service)

SHANGHAI, May 12—There is great rejoicing in Christian circles here over the narrow escape of the plates of a translation of the Bible into Chinese. These valuable plates were kept in the wrecked Commercial Press until just before it fell under Japanese aerial bombs when they were removed to a safer spot in the International Settlement.

Kline Case Is About Ready To Be Given Jury

Character Witnesses, Summations And Judges Charge, Remain At Butler

MAYOR KLINE DENIES CHARGES

(International News Service)

BUTLER, Pa., May 12.—With the defense on the verge of resting its case, the trial of Mayor Charles H. Kline and his deposed director of supplies, Bertram L. Succop, on charges of malfeasance was expected to reach the jury of five women and seven men late today.

Only a few character witnesses, summations and the judge's charge remain. These were expected to be dispensed with in rapid succession.

Kline Denies Charges.

Mayor Kline, taking the stand as a star witness, lived up to expectations. With the eyes of the crowded courtroom focused upon him, he calmly denied any knowledge of the details of the contracts he signed, and which are the principal basis on the states' charges against Succop and himself.

Mayor Kline pictured himself as the mayor of a large city with "too many other duties" to devote considerable time to minor details.

"If I was supposed to know all about pins and elephants and sewer pipe, I couldn't raise my hand and take the oath of office of mayor of the city of Pittsburgh," he explained.

Urges Fever Test On Doomed Men

Doctor Advocates Use Of Criminals For Vaccine Experiments

NEW ORLEANS, May 12.—Use of condemned criminals for experimentation in vaccine for the prevention of yellow fever was advocated before the American Medical association Wednesday by Dr. Bolivar J. Lloyd, medical director of the United States public health service.

If the criminals should survive the experiment, Dr. Lloyd favors their pardon, contending that "in view of the relative immunity of criminals and gangsters both in and out of court, the releasing of a few more would not matter very much."

So convinced is he of the merits of new discoveries in vaccination that he has agreed to submit himself to the bite of yellow fever mosquitoes if the vaccination should show his immunity.

Qualifies His Offer.

He qualified his offer on the condition that he could obtain sufficient life insurance to protect his family "in case of any untoward result," which he said he did not anticipate, however.

Dr. Lloyd was speaking about a paper by Dr. Wilbur A. Sawyer of the Rockefeller Institute of Medical Research, who offered further proofs of the specific nature of what are known as the immune reactions of disease. In that connection, Dr. Lloyd specifically discussed his own methods of vaccination against yellow fever.

He expressed the conviction the method of vaccination devised by Mr. Sawyer and his colleagues would be found to protect human beings against the bites of known infected mosquitoes and said the next step should be the use of human beings in experimentation, both in submitting to inoculation with attenuated virus without the giving of protective serum and by exposing vaccinated persons to the bites of infected mosquitoes.

Gov. Gifford Pinchot, Senator James J. Davis and several members of the Pennsylvania congressional delegation already have endorsed the proposal.

Tennis players who wish to swing their racquets will soon have that opportunity as Director of city grounds Louis Genkinger today stated that municipal courts will be put into condition for summer play. As soon as weather conditions permit the repairing of court will start.

He said that it may take a week or more to have the net courts ready for play. Last season tennis players enjoyed the courts and it is believed that there will be increased tennis playing here this summer.

The director today said that he plans to have the following named courts put in condition: Boyles field, West Side, George Washington junior high, Long Avenue and Gaston park.

CITIZENS MAKE APPEAL FOR LAWRENCE SCHOOL

Another appeal to the New Castle School Board was made Wednesday evening by citizens of the second precinct of the Seventh Ward, to save the Lawrence School, at least for the first three grades. While the committee this time was not as large as the previous one, those present made a stirring appeal which semed to make a considerable impression upon the board members.

They did not ask that all the grades be continued, merely the first three to obviate the necessity of sending the tiny children a mile or a mile and a half to other schools.

They cited the fact that one supervisors (Miss Salomon) was asking for a year's leave of absence and that if this was granted, there would be a saving of $2400. This they argued would pay for two teachers at $1000 each to teach the first, second and third grades, and would leave $400 for janitor service and telephone.

The board promised to consider the suggestionns and there appeared to be a sympathetic feeling upon the part of the members towards the idea advanced by the citizens from the second precinct of the Seventh Ward.

New Castle's Girl Scout organization was very well represented at the annual regional conference of executives and leaders this week in Baltimore, Md.

Seven leaders and council members from this city, Miss Elizabeth Reis, Miss Nance Pugh, Mrs. E. C. Ruby, Mrs. James Waddle, Mrs. Henry Rappold, Miss Martha Magill and Mrs. George Ferver returned to this city Wednesday night. Having left here by motor on Sunday, the group were there in time for the opening of the convention, which lasted two days.

Miss Adelaide Werner, regional director of Girl Scouts, and whose work has brought her to New Castle many times, was present at the conference and took an active part in many of the events.

Mrs. Frederick Edey, president of the Girl Scouts of United States was also among the distinguished guests.

It was decided that next years' convention will take place in May at Uniontown, Pa. Mrs. Stewart McGuire, Richmond and Mrs. John Frick, Allentown, were re-elected officers. Mrs. Wm. Walker, York is secretary.

The 1931 convention was held in New Castle, lasted for three days, with headquarters at The Castleton. The executives from here who have just returned from Baltimore played an active part in the planning of last years' gathering.

New Castle will probably be represented at the national convention next October in Norfolk, Va. This will be the first time this region has ever had a national convention.

Court House Lawn Squirrel Killed

Ran In Front Of An Auto—Buried And A Bunch Of Lilacs Placed On Grave

Genuine regret was expressed by court house officials this morning over the death of a mother gray squirrel that has been a tenant of the trees on the court house lawn for the past six or seven yars. The squirrel ran in front of an automobile while crossing Court street Wednesday afternoon, and was killed.

The driver of the car tried to escape hitting it, but it ran directly in front of his car. The squirrel had several young ones, but it is believed that they will be able to survive without her as they were six or seven weeks old.

Body of the squirrel was buried back of the court house this morning by Janitor Clifford James. Miss Margaret Garvin, Deputy in the Prothonotary's office, supplied a buch of lilacs to place on the grave.

ROAMING

With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

This business of daylight savings time can cause a lot of annoyance at times. Especially when a board meets by resolution at a stated time. The school board meets at 7:30, eastern standard time, and last night's meeting meant starting just an hour late. The members got there at 7:30, E. S. T., which meant 8:30, D. S. T.

They fixed it for future meetings of the summer. The board will now meet at 6:30, eastern standard time, which may mean that they can get away before the next day. Last night's meeting broke up something after one o'clock (D. S. T.) and the alibi the directors would use to their wives this time is more than an alibi, it is the truth.

For this evening's diversion the high school players offer "Take My Advice". If you'll take ours, you'll see the play. It ought to be good.

There is a family of robins that has pre-empted part of our front porch. For several weeks the mother of the flock has been following the neighbors around as they dug garden, hunting for worms to rush over to the new birds, and yesterday they took their first lesson in flying.

Awkward looking little mites. All beak and wings. Their first flight was an erratic affair as they drunkenly winged their way to the porch next door. They made it after a Herculean effort and then rested for the return trip.

And now in a short time they'll be leaving us to live in the trees probably, and somehow we're going to miss their antics in that nest as they raised up for the worms the mother of the flock brought in.

These are exciting days if you get any thrill out of watching flowers develop. The iris is about to break its bonds and shove out some blooms that look like penny suckers. The azelia is already out with its rather snooty looking blossom. The flowering crab trees are just showing color in the buds, and the rose of sharon has finally started to show signs of life. Perhaps you aren't interested in such things—everyone to his hobby—but right now is the most interesting time in any garden.

Relief Loans Are Urged By Davis

WASHINGTON, May 12.—Senator James J. Davis asked Congress on Wednesday to authorize the Reconstruction Finance Corporation to set aside $500,000,000 against which cities and states might draw loans to assist in local relief work.

Under the provisions of the bill he introduced, the money would be used for unemployment relief or for temporary financing when it is the opinion of the corporation directors that "any such state, municipality or political sub-division is unable to obtain funds upon reasonable terms through banking channels or from the general public."

"The Reconstruction Finance Corporation has by this time probably solidified the banks and financial institutions and there is no longer so much demand for its funds from that quarter," Davis said. "If that is true, it would be wise to devote the funds to pressing needs of municipal and state governments."

Scouts Face First Aid Quiz As Kiwanis Sponsors Watch; Clubmen Host To Own Troop

There was a uniformed Boy Scout, presumably injured, lying on the dining room floor of a local hotel about noon Wednesday—surrounding the spot was the usual crowd of supposed curious, gazing directly at the lad.

But have no fears, for it wasn't an accident. Instead it was the Kiwanis club's feature luncheon demonstration of first aid practices as the club's own troop, No. 37, has learned to give them. The curious were only too welcome to watch. Scout officials, skilled in first aid rescue work, attended.

Show Rescue Skill.

After entertaining the clubmen with a program closely similar to that conducted at their weekly meetings in the George Washington junior high school, the troop's first aid specialists were presented. Neighborhood Commissioner Harry Cullifford, first aid coach for the troop, questioned the boys at length as the Kiwanians listened.

Every Boy Scout of troop 37 had been dismissed from school for the noon meeting, and the showing they made left a lasting impression upon their hosts.

Scoutmaster Dr. R. C. Lutz, member of the club, played a leading part as did Senior Patrol Leader Howell Williams. The latter led the boys as they took part in the following program:

Program As Given.

Formal opening by "assembly taps" played by James Freeman. He also blew the "mess call".

Recitation of Lord's prayer—Led by Crawford Lyon.

Recitation of allegiance to the flag—Led by Wesley Shaffer.

Recitation of the scout oath—Led by James Gravenstreeter.

Brief remarks—Scout Commissioner R. F. Davis.

Demonstration of two first aid problems—First aid team composed of Howell Williams, Crawford Lyon, James Gravenstreeter, Bob Cole, Charles Kennedy and George Horton.

Closing taps by John Manos, bugler. The troop members, grouped in a circle, sang the words.

Paul Rumbaugh played at the piano at different times.

Before the program was over the troop conferred an honorary membership upon President Clarence M. England, who presided. The club has backed the group for a number of years. D. B. Reebel heads the troop committee.

Beauty

New Castle Girl Accorded High Honor At Syracuse

FLORENCE JEAN GOLDER

Beauty and pulchritude of features has won for Miss Florence Jean Golder, of New Castle, the honor of being chosen one of six outstanding co-eds of Syracuse University. James Montgomery Flaggs, Broadway illustrator, made the choice.

An entire page of the Syracuse University year book, "Onondagon," will be devoted to each of the six women chosen as the most beautiful in the large junior class.

Miss Golder, daughter of Mr. and Mrs. H. E. Golder, of 317 East Winter avenue, a graduate of the New Castle senior high school, class of January, 1929, has also been given the distinction this month of being elected president of the Kappa Alpha Theta sorority.

From a carefully chosen group of 56 college beauties selected for the competition by the various sororities and independent organizations of the university, Miss Golder and 14 other young women were chosen by Prof. Hibbard Kline of the Fine Arts faculty.

Photos of these winners were taken by a famous photographer and forwarded to Artist Flagg in New York City, who judged the six most perfectly beautiful in the group. They were picked entirely on the basis of their physical qualifications.

The six who won the contest were:

Ruth Schlosser, 445 Beech street, College of Liberal Arts.

Mary Jane Hall, 714 Carbon street, College of Business Adminitsration.

Lucille Grace Gifford, Newark, College of Liberal Arts.

Elizabeth Marsh, 816 Euclid avenue, College of Fine Arts.

Florence Golder, New Castle, Pa., College of Library Science.

Lucille Lum, 126 Dorset road, College of Home Economics.

These six appeared in the annual moving-up parade of the students on Saturday of last week, occupying special cars behind the pageant of floats, and were honor guests at the annual junior prom.

PA NEWC OBSERVES

Pa Newc visited a lovely garden Wednesday afternoon on the south side of the city. Beautiful tulips were massed along one end and their majestic heads were raised in a riot of colors, with some a brilliant red, some a pure white, others a shade of purple, almost black, and still others in many brilliant shades. with the hundreds of blooms adding picturesqueness to the garden plot. In one corner was a rock garden with many of the plants in bloom and a fish pond held several dozen fish of a rare species; beautiful red fish with long, fluttering fins and others which were shaded and speckled with every color of the rainbow. Evergreens, pansies and many varieties of plants were beautifully arranged in this garden of D. M. Ritchie's.

The dinks and tams are again in vogue, signifying that another class of students are about to be graduated from dear old Ne-Ca-Hi. The colors of the dinks and tams are red and white, so if you see any of these on the street you will know that the wearer is a "dignified senior."

Met William J. Eroe Sr., yesterday and noticed that he appeared to be unusually happy. Finally the secret came out. It was his birthday and he was just eighty years young. Said he felt fine. Mr. Eroe will be remembered by many people of this city as one of the outstanding jew-

Final Tribute Paid By France To Paul Doumer

Funeral Cortege Three Miles Long Passes Through Streets Of Paris

ROYALTY SHARES DAY'S CEREMONY

Ambassador Edge And General Pershing Represent United States

By WILLIAM PARKER
International News Service Staff Correspondent

PARIS, May 12.—Royalty and commoners alike bowed in homage today at a great national funeral tendered Paul Doumer, beloved President of France who was assassinated last Friday.

Hundreds of thousands, from Paris, from the Provinces, and from other countries, paid tribute under a mild, overcast sky.

A cortege three miles long accompanied M. Doumer's body as it was taken from the Elysee Palace, where it has lain in state, to the Cathedral of Notre Dame, where a religious service was held under the direction of Cardinal Verdier, archbishop of Paris.

King and Prince.

In the long procession were King Albert of Belgium, dressed simply in khaki, the Prince of Wales, dressed brilliantly in his grenadier-guard uniform, Prince Paul of Jugoslavia, in a plumed hat, green tunic, and crimson trousers, and the Emperor of Annam, in full dress.

Albert Lebrun, M. Doumer's successor and France's chief mourner, was alone in the procession. He wore full dress, upon which were pinned his medals.

Dedicate Masonic Memorial Today

National Memorial To George Washington At Alexandria, Dedicated

(International News Service)

WASHINGTON, May 12—President Hoover joined with American freemasonry today in dedicating their imposing national memorial at historic Alexandria, Va. to George Washington, the Mason.

A monster celebration is scheduled this afternoon at the base of the beautiful edifice, which stands on the Virginia side of the Potomac river to form a connecting shrine between the Washington monument and Mount Vernon. Seventy-five thousand Masons from every section of the country were crowded into Washington and Alexandria to participate in that great fraternal organization's chief contribution to the bi-centennial celebration of their most famous member's birth.

Over $3,600,000 had been expended in building the huge white memorial for which President Harding broke ground and President Coolidge laid the cornerstone. Because an additional $2,000,000 still must be spent on the approach work and landscaping, a replica, made to scale, of the completed structure will occupy the honor position this afternoon on the dedicating platform.

This morning, a big street parade in Alexandria opened the climaxing feature of Masonic week. Approximately 18,000 were in line, including representative units of all branches of the military establishment.

(International News Service)

CAMP KEARNEY, SAN DIEGO, Cal., May 12.—Re-fueled and reprovisioned, the giant naval dirigible Akron was ready for a new adventure today after a mishap which killed two men.

As she was made ready to cast off at 10 a. m. for the final leg of her flight to Sunnydale, Cal., preparations were made for a naval court inquiry into the spectacular accident which took the lives of two sailors, injured a third and nearly cost the life of a fourth man.

Nigel Hinton, of Fresno, Cal., and Robert Edsall of South Bend, Indiana, were killed during one of four unsuccessful attempts to moor the

Dance Hall Is Burned Down

Blaze At 1:35 This Morning Razes Structure On Wilder Avenue Extension

Fire of undetermined origin, starting at 1:35 this morning, razed a frame dance hall on Wilder avenue extension back of the Lawrence school, with a loss of approximately $500.

The place was owned by John Dochko and Joe Swenas, and firemen learned that a dance had been held in the place last evening. It is believed that a carelessly thrown cigaret butt may have caused the fire.

When the seventh ward department and Capt. D. W. Byers, acting assistant chief, arrived on the scene the fire had gained much headway. The site of the blaze was in such an inaccessible location, firemen were unable to get to it with a line of hose without considerable effort. The building was located at the top of a steep hill, along a winding clay road. By the time firemen could have dragged a thousand feet of hose up by hand, the effort would have been wasted and it was allowed to burn itself out, no other properties being immediately adjacent.

Means Released Despite Protest

District Attorney Rover Protests Against $50,000 Bond For Means

MRS. EDWARD McLEAN LOSER OF $100,000

(International News Service)

WASHINGTON, May 12.—Insisting he had negotiated with the kidnapers of the Lindbergh baby for Mrs. Evalyn Walsh McLean, who charges him with mulcting her of $104,000, Gaston B. Means, jail bird, soldier of fortune, justice department sleuth, confidant of a president, was at liberty under bond of $50,000 today, in spite of protests of District Attorney Leo A. Rover.

The South Carolinian will be arraigned tomorrow on two indictments charging larceny after trust of $100,000 and embezzlement of an additional $4,000.

Department Silent.

Though justice department attaches maintained their usual silence, Rep. Fish (R) of New York, instigator of a congressional investigation into Communistic activities, revealed that it was Means who produced false warehouse receipts for 20 truckloads of supposed Communistic documents, that led Fish and a squad of secret operatives on a wild goose chase to an empty Baltimore warehouse two years ago.

Rover, in insisting upon a bond of $100,000 intimated that Means had obtained $100,000 from Mrs. Finley J. Shepard of New York, the former Helen Gould, for protecting her adopted daughter, Mrs. John P. Burr, and her property against attack from Communists.

Miss Salomon Plans To Study

Secures Leave Of Absence To Take Art Course In New York

For the purpose of further advancing herself in the study of art, Miss Emilie Salomon, supervisor of Art for the New Castle public schools has asked for and been granted a year's leave of absence by the New Castle School Board. She expects to attend an art course in New York University during the year. The leave was granted with the understanding that the board did not waive its right to give notice sixty days before the end of the next school term, in the event that they did not wish to re-employ Miss Salomon.

In the years that she has been in New Castle Miss Salomon has brought the standard of art in the schools here to a high plane. She is recognized as one of the most efficient art supervisors in the state, and many times has been invited to become supervisor in other districts, which she has refused to do.

Will Rogers Says:

(Special To The News)

BEVERLY HILLS, Cal., May 12.—New York which always thinks it's ahead in everything, is going to "Walk for Beer." The rest of the country don't have to walk for it.

Dave Ingalls of Cleveland, O., our naval ace in the World War, is nominated on the Republican ticket for governor of his state. His ticket was "let the people vote on whatever they want to, whether it be prohibition, knee breeches for diplomats, or shall Mickey Mouse be allowed to produce sex dramas."

The Democrats have already started arguing over "who will be speaker at the convention." What they better be worrying about is "who is going to listen to 1,150 delegates that will speak."

Declare Succop Was Only "Goat"

Counsel For Former Director Of Supplies In Pittsburgh Addresses Jury

SUCCOP'S PRAISES ARE SUNG TO SKY

(International News Service)

BUTLER, Pa., May 12.—The flat declaration that Bertram L. Succop, deposed director of supplies on trial with Mayor Charles H. Kline on malfeasance charges, is "the goat of Pittsburgh," featured closing arguments in the trial today.

Arguments were started following a side-bar conference shortly after the both sides had rested this morning. Col. E. L. Kearns, opening his arguments in behalf of Succop, remarked:

"Bert Succop is the goat of Pittsburgh. He went to Mayview and assumed the white man's burden. The furniture that was bought by Puffinburg and Mrs. Rauh and the committee was good furniture—it wasn't purchased at the five and ten cent store."

Pleads With Jury

Kearns pounded counsel table as he pleaded with the jury to exonerate Succop. At one point he cried:

"He is assuming responsibility for these purchases like a man. He'd do it over again. Talk of trick specification. I call this a trick indictment."

Regarding the purchase of an automobile for the Pittsburgh police superintendent, Kearns practically "dared" the jury. He said:

"Pittsburgh has one of the finest police departments in the word. Succop assumed responsibility for buying that automobile: If you want to find him guilty for doing that, go ahead and do it."

Succop was not in the courtroom during the arguments. He admitted he disliked hearing his praises sung.

Officer Shoots Young Man Through Lung, Mother Taken Into Custody

(International News Service)

TOLEDO, O., May 1.—Paul M. Ziegler, 25, of Toledo, was shot and probably fatally wounded by police today during an attempted hold-up at the Eastwood Theater.

Outside, officers found the youth's mother, Mrs. Ermina Ziegler, who had followed him there, fearing, she said, "he would get into trouble."

Police, however, took her into custody for questioning.

Ziegler was shot through the lung by Patrolman William Tripp when he refused to stop at the officer's shout. A bullet struck him as he scrambled to his feet after jumping from the roof of the theater where he was attempting to break through a skylight, police said.

Pennsylvania Reduces Loan Asked From U. S.

Seeks $27,500,000 At This Time—Original Plea Was For $55,000,000

(International News Service)

WASINGTON, May 12. — The Pennsylvania railroad today filed with the interstate commerce commission an amended application for approval of a loan from the Reconstruction Finance Corp., reducing the amount from $55,000,000 to $27,500,000.

This action was taken at the request of the corporation and because of changed conditions since the first application was made

According to the amended application the Pennsylvania will match the corporation's loan of $27,500,000 with a like amount through the sale of bonds, with an additional $13,000,000 from a source not stated. This is contingent upon the corporation definitely committing itself at this time to loan the Pennsylvania another $27,500,000 on Oct. 1 next.

A large portion of the loan will be used by the road in continuing the electrification of its lines between New York and Washington.

Senate Takes Up New Tax Bill In Budget Balancing

All Relief Issues Before Congress Rolled Into Huge National Problem

HOOVER STUDIES FEDERAL RELIEF

Cry Raised In Capital To Balance Budget And Adjourn Session June Tenth

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, May 12.—Taxation, prohibition, economy and unemployment relief issues were rolled into one huge national problem today as congress labored to balance the budget before laying fresh burdens on a Treasury, deep in deficits.

The senate was to begin consideration of the $1,030,000,000 tax bill during the day, with wet forces led by Senator Bingham (R) of Connecticut demanding the substitution of a legal 3.2 beer tax for many of the so-called nuisance taxes. Its economy committee met meanwhile with house leaders, drafting a program for slashing $250,000,000 from governmental expenditures.

Federal Relief

President Hoover was reported as studying the possibilities of Federal relief for the unemployed, either through direct aid to the states or a bond-covered construction program, if the budget is balanced. This was the proposal urged on the senate by Senator Robinson of Arkansas, the Democratic floor leader, who asked $300,000,000 for relief and $2,000,000,000 for construction work—all to be paid by tax-exempt bonds.

Once again the wets took advantage of the situation to propose a beer tax. Senator Tydings (D) of Maryland, with nine other Democratic Senators, signed petition, urging $1,500,000,000 bond issue for unemployment relief construction, to be paid by a tax on 2.75 beer.

The cry throughout Capitol Hill was "balance the budget and adjourn Congress by June 10." Both house and senate leaders agreed on this program. I twill mean night sessions for both bodies, beginning next week, unless house and senate move swiftly toward completing their legislative program.

HAVE NAME OF MAN IN LINDBERGH CASE

Either Took Baby Or Got Ransom

Boston Police Head Furnishes Name Of Important Factor In Case

INFORMATION GIVEN JERSEY STATE POLICE

(International News Service)

BOSTON, May 12—Superintendent of Police Michael H. Crowley transmitted to the state police of New Jersey the name of the man who either kidnaped baby Charles A. Lindberg, Jr., or collected to $50,000 ransom in the unsuccessful negotiations for his return.

The veteran superintendent admitted this today, and declared that although his information definitely linked the name he gave with the kidnaping, he was not sure of the man's exact connection with the case.

Crowley revealed he forwarded his information a week ago to Colonel H. Norman Schwarzkoph, head of the New Jersey state police. If any contacts were made with the kidnapers since that time, Crowley said he did not know how valuable his information was to the negotiators.

The information, he said, came through a personal friends, who pledged him to secrecy regarding its source.

"The name of the man given me was supposed to have done the kidnaping or to have collected the ransom money,' said Superintendent Crowley. "I forwarded this information to Colonel Schwarzkopf in regular police procedure. It was information which could not be handled by local investigators.

"In the letter I told him that the information sounded very positive to me and asked him to give it special attention."

FINAL TRIBUTE PAID BY FRANCE TO PAUL DOUMER

General John J. Pershing, upon the invitation of the French government, marched with the diplomatic corps.

The streets were lined scores deep, while many leaned out of every window along the way. It was a public tribute in many respects without equal in French history.

The procession left the Elysee Palace at 8:00 a. m., and an hour and a half later arrived at the famous cathedral. Loud speakers were placed outside, where hundreds of thousands listened to the solemn rites.

Simultaneously every cathedral in France and virtually every church, however small, heard eulogies of the assassinated president similar to that given by the cardinal.

Allegheny Singers At Epworth Church

Unaccompanied Choir Gives Splendid Performance Of Vocal Ability In Church

Music lovers, who attended the concert in the Epworth Methodist church Wednesday evening were delighted with the splendid program presented by the A Capella choir of forty-five college students from Allegheny College, under the direction of Prof. Morton J. Luvaas.

The choir, mixed voices, sings unaccompanied and the varied program gave excellent opportunity to display the tones of the voices.

The director is a graduate of St. Olaf College and a former member of the famous St. Olaf choir.

Especially effective was the chorus in which the voices resembled the sonorous tones of a pipe organ.

The group of singers was entertained at a splendid dinner in the dining room of the church preceding the concert, with the members of the Women's Home Missionary Society of Epworth church as hostesses.

AKRON IS REFUELED AND READY TO MAKE LAST LEG OF JOURNEY

(Continued From Page One)

Akron here yesterday morning, Lyford Walkup suffered a broken arm.

Robert Cowart, young naval apprentice, was none the worse today for having been carried aloft and dangled in mid air for an hour and a half before being pulled to safety on the Akron.

Completing its maiden transcontinental journey during which it battled the elements successfully, the Akron arrived over the army field here shortly after 9 a. m. yesterday. Between that time and 11:40 a. m. four attempts were made to moor the ship. On the fourth attempt with crews manning the lines, a walking line ring broke on the portside permitting that side to surge sharply upward.

Men Carried Aloft

Between 75 and 100 men were carried off their feet. All except four dropped to the ground.

Fifteen feet up Walkup let go and sustained a broken arm.

Three others held on.

"For God's sake let go," some one shouted.

One hundred and fifty feet up, Hinton let loose. His body hurtled down and rebounded from the earth.

A second later from an altitude of 200 feet Edsall fell to his death.

The fourth man, young cowart, held on and for nearly two hours his fate held the crowd spell-bound. The thousands who watched were too limp to cheer as they saw Cowart drawn finally through a hatch-door of the Akron. It wa. a tremendous sigh of relief that went upward.

"This was the first fatal accident of this kind," Lieut. Commander C. E. Rosendahl, commanding officer of the Akron, said today, "and I feel very badly about it. It was unavoidable. We encountered most peculiar landing conditions the air was cool and calm at 3,000 feet but at 1,000 to 1,500 feet there were warm upward currents, one of which caused the Akron to shoot up.

"We had about one sixth of our fuel supply when we landed here. It had not been our intention to stop but it would would have been foolish to have continued without refueling."

art hung on the brink of eternity, swaying pendulum like as ground currents tossed beneath the 785-foot steel titan of the air.

Rescued at last through a hatch in the side of the Akron after being drawn up inch by inch, Cowart remarked:

"Whew! I'm all right but I wouldn't do that again for a million dollars."

"Bub" was more concerned today in scraping the grease off his uniform with a worn jack knife than he was with the plaudits of his buddies and the cheers of the populace.

Had His Orders.

"I had orders to hold on," he said, "so I held on and was whisked off the ground.

"Seeing that the ship was evidently out of control, I was going to let go and drop but I saw too many of my buddies underneath.

"I was rapidly being carried upward and when it was clear enough below to jump, I was too high up to jump.

"Hinton and Edsell (who were killed) and Walkup (who was injured) were all on the rope below me. I saw them fall. I felt sick and scared but I hung on. After they had left the line, I found I was standing on the top wooden toggle in the spider line and was grasping the rope with both hands. I straddled the toggle and as the rope was greasy and slippery, I tied a couple of bowline knots around my waist.

Tossed Like Feather.

"Several times the wind blew me back and forth underneath the Akron's gondolas.

"I didn't know whether the rope would hold out but I didn't have much time to think about that. I was too busy wondering what would happen next.

"I'm sure glad I made it. You know, I want to win the all-navy welterweight boxing championship."

Drawn through the hatch of the Akron, he was offered some aromatic spirits of ammonia.

How About Food?

"What do I need that for?" he inquired. "But I'd like something to eat."

"He was the nerviest man I've ever seen," said Lieut. Commander C. E. Rosendahl, commanding officer of the Akron.

"We made the rescue at an altitude of about 2,000 feet directly above the mooring mast.

"When we saw Cowart clinging to the line below us, it looked as if he had become fouled in the line and was unable to free himself. We first planned to bring the Akron as near earth as possible so that he could jump to a fire net below, but feared the man might be unconscious and abandoned that plan.

"We rigged up a hand driven winch and slowly brought him upward. When we got him within a few feet of the nose we let down a hatch and it was an easy matter to bring him in.

"But I've never seen such nerve in all my life."

Police Guarding Copper Co. Offices

Factions Of Stockholders Battle For Control Of Copper Corporation

(International News Service)

NEW YORK, May 12.—The offices of the Consolidated Copper Mines Corp. were under police guard today as the management and opposition stockholders breathed defiance at each other.

Howard D. Smith, president, whose regime has been under fire for three years, today branded his being voted out of office yesterday as illegal and declared he would fight the matter through the courts before surrendering.

The opposition, meanwhile, led by Ray W. Higgins, of Duluth, who was elected president to succeed Smith, declared they would take a day or two off to think things over after their unsuccessful effort to storm the company's offices yesterday.

The police kept the Higgins group out in their effort to seize the corporation's offices, books, records and cash.

Holdup Victims Are In Hospital; Suspects Taken

Robbery Occurs On East Cherry Street Near The Baltimore And Ohio Shops

Johnny James, Wilson avenue, and Frank Bethle, 1211 Scioto street, are being held by the police as suspects in the holdup early this morning on East Cherry street, in the vicinity of the Baltimore & Ohio shops, in which John Zoltani and Mike Keacher, Hungarians, both of 547 East Long avenue, were badly beaten and the latter was relieved of some $10 or $12 that he had left from his pay check at the local tin plant.

The two holdup victims received their pay checks yesterday. Mike had his cashed previous to meeting up with those responsible for their holdup. Zoltani had been fortunate enough not to cash his check, so it was not taken from him. The holdup occurred some time shortly after 6 o'clock this morning.

Officers Cooper and Golis remembered that as they stood at North Liberty and Cherry streets earlier in the morning they had seen a car go east on Cherry street, in which there had been five men, two of whom they remembered as being the holdup victims. When the machine returned, two men were missing.

Officer Cooper had recognized the car and its license number and the officers went to the home of Johnny James, Wilson avenue, and found the car there. They arrested James and then secured information that resulted in the arrest of Bethle. The holdup victims, who were severely beaten, especially about the head, were taken to the hospital. The men under arrest will be held until the holdup victims have recovered sufficiently to look them over.

Lindbergh Case Scene Is Shifted

Norfolk, Va., Angle Seems To Have Faded Out Of Picture Now

By EDWARD B. LOCKETT
International News Service Staff Correspondent

NORFOLK, Va., May 12.—Tidewater, Va., which has played an important part in the nation-wide hunt for the kidnaped son of Col. and Mrs. Charles A. Lindbergh, seemed out of the picture today.

John Hughes Curtis, now working off Long Island, N. Y., has promised fellow associates he would bring the baby back here if he secured it, but there was nothing to indicate definitely either that he would get the child or that if he did he would be able to bring it to Norfolk.

The yacht Marcon, owned by Col. Charles H. Consolvo, hotel magnate of Norfolk, Richmond and Baltimore, which has been used in the negotiations for the past two weeks, was today in Curtis' boatyard awaiting repairs to a loose muffler.

Her skipper, Captain Frank N. Lackmann, was confident she would be used again in the Lindbergh baby hunt, but said she would probably be under repairs all of today and probably part of tomorrow. He apparently does not expect that the boat will go out again until Saturday at the earliest.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931 C. M. Co.

Had it not been for the appearance of his major to whom he had confided his age he would have succeeded.

Hamilton has been voting 64 years. He is one of four veterans of the war left in Mercer.

Many old plantation songs were sung during this period and later the auctioneer, Dick Swanson, quickly disposed of the "slaves," who were the girls of the league, and as each one was sold, the buyer and slave took their places about the refreshment tables and the slave served lunch which she had prepared for two persons.

County Committee Organization Talk

Two Factions Within The Party Are Lining Up Support For Candidates

Political interest in Lawrence county for the time being seems to be centered in the coming organization of the Republican county committee. Leaders of the old line faction and the progressives are seeking aid in the election of a chairman. Old liners appear to have centered on W. A. Brown of Wampum for chairman. Mr. Brown has been treasurer of the committee for a number of years.

According to the latest reports State Senator George T. Weingartner may be the candidate of the progressives. Mr. Weingartner is not a regularly elected member of the committee, but under the rules the chairman need not necessarily be a member. Should it be decided to take a chairman from the committee, it is said that Harvey Milholland will likely secure the support of progressives. Mr. Milholland is a member of the committee in the sixth precinct of the second ward.

No information has yet been given out as to when the committee is likely to meet for organization.

Ohio Marriage Licenses Add Considerable Revenue To County Treasury

Lawrence county is reaping considerable remuneration from marriage licenses, issued to Ohio couples since the new marriage license law in Ohio, requiring five days' notice of intention went into effect. Often as high as a dozen Ohio couples come here in a day for licenses. The marriage license fee is $2.50. Of this amount the county gets $2 and the state 50 cents.

In addition to being an advantage to the county, Lawrence county ministers, aldermen and justices of the peace are benefitted as the law requires that the couple be married in Pennsylvania.

SCHOOL ECONOMY PLAN PRESENTED BY CITIZENS

Committee At Board Session

Suggests Method Of Meeting Need Without Eliminating Teachers

JANITORS' SALARIES ARE UNDER FIRE

Attorney Bryan Reads Report At Meeting Of School Board

Represented by a committee, the group of citizens that held a mass meeting in the Senior High School six weeks ago, concerning school economics, presented a suggested plan to the School Board Wednesday evening, May 11 when the board held its regular meeting.

The plan was read by Attorney J. Elder Bryan who with George Morris and Leonard W. Cramer made up the committee waiting upon the board. The plan follows:

To the honorable members of the School Board for the City of New Castle:

In submitting a plan which it is believed will render unnecessary the elimination of any of the teaching force heretofore employed by the School District of the City of New Castle, or in a substantial reduction of taxes, your attention is respectfully called to the following facts:

First: That the budget shows a net decrease to the janitors' salaries of $2295.00. Whereas, this to the janitors alone is not a decrease but they have actually had an increase of approximately $2190.00. The above decrease shown having made by reducing the wages of the women helpers and by discharging one janitor.

Second: The budget fails to represent correctly the status of the janitors, it leads the public to believe that they are paid for eleven months whereas they are actually paid for twelve months.

Third: That the general salaries have been increased $485.00.

Fourth: That there are discrepancies as to the type of telephone service in the different buildings and that certain economies can be affected by putting party lines into all buildings and service discontinued during the three summer months.

Fifth: Considerable economy could be affected in the employment of the two janitors for trucking and repairing who receive a salary of $3480.00 per year.

Sixth: The Superintendent of Buildings received $2750.00 salary, and $530.00 expenses.

Seventh: General salaries, including secretary, Superintendent's office and clerks throughout the system, have been given no reduction whatever.

Eighth: Substantial actual increases have been given to clerks in elementary schools and in the Senior High School.

Ninth: The Superintendent, who in 1931 and 1932 received a salary of $6000.00 plus $600.00 additional for auto expenses, has been increased to $7000.00, of which he has offered to refund $500.00, which would be an actual decrease from his 1931 and 1932 salary of $100.00, while numerous members of the teaching force have received reductions in salary of from $200.00 to $600.00.

Tenth: The attention of the Board is respectfully directed to the action of the School Districts of Sharon, Erie, McKeesport, Chester, Mercer, Ellwood City and many others. When such other communities have found relief from the problems through a spirit of cooperation it would seem unfair to the taxpayers and parents of the City of New Castle if similar action could not be taken in this city.

Eleventh: It is submitted that a general reduction is now being affected by all industries and businesses, both large and small, in wages and salaries, some already having announced the second reduction recently while others have gone so far as to close their plants. This results from decreased earnings and loss of business, these same industries are the largest taxpayers in this city.

Twelfth: While not believing that the following plan affords the only solution, it is suggested after a thorough examination of all items of the budget that a reduction of ten per cent against janitor's salaries, the Superintendent's salary and all general administration salaries, including clerk hire as of the 1931-1932 basis, would, if coupled with a ten per cent refund on the part of such of the teaching force as have not been affected to that extent by the reductions already made, solve the problem.

Some Discussion

Following the presentation of the plan Mrs. J. C. B. Douthett, a member of the board asked "how much would be saved on teachers' salaries?"

Mr. Morris answered, "about $61,000, of which there has been about $10,000 already saved. The savings on the janitors' salaries would be about $5900."

Mrs. Elliott asked, "have you made any contacts with the teachers?"

Bryan replied by saying, "we can't make any contacts with the teachers in this matter until the board cleans its own skirts in making what reductions it can."

W. W. Duff then explained to Mr. Bryan that he was apparently under a misunderstanding concerning the salaries of janitors. "The janitors will be laid off a month each this summer" said Mr. Duff, "which is nearly a ten percent cut".

Mr. Bryan then asked if their salaries as stated in the budget were for nine months or ten months. He was informed they were for ten months and that they were paid by the month. For the other time they worked in the summer they were paid the same monthly rate.

The report was filed after Acting President McIlvenny assured the committee that the board would consider the report carefully and if any further reductions were possible they would be made. Later in the evening Mr. Woolcock moved that a committee be appointed to investigate the report and prepare a reply to the committee.

Clarence Ferree's Fund Is Nearing The Amount Needed

Will Soon Be Able To Make Effort To Get To Mt. Clemen's, Mich.

Fund of Clarence Ferree, newspaper and magazine salesman at the city hall corner has now reached $150, through the kind efforts of many friends, who have all given him to the best of their ability and in view of the present general conditions.

This money was given by persons from every walk of life. In some instances it was really needed in the home of the person giving it, but the donor in these instance thought the condition of Clarence was much worse than there on and so gave him the money.

He hopes to get to Mt. Clemens in the near future and get his chance of regaining at least part of his health. Those interested in helping Clarence gain his desired goal of $200, which means that he will be able to leave for Mt. Clemens, Michigan, may give their donations to him.

Mayor Continues To Hold Midnight Court

Mayor Charles B. Mayne has not abandoned the holding of midnight police court, he stated today, and said that each midnight he is on the job ready to conduct hearings, if persons taken into custody by city police are in a fit condition to be heard.

When the mayor assumed office he said he would hold midnight court so that persons who had been arrested for trivial offenses would have an opportunity of being heard and of spending the night at home.

It is not necessary to hold court each midnight. Sometimes there are no prisoners confined in the jail and upon other occasions some of the persons arrested on a charge of intoxication are not sober sufficiently to understand the proceedings.

Senate Takes Up New Tax Bill In Budget Balancing

All Relief Issues Before Congress Rolled Into Huge National Problem

HOOVER STUDIES FEDERAL RELIEF

Cry Raised In Capital To Balance Budget And Adjourn Session June Tenth

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, May 12.—Taxation, prohibition, economy and unemployment relief issues were rolled into one huge national problem today as congress labored to balance the budget before laying fresh burdens on a Treasury, deep in deficits.

The senate was to begin consideration of the $1,030,000,000 tax bill during the day, with wet forces led by Senator Bingham (R) of Connecticut demanding the substitution of a legal 4 beer tax for many of the so-called nuisance taxes. Its economy committee met meanwhile with house leaders, drafting a program for slashing $250,000,000 from government al expenditures.

Federal Relief

President Hoover was reported as studying the possibilities of Federal relief for the unemployed, either through direct aid to the states or a bond-covered construction program, if the budget is balanced. This s the proposal urged on the senate by Senator Robinson of Arkansas, the Democratic floor leader, who asked $300,000,000 for relief and $2,000,000,000 for construction work —all to be paid by tax-exempt bonds.

Once again the wets took advantage of the situation to propose a beer tax. Senator Tydings (D) of Maryland, with nine other Democratic Senators, signed petition, urging $1,500,000,000 bond issue for unemployment relief construction, to be paid by a tax on 2.75 beer.

The cry throughout Capitol Hill was "balance the budget and adjourn Congress by June 10." Both house and senate leaders agreed on this program. I twill mean night sessions for both bodies, beginning next week, unless house and senate move swiftly toward completing th ir legislative program.

AUTOPSY SHOWS BABY MURDERED; IS REPORT AFTER AN EXAMINATION

Coroner Says Baby Had Been Dead For At Least Two Months. Identity Conclusive When Undergarments Are Compared With Others At Lindbergh Home.

(BULLETIN)
By DAVID P. SENTNER
International News Service Staff Correspondent

HOPEWELL, N. J., May 12.—Baby Lindbergh was ruthlessly murdered and his little body thrown into a gully not far from the home of his famous parents where he was kidnaped.

An autopsy tonight on the battered body of Charles Augustus Lindbergh, Jr., who 73 days ago was smiling in his crib, showed that the baby's skull was fractured.

He was either hurled from an automobile or struck over the head, County Physician Charles H. Mitchell announced.

"The baby was murdered," added Dr. Mitchell.

Not six miles from the isolated house on the hill where he had played and kicked his healthy little legs, Baby Lindbergh was found dead this afternoon by two passing truckmen.

His body, covered with leaves, had apparently been there for some time.

He was first identified from his baby's clothing.

The body of the ill-fated son of fame was brought from his undug grave at Mount Rose, N. J., to a morgue in Trenton where the autopsy was performed.

Dr. Mitchell who performed the autopsy, said that the baby had been dead for at least two months.

Apparently the kidnapers had murdered him shortly after the crime.

"The autopsy shows positively that the dead baby is the Lindbergh child," the coroner's physician declared.

The identification was made partially thru the fact that Charles Augustus Lindbergh, Jr., had eight teeth, and his little toes overlapped slightly. He was also identified by his blonde curly hair.

None of these physical characteristics had been obliterated by the long exposure the body had suffered.

There was a hole about the size of a quarter over the right ear of the child. It was not immediately determined by the coroner's physician as to whether or not this might be a bullet hole.

HOPEWELL, N. J., May 12.—Baby Lindbergh is dead —it was officially announced by police tonight.

The lifeless body of two-year-old Charles Augustus Lindbergh was found 73 days after it was kidnaped from his crib in the home here of his famous parents.

The baby was found dead at Mount Rose, N. J., near here at 3:15 p. m., Col. H. Norman Schwarzkopf, superintendent of the New Jersey State Police announced tonight.

"We have to announce that apparently the body of the Lindbergh baby was found at 3:15 p. m. today by William Allen, negro, of Trenton, who was riding on the Mount Rose road toward Hopewell," said Schwarzkopf.

"He was riding with Orville Wilson on a truckload of timber," continued the police official, who has been in charge of the kidnaping investigation since the beginning.

"They stopped the truck and found the body of a baby."

Further details of the greatest American tragedy were revealed as follows:

Allen saw the foot of the child protruding from some foliage. He looked further and saw the body.

It was in a shallow depression—as if an effort had been made to bury it.

The child was dressed in bedclothing.

Allen called Chief Harry Wolf of Hopewell. Wolf notified the state police, who sent a detail of troopers there.

The child had a hole in its head about the size of a quarter and the body was in a bad state of decomposition.

The police, after examining the body, went to the Lindbergh home. They took samples of the clothing remaining in the nursery—of the same texture, from the same place of purchase.

They took these samples and compared them with the garments on the body.

They decided it was Charles Augustus Lindbergh, Jr., the long missing babe.

Officers Go To Scene.

"Chief Wolf of Hopewell was notified. Wolf notified police headquarters of the estate here. Inspector Walsh of Jersey City, Sergeant Moffatt of the Newark police, Lieutenant Keaton of the New Jersey state police and a number of other detectives immediately went to the scene.

"They reported finding the body of a child estimated to be between a year and a half and two years old in a bad state of decomposition.

"There was a hole the size of a quarter just above the forehead. The body was lying in a depression as though an attempt had been made to bury it face down.

"Mercer County Physician Dr. Charles H. Mitchell and the county coroner, Walter Swayze, were immediately called in."

Colonel Schwarzkopf said that the coroner had taken charge of the body and had taken it to Trenton to the morgue where an autopsy was being performed by Dr. Mitchell.

The results of the autospy will be immediately reported to headquarters here.

The dead baby was clad in what appeared to be an undershirt and a flannel band around the body.

Lindberghs Notified.

Not satisfied with an unofficial identification of the body, troopers were sent back to the Lindbergh estate for similar samples of the baby's garments.

A flannel shirt with an embroidered scalloped edge was taken back to the scene with other garments. A comparison was made and the several garments matched.

Colonel Schwarzkopf said that the finding of the body was a terrible shock to the family.

They were not present when the official announcement was made in the garage adjoining the Lindberg home.

Governor Moore later explained his brief announcement. He said he had received a telephone message from Colonel Schwarzkopf informing him that the baby's body had been found.

"The thing to do now is to find out who kidnaped the child," he declared.

The governor said he would confer with Colonel Schwarzkopf tomorrow regarding further plans to trace the kidnapers.

Toledo Robber Is Severely Wounded In Theater Holdup

(International News Service)

TOLEDO, O., May 1.—Paul M. Ziegler, 25, of Toledo, was shot and probably fatally wounded by police today during an attempted hold-up at the Eastwood Theater.

Outside, officers found the youth's mother, Mrs. Ermina Ziegler, who had followed him there, fearing, she said, "he would get into trouble."

Police, however, took her into custody for questioning.

Ziegler was shot through the lung by Patrolman William Tripp when he refused to stop at the officer's shout. A bullet struck him as he scrambled to his feet after jumping from the roof of the theater where he was attempting to break through a skylight, police said.

Europe Shows Great Interest In Kidnaping

(BULLETIN)
(International News Service)

The message read:

The London bureau of International News Service reported that five minutes after the flash was received the baby's body had been found, large posters were displayed outside London newspaper offices.

Means Released Despite Protest

District Attorney Rover Protests Against $50,000 Bond For Means

MRS. EDWARD McLEAN LOSER OF $100,000

(International News Service)

WASHINGTON, May 12.—Insisting he had negotiated with the kidnapers of the Lindbergh baby for Mrs. Evalyn Walsh McLean, who charges him with mulcting her of $104,000, Gaston B. Means, jail bird, soldier of fortune, justice department sleuth, confidant of a president, was at liberty under bond of $50,000 today, in spite of protests of District Attorney Leo A. Rover.

The South Carolinian will be arraigned tomorrow on two indictments charging larceny after trust of $100,000 and embezzlement of an additional $4,000.

Department Silent.

Though justice department attaches maintained their usual silence, Rep. Fish (R) of New York, instigator of a congressional investigation into Communistic activities, revealed that it was Means who produced false warehouse receipts for 20 truckloads of supposed Communistic documents, that led Fish and a squad of secret operatives on a wild goose chase to an empty Baltimore warehouse two years ago.

Rover, in insisting upon a bond of $100,000 intimated that Means had obtained $100,000 from Mrs. Finley J. Shepard of New York, the former Helen Gould, for protecting her adopted daughter, Mrs. John P. Burr, and her property against attack from Communists.

Dance Hall Is Burned Down

Blaze At 1:35 This Morning Razes Structure On Wilder Avenue Extension

Fire of undetermined origin starting at 1:35 this morning, razed a frame dance hall on Wilder avenue extension back of the Lawrence school, with a loss of approximately $500.

The place was owned by John Dochko and Joe Swenas, and firemen learned that a dance had been held in the place last evening. It is believed that a carelessly thrown cigaret butt may have caused the fire.

When the seventh ward department and Capt. D. W. Byers, acting assistant chief, arrived on the scene the fire had gained much headway. The site of the blaze was in such an inaccessible location, firemen were unable to get to it with a line of hose without considerable effort. The building was located at the top of a steep hill, along a winding clay road. By the time firemen could have dragged a thousand feet of hose up by hand the effort would have been wasted and it was allowed to burn itself out, no other properties being immediately adjacent.

HAVE NAME OF MAN IN LINDBERGH CASE

Either Took Baby Or Got Ransom

Name of Important Man in Case Furnishes Clue

INFORMATION GIVEN JERSEY STATE POLICE

BOSTON, May 12.—Superintendent of Police Michael H. Crowley this morning told the Associated Press that the name of the man who either kidnaped baby Charles A. Lindbergh Jr. or collected the $50,000 ransom in the assumed role of a negotiator for his return.

The veteran superintendent added that although he has information definitely linking the culprit he gave with the kidnaping, he was not sure of the man's exact connection with the case.

Crowley revealed he forwarded his information a week ago to Colonel H. Norman Schwarzkopf, head of the New Jersey state police. Hourly conferences were held with the kidnapers since that time, Crowley said, he did not know how valuable his information was to the negotiators.

The information, he said, came through a personal friend who pressed him to secrecy regarding its source.

"The name of the man given me was supposed to have done the kidnaping or to have collected the ransom money," said Superintendent Crowley. "I forwarded this information to Colonel Schwarzkopf in regular police procedure. It was information which could not be handled by local investigators.

"When the latter told him that the information sounded very positive to me and asked him to give it special attention."

FINAL TRIBUTE PAID BY FRANCE TO PAUL DOUMER

Edge, also in full dress, acting as ambassador extraordinary and plenipotentiary of the United States, represented President Hoover.

General John J. Pershing, upon the invitation of the French government, marched with the diplomatic corps.

Public Tribute.

The streets were lined scores deep, while many leaned out of every window along the way. It was a public mourning in many respects without equal in French history.

The procession left the Elysee Palace at 8:00 a. m., and an hour and a half later arrived at the famous cathedral. Loud speakers were placed outside, where hundreds of thousands listened to the solemn rites.

Simultaneously every cathedral in France and virtually every church, however small, heard eulogies of the assassinated president similar to that given by the cardinal.

Allegheny Singers At Epworth Church

Unaccompanied Choir Gives Splendid Performance Of Vocal Ability In Church

Music lovers, who attended the concert in the Epworth Methodist church Wednesday evening were delighted with the splendid program presented by the A Capella choir of forty-five college students from Allegheny College, under the direction of Prof. Morton J. Luvaas.

The choir mixed voices accompanied and the varied program gave excellent opportunity to display the riches of the voices.

The director is a graduate of St. Olaf College and a former member of the famous St. Olaf choir.

Especially effective was the chorus in which the voices resembled the sonorous tones of a pipe organ.

The group of singers was entertained at a splendid dinner in the dining room of the church preceding the concert, with the members of the Women's Home Missionary Society of Epworth church as hostesses.

AKRON IS REFUELED AND READY TO MAKE LAST LEG OF JOURNEY

(Continued From Page One)

Akron here yesterday morning, Lieut. Wakup suffered a broken arm.

Robert Cowart, young naval specialist, was not the worse today for having been carried aloft and dangled in mid air for an hour and a half before being pulled to safety on the Akron.

Completing its maiden transcontinental journey during which it battled the elements successfully, the Akron arrived over the army field here shortly after 9 a. m. yesterday. Between that time and 11:40 a. m. four attempts were made to moor the ship. On the fourth attempt with crews manning the lines, a walking line rung broke on the portside permitting that side to surge sharply upward.

Men Carried Aloft

Between 75 and 100 men were carried off their feet. All except four dropped to the ground.

Fifteen feet up Wakup let go and sustained a broken arm.

Three others held on.

"For God's sake let go," some one shouted.

One hundred and fifty feet up, Hinton let loose. His body hurtled down and rebounded from the earth.

A second later from an altitude of 200 feet Rasail fell to his death.

The fourth man, young Cowart, held on and for nearly two hours his fate held the crowd spell-bound. The thousands who watched were too limp to cheer as they saw Cowart drawn finally through a hatch door of the Akron. It was a tremendous sigh of relief that went upward.

"This was the first fatal accident of this kind," Lieut. Commander C. E. Rosendahl, commanding officer of the Akron, said today, "and I feel very badly about it. It was unavoidable. We encountered most peculiar landing conditions the air was cool and calm at 3,000 feet but at 1,000 to 1,500 feet there were warm upward currents, one of which caused the Akron to shoot up.

"We had about one sixth of our fuel supply when we landed here. It had not been our intention to stop but it would would have been foolish to have continued without refueling."

TARIFF BECOMES ISSUE FOLLOWING VETO BY HOOVER

as a "popgun bill" Rep. Snell of New York, Republican leader, challenged the Democrats to propose a specific revision of the Hawley-Smoot tariff law and take it to the country.

The vetoed bill, which the house passed 314 to 102, provided for an international conference to lower tariff barriers and stripped the president of his tariff-making under the flexible provisions. The house voted 178 to 166 to over-ride the veto, but the efforts lacked a two-thirds vote.

COMMANDER PAYS TRIBUTE TO SAILOR'S NERVE

swaying pendulum like a groping curiously tossed beneath the 785-foot steel titan of the air.

Reuben slid through a hatch in the side of the Akron after being drawn up inch by inch, Cowart remarked:

"Whew! I'm all right but I wouldn't do that again for a million dollars."

"Bob" was more concerned today in scraping the grease off his uniform with a worn jack knife than he was with the pleasantries of his buddies and the cheers of the populace.

Had His Orders.

"I had orders to hold on and I held on and sat with it," he said.

"I knew that the ship was getting out of control. I was going to let go and drop but I saw too many of my buddies underneath.

"I was rapidly being carried upward and when I was near enough below to jump, I was too high up to jump.

Hinton and Edsell (who were killed) and Wakup (who was injured) were all on the rope below me. I saw them fall. I felt sick and scared but I knew on. After they had left the ship I found I was standing on the top wooden foggie in the spader line and was grasping the rope with both hands. I straddled the foggie and as the rope was greasy and slippery, I tied a couple of bowline knots around my waist.

Texas Like Father.

"I didn't know whether the rope would hold out but I didn't have much time to think about that. I was too busy wondering what would happen next.

"I'm sure glad I made it. You know, I want to be the all-navy welterweight boxing championship."

Drawn through the hatch of the Akron, he was offered some aromatic spirits of ammonia.

How About Food?

"What do I need that for?" he inquired. "But I'd like something to eat."

He was the nerviest man I've ever seen," said Lieut. Commander C. E. Rosendahl, commanding officer of the Akron.

"We made the rescue at an altitude of about 2,000 feet directly above the mooring mast.

"When we saw Cowart clinging to the line below us, it looked as if he had become fouled in the line and was unable to free himself. We first planned to bring the Akron as near earth as possible so that he could jump to a fire net below, but feared the man might be unconscious and abandoned that plan.

"We rigged up a hand driven winch and slowly brought him upward. When we got him within a few feet of the nose we let down a hatch and it was an easy matter to bring him in.

"But I've never seen such nerve in all my life."

Police Guarding Copper Co. Offices

Factions Of Stockholders Battle For Control Of Copper Corporation

(International News Service)

NEW YORK, May 12.—The offices of the Consolidated Copper Mines Corp. were under police guard today as the management and opposition stockholders breathed defiance at each other.

Howard D. Smith, president whose regime has been under fire for three years, today branded his being voted out of office yesterday as illegal and declared he would fight the matter through the courts before surrendering.

The opposition, meanwhile, led by Ray W. Higgins, of Duluth, who was elected president to succeed Smith, declared they would take a day or two off to think things over after their unsuccessful effort to storm the company's offices yesterday.

The police kept the Higgins group out in their effort to seize the corporation's offices, books, records and cash.

Holdup Victims Are In Hospital, Suspects Taken

Robbery Occurs On East Cherry Street Near The Baltimore And Ohio Shops

Johnny James, Wilson avenue, and Frank Bellotti, 1317 Beloit street, are being held in the police station as suspects in the holdup early this morning on East Cherry street, in the vicinity of the Baltimore & Ohio shops, in which John Zoltani and Mike Kosmer, Hungarians, both of 547 East Long avenue, were badly beaten and the latter was robbed of some $10 or $12 that he had left from his pay check at the local tin plant.

The two holdup victims received many deep cuts yesterday. Mike had his cashed previous to meeting up with those responsible for their holdup. Zoltani had been fortunate enough not to cash his check, so it was not taken from him. The holdup occurred some time shortly after 6 o'clock this morning.

Officers Cooper and Gallo remembered that as they stood at North Liberty and Cherry streets early in the morning they had seen a car go past on Cherry street in which there had been five men, two of whom they remember having been holiday visitors. When the machine returned, two men were missing.

Officer Cooper noted the car and its license number and the officers went to the home of Johnny James, Wilson avenue, and found the car there. They arrested James and later secured information that resulted in the arrest of Bellotti. The holdup victims, who were severely beaten, especially about the head, were taken to the hospital. The men under arrest will be held until the holdup victims have recovered sufficiently to look them over.

Lindbergh Case Scene Is Shifted

Norfolk, Va., Angle Seems To Have Faded Out Of Picture Now

By EDWARD B. LOCKETT

International News Service Staff Correspondent

NORFOLK, Va., May 12.—Tidewater, Va., which has played an important part in the nation-wide hunt for the kidnaped son of Col. and Mrs. Charles A. Lindbergh, seemed out of the picture today.

John Hughes Curtis, now working at Long Island, N. Y., has promised fellow associates he would bring the baby back here if he secured it, but there was nothing to indicate definitely either that he would get the child or that if he did he would be able to bring it to Norfolk.

The yacht Marcon, owned by Col. Charles H. Consolve, hotel magnate of Norfolk, Richmond and Baltimore, which has been used in the negotiations for the past two weeks, was today in Curtis' boatyard awaiting repairs to a loose muffler.

Her skipper, Captain Frank N. Lockmann, was confident she would be used again in the Lindbergh baby hunt, but said she would probably be under repairs all of today and probably part of tomorrow. He apparently does not expect that the boat will go out again until Saturday at the earliest.

EVENING BRIDGE HONORS BRIDE-ELECT

A most delightful evening bridge was given Wednesday in the home of Mrs. L. M. Alexander, 208 Englewood avenue, when she entertained informally a group of girls in honor of Miss E. Grayce Jones of Meyer avenue, who will become the bride of Joseph Soeder of Cleveland, O., this summer.

This affair was in the form of a "kitchen shower" and the honored one was the recipient of many lovely gifts as a result, to use in her new home. This feature was cleverly carried out and proved a complete surprise.

The remaining hours of the evening were devoted to a contest in bridge, five tables being in play. At the conclusion of the game it was discovered the trophies for honors were won by Miss Lois Martin and Mrs. Kenneth Brown.

In bringing this event to a close, the hostess, assisted by her sister, Mrs. James D. Crawford; her aunt, Mrs. John Foster, and Mrs. Vance Veach, served a very delicious lunch. The small tables were re-arranged and prettily decoraetd in an array of pastel tones. Vases of spring flowers were used as centerpieces.

WHEN TEETHING makes HIM FUSSY

Teething time brings its troubles! For so often teeth cut through the tender gums in hot weather, when there is danger of digestive upsets anyway.
One of the most important things you can do to make a teething baby comfortable, is to see that waste matter is carried off promptly and regularly.
For this, there's nothing like Castoria. It is made specially for the delicate needs of babies and children. It acts so gently, you can give it to young infants to relieve colic pains. Yet it is always effective—keeps older children well regulated.
Castoria is a harmless vegetable preparation; it contains no harsh drugs, no narcotics.
When your baby is fretful and feverish with teething or a stomach disturbance, give a cleansing dose of Castoria to make him comfortable and happy. Children like the taste of genuine Castoria—never object to taking it. Be sure you get it with the name Chas. H. Fletcher on the package.

ENGLAND REVERSING TACTICS TOWARD U. S.

"THE United States is all right," Lord Rothermere's Daily Mail of London, Eng., said in a full page editorial yesterday, contrasting with the recent indirect anti-dollar campaign which the newspaper carried on with other British papers. Lord Rothermere signed the editorial.

"The time may be closer at hand than many people yet believe when the two great Anglo-Saxon nations will lead the rest of the world in the path of economic recovery," the editorial said.

"They are equipped in every respect to render this historic service to humanity."

The Daily Mail made a sweeping acknowledgment of the United States' resources and capacity to overcome difficulties and said there was no likelihood that the gold standard would be suspended.

"I believe we may soon expect the fully justified return of the self-reliant spirit of enterprise which in the past century raised the United States from the level of a small and almost impoverished agricultural community to the greatest industrial nation of the world," the editorial continued.

"I look with complete confidence toward the complete restoration of American prosperity."

The editorial was interpreted in England as part of a widespread trend of thought in Britain that the time has come for the United States and Great Britain to lead the world in economic recovery.

THE NEW FRENCH PRESIDENT

With M. Painleve's withdrawal from the contest, the election of M. Albert Francois Le Brun as the new President of the French Republic was assured from the outset. The assassination of M. Doumer had made anything like a contest unseemly, especially while the dead President was still lying in state at the Elysee. Besides, M. Le Brun, as President of the Senate, might be regarded as the logical successor to one who had not so long since occupied the same position. The post which he now takes is practically non-political, though so resolute a man as M. Poincare could exercise great influence. But the main duty of the President is to represent the Republic on occasions of ceremony, holding an even balance among conflicting parties. National politcies are determined by Ministries.

A new Parliament comes into being on the first of June, and until then the present Tardieu Ministry will presumably hold over, performing only perfunctory duties. There is no apparent reason to doubt that M. Herroit will be M. Tardieu's successor as Premier. He represents the largest group on the Chamber, and he will probably draw to his support a sufficient number of smaller groups to make his position secure for the present. It is an unfortunate feature of French political life that the bloc system should be so firmly established that Ministries can live mainly by playing one bloc against another.

The new President, who has had an honorable if not a distinguished career, will take office with the good will of all parties. So far as he is able to exercise influence, it will undoubtedly be on the side of moderation. Perhaps it would be premature to anticipate an era of good feeling. M. Herriot, like Browning, "was ever a fighter." But in the present state of world affairs he may count upon a fair measure of national sympathy, though the attitude of the Socialists will have much to do with his tenure of office.—Philadelphia Inquirer.

DRIVERS—MALE AND FEMALE

That moot question whether women drivers are more careful and more accident proof than men in reopened by records of an accident insurance company dealing with 7,600,000 licensed drivers and their accident records.

While the proportion of women drivers is about one in four, their accident record is from four to five times as good as that of the opposite sex. The ratio of fatal accidents among men as one to every 726 drivers; among women, one to every 3,558. Of non-fatal accidents there was one for every 22 men and one for every 89 women.

Considered alone these statistics make out a good case for the woman driver, but the fact is they prove nothing. Men will read them and still prefer to meet on the highways the vehicle with a man at the wheel.

The figures fail to show the relative mileage of the man and the woman driver; to what extent the proneness of the male driver to go abroad in weather which keeps the woman at home may affect the results, and whether the woman's driving takes her out during the hours of greatest traffic congestion. These are all unknown quantities, yet they are essential to an accurate conclusion.

The fact remains that there are speed maniacs in both sexes, careful drivers and careless drivers in both trousers and skirts, thoughtless drivers and thoughtful drivers on both sides, but when it comes to a tight squeeze the man is better able to come through without a scratch.

"ELECTRICAL" SURGERY

Primitive surgery was more butchery than mercy. Without anaesthetics and with only crude tools to work with, and with an even cruder knowledge of anatomy and surgery, the early surgeons were more successful in torturing their "victims" than in saving life, and the people of their times were justified in looking upon them as little better than leeches and blood-letting barbers.

Today the surgeon is a true messenger of mercy. He saves lives as a matter of course and his operations are performed without pain and suffering. And yet he is constantly improving upon his science.

In days when surgery was cruel, the surgeon depended on fire to check the flow of blood from a crude operation, cauterizing the wound for lack of knowledge of better methods. In a sort of cycle surgery has come back to this means of preventing bleeding, but the red-hot iron is replaced by a low-frequency current of electricity which rapidly coagulates the blood in veins and arteries and in a measure heals the wound as it is made.

This new discovery makes possible the use of the electric "knife" in both making and healing the incision. It comes up to expectations, it promises another major victory for the art and science of surgery by removing much of the danger following the actual operation.

All Of Us

I Said I Was "Tolerant"
But Someone Abused My State
And I Blew Up

By MARSHALL MASLIN

I said to myself:

"I'm free. I have no narrow provincialisms. I love the whole earth. I can find something beautiful, something worth loving, in every corner of it where I may happen to be. That's me—broad and fair-minded—a citizen of every state. Like Walt Whitman, citizen of the World, citizen of the Universe."

* * *

"No little citizen, me. Maine woods, broad Mississippi, Texas cattle land, Kansis field, New Mexican desert, deep-burrowed Montana, green Oregon, tall Sequablas of California—all mine, whether seen or still to be admired. Others may be narrowly patriotic over their little niche in the earth, over their own familiar edge of creation, rooted in their own soil and forever antagonist to all that is faintly foreign. Not me—I'm free!"

* * *

That's what I felt and was enormously proud of my breath of mind, of my maturity. How splendid it would be if all were like me!

And walked down the street and met a man who began to criticise my state. Never mind what he said. Details are not necessary. He came from another place and wished he were there instead of here. He did not like the trees nor the flowers nor the color nor the texture of the landscape. It was hateful to him, it was foreign and repulsive...He explained in short words, his aversion for my own state, for my soil...Did I keep myself calm? Did I think to myself,, "The man is homesick and that's why he talks as he does. Even when he's home he is probably unhappy. Let him rave, what on earth does it matter?"

No, I didn't. The hair rose at the back of my neck. A low growl crept up within me and he might have heard it. Something within me sneered, I fear...A stranger knocking my home state! Daring, a visitor, to say such things. I, who had been so free, felt like a flag flying. ...And choked my wrath and diluted it with bitter pity for the stupid fellow and said him a curt good-by and walked, stiff-legged, away.

Where was my tolerance, where was my wisdom, my world-citizenship? Gone, faded, fled...But what did I care? What right had He to abuse my native state?

Just Folks

By EDGAR A. GUEST

HELPLESSNESS

He seemed so solemn sad when he
Came in to tell his grief to me,
And it was on my lips to say
That I had heard that very day
A dozen tales of hurt and woe
From others whom I chanced to know.
But something stopped me, and I stood
And let him talk as best he could.

He was a man I'd never seen,
To me his care could little mean.
I could have sent him off unheard
With but a crisp and cruel word.
Then henceforth he would live as one
Whom I had turned my back upon.
And thinking thus, I heard him through,
Though there was little I could do.

The thing that hurts in Trouble's clutch
Is not that one must do so much
For others worried and distressed,
But that full friendship, at its best,
So very little can bestow
To ease another's weight of woe,
And that so often comes the call
From those it cannot help at all.

IT IS NOT ENOUGH

To have convictions; we must stand by them.
To have faith; we must live by it.
To know the truth; we must govern our lives by it.
To see the right; we must set out to reach it.
To admit our mistakes; we must attempt to right them.
To be on the move; we must move in the right direction.
To be active; we must be doing something.

GENTLE PLAY IS BEST FOR BABES

A few minutes of gentle play now and then is good for the baby. But some of the play commonly indulged in, such as tickling, punching or tossing the child up and down on the parent's knees, tossing him and shaking his bed or carriage, is positively dangerous. For instance, when you tickle a baby he's liable to come back and jork off one of your ears. When you toss a child up and down on your knee, watch out for a swift kick in the shins. Pretend you're going to punch him and watch the little fellow swing a left hook at your jaw. Shake his crib and he'll crown you with his bottle. Toss him up in the air and he'll as likely as not toss you out the window with a jiu-jitsu trick.

This does not mean that the baby should be left completely alone when he is awake. In fact, if you don't keep an eye on him, there's no telling what he'll do. Many a parent has been knocked cold by an empty milk bottle heaved across the room by a fretful babe.

Don't play bridge with baby unless you're pretty good at it. Many a baby has left his parents in a huff because they led with the wrong card. The morning is the best time for playing with the baby. The advantage of it is that you'll be down at the office, hard at work.

New Georgia Senator Wins Praise For Civic Leadership

Head Of Atlanta Journal Credited With Public Service In Many Spheres And Personal Popularity Throughout Country

Appointment of Major John S. Cohen, president and editor of the Atlanta Journal, as United States Senator from Georgia, to fill the unexpired term of the late Senator William J. Harris, is made the occasion for earnest commendation of his services as a conspicuous representative of the American press. Ability and character of outstanding quality are declared to have contributed to his influence, while his zeal for all enterprises in the interest of community and country is recognized.

"Not only is he a citizen of whom Georgia is proud," says the CHARLESTON (S. C.) EVENING POST, "but his outstanding services in many fields of civic endeavor have given him a reputation that extends far beyond the borders of his State, and he is probably one of the most popular newspaper men in the country." That paper records the fact that he has been for years a strong figure in the Democratic party, and that "the Senate will have the benefit of his service during the present extremely important session."

Terming him "a militant editor," the SCRANTON TIMES declares: "By his fellow members of the Fourth Estate, his appointment is warmly received." Pointing to the fact that he "has been Democratic National Committeeman from Georgia since 1924," The Times views him as "one of the most prominent figures in that organization below the Mason and Dixon line," and says as to his career: "Major Cohen comes of a distinguished Southern family. He has been in the Navy, later was an officer in the Spanish-American war, and prominent in educational affairs, helping to found the Lee School of Journalism at Washington and Lee University in Virginia.

"The new Senator," according to the PHILADELPHIA EVENING BULLETIN, "is one of Georgia's first citizens, prominent in his profession as editor and publisher, a leader in politics as a member of the Democratic National Committee, a patron of every cultural interest in his city and State, and a prime mover in all enterprises of civic progress and improvement. He is of the manner of men who achieve success so consistently that it comes to be expected of all that they undertake. Major Cohen's appointment will recall the days in a past generation when Henry W. Grady electrified the nation with his eloquent interpretation of the mind and purpose of the New South, which he served so ably through his newspaper as well as at Washington and in the messages he carried to Northern audiences. The new Georgia Senator is a worthy representative of the newspaper influence in the new and progressive South."

Associates on the staff of the ATLANTA JOURNAL, in the absence of their chief, offer to the public an intimate view of the editor and Senator, and in the course of their fine appreciation they state: "The public knows the new Senator as one whose life has been devoted to the upbuilding of his city and commonwealth and country, to the advancement of Democratic ideals, to the fostering of good will and good works. But we know as a human personality, which is at once the surest and the severest test by which a man can be measured. That he is faithful to his every trust from the least to the largest; that he combines chivalry with courage, tolerance with convictions, and common sense with breadth of outlook; that he loves Georgia with the deep and quiet patriotism of one whose forbears shed their blood for her freedom and dedicated their lives to her good; that he has more of strong gentleness and Christian charity than any man it has been our fortune to know; and that he will regard the high honor which now comes to him, not as a personal tribute, but as a public obligation, thinking, as always, first of his duty and last of himself—this is the simple truth of Major John S. Cohen, as long years have revealed him to The Journal staff."

Friends and admirers will be pleased by this recognition of a man of great charm and ability, whose political strength in his State has been conspicuous for a number of years," states the BIRMINGHAM AGE-HERALD, with the comment on the short period he has to serve, that "when one dons the toga for a limited time, the future has no perturbations and the present is a path of glory." Looking forward to a warm battle for the post on the conclusion of Major Cohen's term, The Age-Herald remarks: "Gov. Russell is preparing to land the permanent possession of this senatorship. He has been a veritable Henry of Navarre in Georgia politics, but his mettle will be tested severely in his next encounter by the quality of his leading opponent, Charles R. Crisp, a veteran congressman, who has recently won the favorable attention of the nation. This contest bids fair to be both colorful and gruelling."

"Senator Cohen has a keen sense of public responsibility," declares the ATLANTA JOURNAL OF LABOR. "As Democratic National Committeeman he has served his party in a commendable way, preserving harmony and unity and bringing to the national councils a degree of wisdom that has been unusually strong. In his relations with the public, whether in private business or political fashion, he has been honest and fair. His co-workers of the Atlanta Journal know him as their friend. He will make a good Senator. He is not unknown at Washington and will not go, therefore, as a stranger to our national capital. There he has been known and respected for years. Neither is he a stranger to national problems and questions, and is fitted to enter immediately upon his duties as a Senator. We predict that he will make a most worthy successor to that great Georgian, William J. Harris."

Placing him "in the front rank of that clear-visioned leadership which has been directing the thought and energies of the South," the NASHVILLE BANNER remarks that "though national in his viewpoint of the duties of citizenship and journalism, his inheritance of distinguished Southern ancestry, his birth and residence in the South, the scene of his life work, easily account for the circumstance that he has striven so earnestly and effectively from early manhood to the years of his present maturity for the upbuilding of the fortunes and laying broad the foundation for the expanding destiny of the Southern States."

The World AND THE Mud Puddles

BETTER HISTORIES NEEDED

History instruction in South America is giving educators serious concern and efforts are being made to meet a situation that is widely recognized as demanding a remedy.

There are two chief problems. The first is the lack of satisfactory text books, and the second the general belief that a great many school books dealing with history are inaccurate, partisan and frequently misleading.

A recent investigation shows that in forty Latin American universities, history text books are not used, either because those available are inadequate or because they are under suspicion. In these universities, history classes consist of oral instruction, it being left to the teacher to provide his pupils with the best information possible.

AGITATING EMPLOYES

Are you the sort of employe who appears to honor and respect the superior when he is about, but denounce him when he is absent?

Are you prone to make the most deprecating remarks about him when in conversation with other employes?

Do you try to impress them with the fact that he is a driver, that he is incapable of filling the place he holds and that he retains his job because of a pull somewhere?

In fact are you a general agitator of dissatisfaction where you work?

Do you try to convince others that the boss imposes on them?

Instead of increasing your own speed do you try to influence others to drop down to your tempo?

Do you often turn your work over to others to lessen your efforts?

Workers of your sort should be weeded out.

Not all who are employed at the present, deserve to be.

But if you try to avoid your just share of work "you will get yours."

Egg Laying Now At Peak

Average 900 Pheasant Eggs A Day At Jordan State Game Farm

MANY THOUSAND TO BE HATCHED AT FARM

With an immense production of over 900 pheasant eggs a day, the laying season at the Jordan State Game farm is at its peak. On one day this season 1,024 eggs were laid, the highest number ever reached in one day at this great propagation farm.

Superintendent V. T. Warfel and his assistants have a tremendous task on their hands and are kept hurrying every hour caring for the ringnecks in the fields, gathering, packing and setting eggs and welcoming the hundreds of pheasant chicks who are arriving daily.

To date 15,600 eggs have been laid by the pheasants in captivity. Of that number, 6,103 were laid during the week of May 1 to 7. Since the laying season got underway there has never been less than 900 a day.

Thousands of the eggs are being packed and sent to various parts of the state. Thousands of other eggs are being arranged in little nests where they are hatched at the game farm by ordinary barnyard chickens.

Superintendent Warfel this morning informed a News representative that 9,600 eggs have been set at the farm to date and the setting will be continued until a grand total of 23,000 eggs is reached. That is to say, 23,000 eggs will be hatched at the game farm, most of the live chicks to be shipped out when they are from 6 to 8 weeks of age. The superintendent estimates that between 75 percent and 80 percent of the eggs will hatch, producing about 17,000 baby ringnecks. Of this number, 2000 will probably be kept at the farm for next year's breeding and the rest will be shipped through the state. There will undoubtedly be some loss of chicks before they reach the age necessary before they can be sent away.

Already this season 2,500 eggs have been packed and sent to state game refuge keepers, and 3,500 have been sent to interested sportsmen who will hatch and turn them loose in the fields.

Egg laying will keep at the same high level it has been achieving these past two weeks until the first of June when it will commence declining. All that can be handled will be hatched at the game farm. Excess will be shipped in egg form.

The Jordan State Game farm covers several hundred acres, is one of two in the state of Pennsylvania, and is located one mile from Harlansburg, Lawrence county.

INHALING has long been an "untouchable"... a subject taboo in the tobacco trade...a "sacred cow"! Why?...Because in every tobacco leaf—even the finest, the mildest—nature hides certain impurities which, when not removed, are unkind to delicate membranes!

And since, knowingly or unknowingly, we *all* inhale some part of the smoke from our cigarette—Lucky Strike developed that great scientific process which removes certain impurities. Luckies created that process. Only Luckies have it!

Gospel Tabernacle Pastor's Reception

Wednesday Evening Service Is Conducted As A Welcome To Rev. And Mrs. Westover

The Wednesday evening services in the Gospel Tabernacle of the Christian and Missionary Alliance took the form of a reception for the new pastor, Rev. Clarence Westover, and his wife, and was in charge of the elders of the church.

John Lewis was in charge of the program and gave the address of welcome after which a quintet of elders—James Cann, W. S. Dufford, John Lewis, C. W. Drish and Dan Pitzer—sang a hymn from one of the books used when the Alliance was first organized. They sang "Yes Our Lord is Coming Back Again" and "How Sweet is His Name."

An old-fashioned class meeting was held and each elder spoke briefly, after which John Lewis sang a solo and the elders gave a brief history of the early days of the Alliance in New Castle and welcomed Rev. and Mrs. Westover most heartily.

An informal hour of fellowship ensued and during this time a beautiful corsage was presented to Mrs. Westover by William Gamble, president of the young people's organization, and the meaning of each "flower" in the beautifully arranged bouquet was explained by Joseph Jenkins. When Mrs. Westover removed the tissue covering it was found the flowers were vegetables.

The honored couple were then escorted to the basement of the church where the congregation had arranged their gifts for the event and it required a small truck to take the offerings to the home of the pastor.

Free Night School Is Planned Here

Will Be Started In Fall At North Street School Building

In an effort to help train some of the unemployed young men and women of the city, the New Castle schools will open a free night school in the North street building next fall, following the action of the board Wednesday evening.

Dr. C. C. Green, superintendent, said to the board that it was his opinion that in these times of unemployment, many young men and women could aid themselves by study in night schools, in order to be prepared for better jobs when business returns.

The classes will be held in the North street school and the teachers will donate their services free. There are many second hand books in stock which could be used, so that the total expense of the classes will be the light, paper and pencils used.

Dr. Green had already put the matter up to the teachers of the schools, asking if they were willing to donate service in the classes. One hundred and fifty of the New Castle teachers have offered to donate one evening per week free as instructors in the classes.

The board endorsed the idea and arrangements for opening the school next fall will be made.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931 C. M. Co.

SIX PLIES?

You can count six layers of cord fabric here, but the first two under the tread do not run from bead to bead. Some tire-makers count these as "plies," but they are really "breaker strips," so we call them that

Of course you want quality when you buy tires. You want all the safety, all the sturdy strength, all the long life and trouble-free mileage a dollar can buy.

And you *get quality* in Goodyear Pathfinders—millions of people like yourself know that from happy experience. Because it has always been "the quality tire within the reach of all"—Goodyear Pathfinder is one of the big reasons for Goodyear popularity.

Now look what these tires cost today. There's no need to tell you that quality has never been so low-priced—the figures shown here make you ask yourself: Why be satisfied with second-choice tires when first-choice tires cost no more?

MERCER, May 12.—George E. Hamilton of Mercer, Civil War veteran, aged 87 years, voted for his seventeenth president at the recent primaries. Hamilton has been a life long Republican. When a lad of 20 years yet in the army he attempted to cast a ballot for Lincoln at the polling booth at the army headquarters.

Had it not been for the appearance of his major to whom he had confided his age he would have succeeded.

County Committee Organization Talk

Two Factions Within The Party Are Lining Up Support For Candidates

Political interest in Lawrence county for the time being seems to be centered in the county organization of the Republican executive committee. Leaders of the old line faction and the progressives are seeking aid in the election of a chairman. Old time support is to have centered on W. A. Brown of Wampum for chairman. Mr. Brown has been treasurer of the committee for a number of years.

According to the latest reports State Senator George T. Weingartner may be the candidate of the progressives. Mr. Weingartner is not a recently elected member of the committee, but under the rules the chairman need not necessarily be a member. Should it be decided to take a chairman from the committee it is said that Harvey Mulholland will likely secure the support of progressives. Mr. Mulholland is a member of the committee in the sixth precinct of the second ward.

No information has yet been given out as to when the committee is likely to meet for organization.

Lawrence County Helped By Cupid

Ohio Marriage Licenses Add Considerable Revenue To County Treasury

Lawrence county is reaping considerable commendation from marriage licenses issued to Ohio couples since the new marriage license law in Ohio, requiring five days' notice of intention went into effect. Often as high as a dozen Ohio couples come here in a day for license. The marriage license fee is $2.50. Of this amount the county gets $2 and the state 50 cents.

In addition to being an advantage to the county, Lawrence county ministers, aldermen and justices of the peace are benefitted as the law requires that the couple be married in Pennsylvania.

Children Trampled By Unruly Crowd At Doumer Funeral

(International News Service)

PARIS, May 12.—A crowd of half a million people which had gathered in the square in front of the Pantheon to hear funeral services for President Doumer became unruly and got out of control of police today.

Four children were trampled and scores swooned as people tried to get within hearing distance of the Pantheon steps and the loud speakers. There were numerous fist fights.

Finally the tank corps, without their tanks, were called out to control the crowd.

As the body of the slain president arrived at the Pantheon a woman shouted:

"Down With Russia!"

The crowd immediately took up the cry, whereupon police rushed in and seized the leader of the group.

The unruliness was kept up until Premier Andre Tardieu mounted the Pantheon steps to deliver the nation's official eulogy, whereupon the crowd quieted down and listened attentively.

LONDON, May 12.—Underwriters are investigating an insurance policy of 37,000 pounds taken out in London by a Dutch firm 11 months ago on the life of Paul Doumer, assassinated president of France, the Daily Telegraph said today.

(The amount of the policy at the time it was taken out represented about $180,000 in American money).

The investigators were particularly interested, the Telegraph said in the fact the policy specifically covered the possibility of assassination, and benefited only the firm and nine relatives of M. Doumer.

Cruelty Charged To Deputy Game Warden

Said To Have Grabbed Dog By Hind Legs And Beaten It

BADEN, Pa., May 12.—Said to have brutally beaten a dog by holding its hind legs and dashing its head against the ground, after snatching it from the arms of a little girl, Deputy Game Warden A. B. McVicker of Harmony township, was fined $20 and costs at a hearing before Justice of the Peace A. C. Gentis, on a charge of cruelty to animals.

The information against McVicker was made by Mrs. Mary H. Ross who, with a delegation of indignant Baden women, testified in behalf of the prosecution.

McVicker, according to the testimony of witnesses, seized the dog from the arms of a little girl in Virginia terrace, where he had been summoned to remove a stray dog to the pound, and handled it brutally when the animal snapped at his fingers. After battering its head against the ground, witnesses said, he threw the animal in his car and slammed the door against its legs. The injured dog, a small terrier, was produced at the hearing where it displayed fear of the game warden.

Senator Quinn To Wed Wealthy Girl

State Senator Quinn Will Wed Rich Girl, But It Isn't Miss Doris Duke

(International News Service)

NEW YORK, May 12.—State Senator Elmer F. Quinn is to marry an heiress, but she is not Doris Duke, called "the richest girl in the world."

Statements of any number of friends of Quinn that he was engaged to Miss Duke caused publication of the news, which was later denied.

The heiress' mother, Mrs. James B. Duke, said at their residence, E. 78th St.:

"Neither my daughter nor I has had the pleasure of meeting the gentleman. In fact, we have never heard of him. It is customary in instances like this for the young lady and the young man to announce the engagement."

Quinn, however, did not make the announcement. Nor did he deny the report when it was told to him. Rather, the entire story was due to political friends who stated positively that the heiress in the Senator's life was Miss Duke, who inherited a $53,000,000 estate.

Just who Quinn's future bride is could not be learned, although it is known that she is the daughter of an investment banker.

Mellon Appears In Evening Dress

Does Not Follow Custom And Wear Knee Breeches At Ceremony

LONDON, May 12.—A thousand debutantes of all lands, wearing gowns that will be preserved for decades, and Ambassador Andrew W. Mellon, following General Chas. G. Dawes' example by wearing ordinary evening dress, were presented last night to the British royal family in the Gold Throne room of Buckingham Palace.

Among the debutantes and matrons were 13 Americans, including Mrs. David K. E. Bruce of New York, daughter of the ambassador, who will conduct the American presentations in the remaining three courts of the season. Eight more American debutantes and matrons will be presented today.

Ambassador Mellon kept the attire he would wear secret until his departure from the embassy, when he was finally disclosed in the usual claw-hammer coat, long trousers and white tie. He had considered wearing short breeches, but he was questioned so often on this that after fretting all afternoon, he finally decided that discretion was the better part of tradition.

CONVICTS COMPLAIN OF LACK OF WORK

(International News Service)

PARIS, May 12.—Prisoners of the French penitentiaries are out of a job.

It is the same old story—overproduction.

The output of prisons of all kinds of merchandise aroused the protests of legitimate merchants and industrialists so the order went out to make the prisoners cease working.

Wardens say convicts are complaining about the idle hours they spend in their cells. Some of the prisoners are being given part-time jobs for good behaviour.

LAMB CARRIES SPARE PARTS ALL AROUND

(International News Service)

GOLDENDALE, Wash., May 12—A lamb with five legs, six feet and two tails and which was one of a pair of twins, was the freak of nature born on the Roy Matson sheep ranch near Toppenish.

The extra leg was fastened to the body with loose skin, with no joint although the leg bones are normal. There are two feet on this leg. The lamb's tail is forked.

The freak's twin is normal and large for its age.

Scientists Successful In Correcting Nature's Failure To Create Alike

Scientists Can Now Make All Men Free And Equal With New Experiment

Extracts Of Pituitary Gland Used To Correct Development Of Abnormal Persons

By LEIGH MATTESON
International News Service Science Writer

NEW ORLEANS, May 12.—Successful scientific efforts to correct nature's failure to create men free and equal were reported today to the American Medical Association.

The efforts were based directly on recent important discoveries about the ductless glands. It is found they not only initiate the development of adult sex characteristics but also fix generally the quality of mental and emotional responsiveness.

Treatments of 25 abnormal or subnormal children were reported by Drs. Louis A. Lurie and J. Victor Greenebaum, of the Psychopathica Institute of Jewish Hospital and the United Jewish Social Agencies, Cincinnati.

Eighteen Abnormal

Eighteen of the youngsters were abnormal in behavior and were headed for jail or corrective institutions. Fifteen of these were completely reclaimed for society and established with normal emotional and mental characteristics by treatment with extracts of the pituitary gland, a small mass of tissue at the base of the skull.

The crucial series of cases is believed by experts in physiology to pave the way to the day when physicians may be able to make every young human being, especially those victims of minor types of mental and emotional sluggishness, grow to the full spiritual and emotional height consistent with their heredity and advance toward a genuine physiological democracy where people are free from emotional defects and equal in general intelligence with the average run of other persons.

All the cases reported by the Cincinnati physicians were the result of improper functioning of the pituitary gland, but they assert that other emotional, mental and physical disorders of childhood are the result of deficinecy of other glands of the endocrine system.

The mental and emotional rehabilitation of the youngsters was accomplished by giving whole pituitary body extracts by mouth daily and subcutaneous injections of the anterior lobe extract, as the cases warranted. The pituitary gland produces two kinds of hormones, or chemicals, which are thrown into the blood stream. One kind is produced by the front portion and the other by the rear, or anterior, lobe.

Youth Is Cured

One of the most remarkable cures effected was with a boy, identified as H. S., who came under observation at the age of 11. He was a failure at school, a delinquent at home, stole relatively large sums of money from parents, relatives and friends, and had a decidely effeminate appearance. After two years of treatment with pituitary extract he is now normal in every respect, scorns opportunities to steal money, has lost his girlish appearance and is mentally and emotionally alert.

Similarly a six-year-old girl was raised from a decided state of infantilism at the age of five until now, at 11 years of age, she is ahead of girls her own age in school work and behaves normally in every respect.

To Dare Atlantic

So confident is "Art" Bussy (above), well-known pilot and president of the United Air Lines, that he can lick Old Man Atlantic that he has advertised for passengers who are desirous of flying from New York to London. Bussy plans to make the flight via Harbor Grace, Newfoundland, where he would stop to refuel. The New York-London trip would take 24 hours. He is said to have received a number of replies to his "ad."

EQUIP BIKES WITH CAMERAS, RADIOS

(International News Service)

CINCINNATI, O., May 12—Cincinnati police have a new weapon. It's a camera.

So police can offer photographic evidence to back up charges they make, heads of the department have purchased 20 new motorcycles which will be equipped with cameras in addition to radios.

At the scene of the crime one of the officers will be expected to take a picture for future use as evidence.

Rosendahl Wins Congress Praise

Commander Of Akron Airship Praised For Taking Ship Through Severe Storm

EXONERATED FROM BLAME IN DEATHS

(International News Service)

WASHINGTON, May 12.—Lieut. Com. Charles E. Rosendahl, commander of the navy dirigible Akron, today was hailed in congressional circles as a hero by taking the giant airship through violent storms to the Pacific coast.

Exonerating Rosendahl of responsibility for the tragic deaths of two members of the ground crew at Camp Kearney, San Diego, members of the house naval affairs committee who investigated the Akron's construction, emphasized Rosendahl's ability and courage in preventing a wreck of the ship.

"It probably is due to his great skill and courage that the Akron successfully crossed the Rocky mountains in a severe storm and was finally tied to what might be termed a temporary mast at San Diego, without the slightest mishap to the great ship itself although everybody is sorry to hear of the two fatalities which occurred thru the inexperience of the groundmen," said Rep. Britten of Illinois, ranking Republican on the naval affairs committee.

CALL OUT RESERVES FOR MISSING COW

(International News Service)

SAN FRANCISCO, May 12.—Metropolitan police recently obtained a whiff of the great outdoors, so to speak, when a message was sent over the state police teletype system asking officers to be on the alert for a Jersey cow which was "on the prowl" somewhere in California.

News of the missing cow was sent out by Sheriff Ernest T. Shay of San Bernardino county.

Local officers said they would "cow-operate" to the best of their ability.

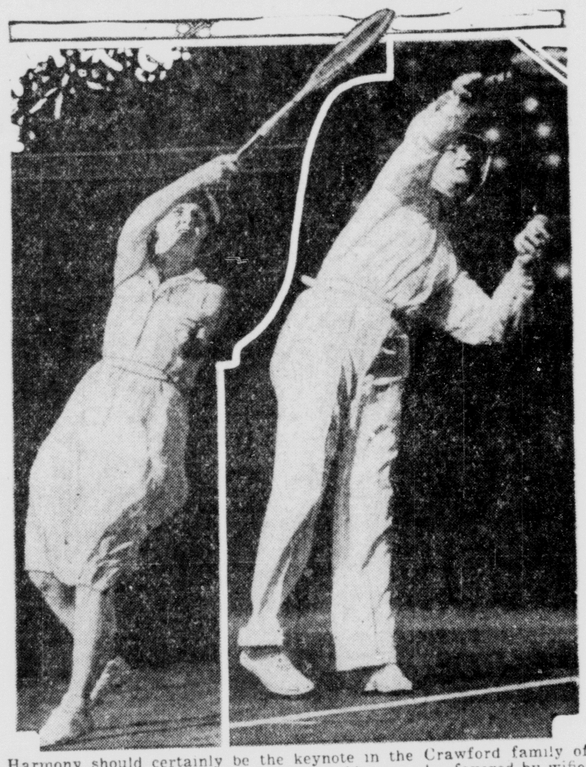
Matrimonial Racqueteers



Harmony should certainly be the keynote in the Crawford family of Australia, for the things that interest hubby are also favored by wife. Jack Crawford, tennis champion of Australia, is the ace of the Davis Cup team from Down Under, now in the United States to compete for the trophy. Mrs. Davis also swings an artistic racket. The matrimonial twosome is shown above. Note the remarkable similarity of action. Photos were made in Los Angeles.

Man Without a Country

Leaving these shores as a deportee, "Prince Michael Romanoff" peers longingly from the barred brig of the liner DeGrasse sailing from New York for France. "Prince Michael," known to his parents as Harry Gerguson, ex-pants presser, claims to be an American citizen. He arrived as a stowaway on the Ile de France and escaped from Ellis Island by slipping away from his guard while on a privilege visit to New York. He was picked up and ordered deported. On his arrival in France "Prince Michael" faces a year in jail and then deportation. But where to go?

Soviet Requests 'Loan' Of Services From Scientists

By KENDELL FOSS
International News Service Staff Correspondent

MOSCOW, May 12.—Designed to test the loyalty to the new regime of Soviet Russia's scientists, a new and extraordinary loan has just been issued which will be known as the "All-Union loan for propaganda in science and technique."

Shares in this loan can neither be bought nor sold, pawned, transferred, nor exchanged. Once you have a share, it is yours until the unspecified day of redemption. The loan is issued by the Association of Red Scientists and comprises 50,000 shares. According to the latest available figures there are 50,000 scientists in the U. S. S. R. Each scientist can thus have a share. Shares are not bought for cash but for time. Thirty working hours in the laboratory is the price of one share.

"This loan is meant to show the political color of the scientific workers and their willingness to participate in the struggle for a new communistic world and the creation of a classless society," explained Comrade Keller, chairman of the Scientists' Association and director-in-chief of the loan.

All scientists will be approached as to whether they wish to take up their share. They will.

First Telegraph Line Constructed Hundred Years Ago

On May 14, 1832 aboad the slow sailing packet "Sally" Professor Samuel F. B. Morse, conceived the plan of sending messages over wires by electricity. It was not until 1844, however, that sufficient money was raised to build the first telegraph line. In that year Morse sent his first message over his wires from Washington to "Baltimore by the hand of Annie Ellsworth." It read "What hath God wrought?"

"This idea has been called the most important one ever conceived in the mind of man." Certainly it has been far reaching in its efforts. Following along behind it through the century has come the telephone, wireless telegraphy, the radio and television."

"Today telegraphic methods are vastly improved and simplified, and instead of using the Morse key, a majority of telegraph offices employ typewriters that telegraph messages over the wires at the speed of light 188,000 miles per second. Modern communications experts have now developed a method under which 48 simultaneous messages may be sent over a group of 4 wires, making it practical to increase by five times the ordinary wire capacity.

MIMEOGRAPH MAY BE USED

New Plan Of Printing School Papers Is Suggested To School Board

In place of printing the various forms and school papers in the New Castle system the coming school year, it is possible that this work will be turned out on mimeograph machines. F. J. McLaughlin appeared before the school board on Wednesday evening and demonstrated some of the work possible on a mimeograph and said that inasmuch as the schools had mimeograph machines, all that was needed in the way of additional equipment would cost less than $175 and the schools could effect a large savings.

A committee will investigate the possibilities of mimeographed forms for the schools instead of printing.

(International News Service)

CLEVELAND, May 12.—W. O. Smith, 72, one of Pennsylvania's best known publishers, died in Cleveland Clinic hospital today following a brief illness of uraemia and pneumonia.

Smith, editor and publisher of the Punxsutawney, Pa., "Spirit," served in that capacity for 46 years. In 1885 he established the Punxsutawney Tribune and 12 years later assumed the publisher's post on the Spirit.

He was born in Jefferson county and, at 18, was employed in the government printing room at Washington where, two years later, he became editor of the Craftsman, the first trade union paper ever published in the United States.

Smith identified himself actively with political affairs, both state and national. When only 27 he was elected to the Pennsylvania General Assembly and served five consecutive terms. Later he was elected to and served in the 56th and 57th congresses.

Water Spout Takes Cottage For Ride

SANDUSKY, O., May 12.—A water spout which came in from Lake Erie picked up a cottage east of Huron Wednesday and carried it half a mile over the lake, according to its owner, Robert Breckenridge, of Sandusky.

He said the cottage, situated on a point jutting out into the lake, was carried to Cheska Beach, another projecting point, where it was dropped and was wrecked.

No one was in the cottage and no other damage was done.

Severl years ago a number of water spouts were seen off Put-in-Bay, in Lake Erie, but did no damage.

There is a growing suspicion that the list of unemployed includes the well-known Yankee ingenuity.

Bartender Found Water Would Reduce

By LOGAN CLENDENING, M. D.

The mineral water cure for weight reduction was very popular a few years ago.

It seems to have been discovered by a bartender. This gentleman was frequently asked, according to an old custom which was well known in saloon days, by patrons to have a drink with them. Wishing to be polite and not wishing to absorb alcohol quite so regularly, he would take a glass of bottled water. He alternated two different kinds of water, a glass of one and then a glass of the other.

He found that without dieting or exercising he lost weight from 240 pounds to 190, and ascribed it solely to the use of the water. A reputable drug firm, following this lead, put up tablets to make artificial mineral water and sold it for years as a reduction cure. It has not been brought to my attention for some time. But at least it is harmless if anyone wants to try it, and if it works, an easy way to accomplish reduction.

It is possible that many of the reduction cures at watering places are due to this principle.

NOTES AND QUERIES

The Effects of Noise on the Nervous System—"Noise has an effect upon the brain. Morphine and nitroglycerin are known to raise the blood pressure in the brain more than any other drugs; yet experiment has proved that the bursting of a paper bag raised the blood pressure more than either of these drugs, and four times the normal, for seven seconds, and that it did not return for 30 seconds; in addition, there were increased pulse rate and irregular action of the heart."—Dr. Charles Warren.

Mrs. L. W. B.: "I have a breaking out on my leg which the doctor calls shingles. I thought shingles only came on the chest. Is it liable to come back? What can I do to prevent it?"

Answer: Shingles can appear on any part of the body from the head to the feet. One attack confers immunity—that is, the disease does not occur in the same person more than once.

To Name Manager For Cafeterias In Schools Of City

For the purpose of better supervision of the cafeterias in the senior high, Washington and Franklin junior high schools, the position of cafeteria manager was created by the New Castle school board Wednesday evening.

With the abandonment temporarily of the home economics courses in the schools this takes out the teachers who have supervised the cafeterias. Further, it is felt by the board that a manager for the three cafeterias would be a saving both in the purchase of supplies and in the expense of operation. A salary of $900 was set for the job.

Iceland Hopes To Abolish Dry Law

Action Started In Iceland To Abolish Prohibition Law

(International News Service)

HELSINGFORS, Finland, May 12.—Iceland has taken a step to emulate Finland's abolition of prohibition, it was reported today in dispatches from Reykjavik.

A parliamentary commission, it was reported, is preparing a bill to authorize the sale of liquors during certain hours of the day.

The Danish government decreed prohibition in Iceland in 1913, and two years later the Iceland parliament superceded the decree with a prohibition law of its own.

On Apri 5 Finlands' 13-year-old dry law was abolished in accordance with the result of a referendum in December of last year.

End Piles Quick

No Salves—No Cutting

Your itching, bleeding, protruding piles will go when you actually remove the cause—bad blood circulation in the weak, flabby parts—and not one minute before. Salves or cutting can't do this—an internal remedy must be used. HEM-ROID, the prescription of Dr. J. S. Leonhardt, succeeds because it stimulates the circulation, drives out congested blood, heals and restores the almost dead parts. HEM-ROID has such a wonderful record right in this city, that Eckerd's Cut Rate and New Castle Drug Co. says one bottle of HEM-ROID Tablets must end your pile agony or money back.

SCHOOL ECONOMY PLAN PRESENTED BY CITIZENS

Committee At Board Session

Suggests Method Of Meeting Need Without Eliminating Teachers

JANITORS' SALARIES ARE UNDER FIRE

Attorney Bryan Reads Report At Meeting Of School Board

Represented by a committee, the group of citizens that held a mass meeting in the Senior High School six weeks ago, concerning school economics, presented a suggested plan to the School Board Wednesday evening, May 11 when the board held its regular meeting.

The plan was read by Attorney J. Elder Bryan who with George Morris and Leonard W. Cramer made up the committee waiting upon the board. The plan follows:

To the honorable members of the School Board for the City of New Castle:

In submitting a plan which it is believed will render unnecessary the elimination of any of the teaching force heretofore employed by the School District of the City of New Castle, or in a substantial reduction of taxes, your attention is respectfully called to the following facts:

First: That the budget shows a net decrease to the janitors' salaries of $2295.00. Whereas, this to the janitors alone is not a decrease but they have actually had an increase of approximately $2190.00. The above decrease shown having made by reducing the wages of the women helpers and by discharging one janitor.

Second: The budget fails to represent correctly the status of the janitors, it leads the public to believe that they are paid for eleven months whereas they are actually paid for twelve months.

Third: That the general salaries have been increased $485.00.

Fourth: That there are discrepancies as to the type of telephone service in the different buildings and that certain economies can be affected by putting party lines into all buildings and service discontinued during the three summer months.

Fifth: Considerable economy could be affected in the employment of the two janitors for trucking and repairing who receive a salary of $3480.00 per year.

Sixth: The Superintendent of Buildings received $2750.00 salary, and $530.00 expenses.

Seventh: General salaries, including secretary, Superintendent's office and clerks throughout the system, have been given no reduction whatever.

Eighth: Substantial actual increases have been given to clerks in elementary schools and in the Senior High School.

Ninth: The Superintendent, who in 1931 and 1932 received a salary of $6000.00 plus $600.00 additional for auto expenses, has been increased to $7000.00, of which he has offered to refund $500.00, which would be an actual decrease from his 1931 and 1932 salary of $100.00, while numerous members of the teaching force have received reductions in salary of from $200.00 to $600.00.

Tenth: The attention of the Board is respectfully directed to the action of the School Districts of Sharon, Erie, McKeesport, Chester, Mercer, Ellwood City and many others. When such other communities have found relief from the problems through a spirit of cooperation it would seem unfair to the taxpayers and parents of the City of New Castle if similar action could not be taken in this city.

Eleventh: It is submitted that a general reduction is now being affected by all industries and businesses, both large and small, in wages and salaries, some already having announced the second reduction recently while others have gone so far as to close their plants. This results from decreased earnings and loss of business, these same industries are the largest taxpayers in this city.

Twelfth: While not believing that the following plan affords the only solution, it is suggested after a thorough examination of all items of the budget that a reduction of ten per cent against janitor's salaries, the Superintendent's salary and all general administration salaries, including clerk hire as of the 1931-1932 basis, would, if coupled with a ten per cent refund on the part of such of the teaching force as have not been affected to that extent by the reductions already made, solve the problem.

Some Discussion

Following the presentation of the plan Mrs. J. C. B. Douthett, a member of the board asked "how much would be saved on teachers' salaries?"

Mr. Morris answered, "about $61,000, of which there has been about $10,000 already saved. The savings on the janitors' salaries would be about $5900."

Mrs. Elliott asked, "have you made any contacts with the teachers?"

Bryan replied by saying, "we can't make any contacts with the teachers in this matter until the board cleans its own skirts in making what reductions it can."

W. W. Duff then explained to Mr. Bryan that he was apparently under a misunderstanding concerning the salaries of janitors. "The janitors will be laid off a month each this summer" said Mr. Duff, "which is nearly a ten percent cut".

Mr. Bryan then asked if their salaries as stated in the budget were for nine months or ten months. He was informed they were for ten months and that they were paid by the month. For the other time they worked in the summer they were paid the same monthly rate.

The report was filed after Acting President McIlvenny assured the committee that the board would consider the report carefully and if any further reductions were possible, they would be made. Later in the evening Mr. Woolcock moved that a committee be appointed to investigate the report and prepare a reply to the committee.

PHALANX ADDS TRIO

Three new members, Edward Cox, Robert Griffith and Lyman Gerould were inducted into the membership of the Y. M. C. A.'s Phalanx fraternity last night when a formal ritual service occurred. The ceremony took place in the 'Y' building.

Officers of the chapter were in charge.

Clarence Ferree's Fund Is Nearing The Amount Needed

Will Soon Be Able To Make Effort To Get To Mt. Clemen's, Mich.

Fund of Clarence Ferree, newspaper and magazine salesman at the city hall corner has now reached $150, through the kind efforts of many friends, who have all given him to the best of their ability and in view of the present general conditions.

This money was given by persons from every walk of life. In some instances it was really needed in the home of the person giving it, but the donor in these instance thought the condition of Clarence was much worse than there on and so gave him the money.

He hopes to get to Mt. Clemens in the near future and get his chance of regaining at least part of his health. Those interested in helping Clarence gain his desired goal of $200, which means that he will be able to leave for Mt. Clemens, Michigan, may give their donations to him.

Fears of a kidnaping led the parents of the girl to have a police teletype message flashed yesterday giving details of her disappearance. Today the couple wired the girl's parents that they had been married in a Maryland city last week. They are expected to return home next week. Whether they will receive the parental blessing was a matter of conjecture.

Mayor Continues To Hold Midnight Court

Mayor Charles B. Mayne has not abandoned the holding of midnight police court, he stated today, and said that each midnight he is on the job ready to conduct hearings if persons taken into custody by city police are in a fit condition to be heard.

When the mayor assumed office he said he would hold midnight court so that persons who had been arrested for trivial offenses would have an opportunity of being heard and of spending the night at home.

It is not necessary to hold court each midnight. Sometimes there are no prisoners confined in the jail and upon other occasions some of the persons arrested on a charge of intoxication are not sober sufficiently to understand the proceedings.

Perhaps it was all a typographical error. It may be just the usual posterity that's around the corner.—The Detroit News.

Plan Changes In Minor Loop

Weather And Depression Have Played Havoc With Attendance

PLAYER LIMIT MAY BE REDUCED

(International News Service)

CHICAGO, May 12.—Hunting a remedy for the financial ills that have beset the minor leagues of baseball, American Association club owners met here in special session today.

President Thomas J. Hickey summoned the meeting of owners to consider many suggestions pertaining to decreased attendance and the 27 games postponed because of cold and rainy weather.

Of the proposals thus far those considered most seriously are to raise the admission price, play double headers twice a week, Wednesday and Sunday, reduce players' salaries and bar the radio from all parks.

Other suggestions under discussion were to abolish ladies' days and charge women 25 cents for all games, trim the player limit from 20 to 18, reduce the salaries of umpires and start the 1933 season two weeks later than usual.

"Something radical is necessary," said President Hickey. "Bad weather has been the most serious blow, but our average attendance to date is far below that a year ago at this time."

Teachers Requests Refused By Board

Teachers Not Paid For Time They're Away Because Relatives Are Ill

Two requests for payment of salary for time out of the school system were refused Wednesday evening by the school board. The two requests came P. G. Howell who was called away by the illness of a relative and Emmet Gillaspie who was also out on account of illness in the family.

"I do not want to fight this matter out again" said A. C. Hyde, "but we made a set of rules covering this sort of thing and I think we should stand by them. We permitted payment of salary where a member of the immediate family was dead or the teacher himself was sick. I think that is far enough to go."

"The trouble is not with the teachers asking for the salary but lies with the principal who recommends that they be paid in such instances" said W. W. Duff. "I believe we should instruct the principals again that they must abide by the rules of the board."

The pageant, "The Urn of Destiny" was then presented and this gave a story of Citizenship.

A quartet, Mrs. W. D. Fullerton, Mrs. Henderson, Mrs. Harry Thornberg and John Kyle, sang, a number, accompanied by Mrs. Charlotte Emery, who also gave a piano number.

At the conclusion of the pageant the society held its business and social meeting. Reports of the Presbyterial convention were given by Katherine Hopper. Three new members were enrolled: Mrs. Fred Thompson, Mrs. Alene Morrow and Helen Book.

Rookies Hurlers Are Helping Out

Several Big League Baseball Teams Are Fortunate In Having Good Rookies

VETERANS ARE SLOW STARTERS

By LES CONKLIN
International News Service Sports Writer.

NEW YORK, May 12.—Development of a winning young pitcher has kept several league clubs in the running this spring—such hurlers as Monte Weaver of the Senators, Lon Warneke of the Cubs, Buck Betts of the Braves and now Johnny Allen of the Yankees.

Allen, who won 21 games and lost nine for Toronto and Jersey City in the International league last year, was knocked out of the box by the Boston Red Sox in his first start this year, but yesterday he came through in fine style to blank the St. Louis Browns, 3 to 0. He yielded only five hits and did not permit a single St. Louis player to reach third base.

Can Also Hit.

Allen hit a triple and scored the first run of the game. He was aided by his battery mate, Bill Dickey, who made three hits and drove in the other two runs as the Yanks chalked up their fourth victory in succession and gained another half game on the league-leading Washington Senators, who were idle.

Old Joe Shaute of the Brooklyn Dodgers, whose services recently were valued by Manager Max Carey at what seemed to some to be a rather high figure, proved his worth by doing a neat bit of releif flinging as the Dodgers nosed out St. Louis, 6 to 3, in a 12-inning battle. The sweet-singing southpaw held the Reds to four hits and no runs in the last seven innings, winning the duel over Wild Bill Hallahan, who went the route.

Hallahan Whiffs 12.

Hallahan fanned 12 batters but lived up to his nickname by making three wild pitches and walking six men.

Tony Cuccinello drove in four runs including the tally that won. Ripper collins of the Cards took the lead in the home run derby by smacking his eighth four-bagger of the campaign.

Another old-time hurler, Red Lucas of the Reds, turned in his fourth win in five starts by subduing the Phillies, 4 to 1. Cincinnati regaining possession of third place. Lombardi, Hafey and Herman led the attack with two hits apiece. A fist fight between Durocher and Bartell enlivened the contest.

All other contests were postponed because of rain and cold. The unseasonable weather is raising havoc with the schedules of both leagues. The Giants, for instance, already have piled up nine double bills that must be played later.

Star Hurdler Is Also Writer

Jack Keller, Ohio State's Marvelous Hurdler, Wants To Be Sports Writer

DOESN'T CARE FOR PLAUDITS

By FRANK G. MENKE
International News Service Sports Editor

NEW YORK, May 12.—Jack Keller of Ohio State, one of the most marvelous hurdlers the world has known; a hero of heroes, an idol and a disconsolate lad.

All that his sizzling speed and his enthralling style in clearing the sticks have brought do not compensate him for the fact that no editor so far has accepted any of his short stories and no one has yet given him assurance of a job as sports writer when his student days are done.

Wants To Be Writer.

They gave him a wild and thunderous greeting after his return from his golden triumphs in the Penn relays; the newspapers around the land boomed salvos to his prowess; stylists declared that his hurdling form was perfection.

But Keller was in the glooms.

Another story had been rejected.

Since the kid days, Keller has wanted to be a writer. He has no ambition for fame on the track. He ran just because it was first class exercise. He had no teacher in the younger years. His style of leaping the bars, flawless and beautiful to watch, was natural with him.

If Keller, the modest and unassuming, fictionized the story of his own career, editors around the land would break their arms in the mad grab for it. But Jack shouldn't have his hero wanting to be a sports writer. The editors might think the hero was a bit of a dippydilldock.

There's no art to find the mind's construction in the face.—Shakespeare ((Macbeth."

HERE AND THERE IN SPORTS' LAND

Leo Mozdy's return to the flyweight ranks has resulted in several victories for the Polish boy and the last time "out" he turned in a win over the veteran Johnny McCoy.

Tommy Maxwell, former boxing promoter of Erie visited here recently. Maxwell is located in Cleveland. He is a former resident of New Castle.

Ten high scorers at the various state trapshooting tournaments will be eligible to compete for places on the All-American team which will be picked at Vandalia, O., August 24.

Cliff Durant millionaire race driver, will drive for his former chauffeur, Harry Hartz at the Indianapolis speedway, May 30. Billy Arnold will also drive in the 500 mile race.

Bill Dickey took advantage of the idleness of his Big Six hitting rivals yesterday and made three hits in four times at bat against the Browns and now has an average of .409.

Foxx of the Athletics has been at bat 78 times and has an average of .436. Reynolds of the Senators has been at bat 81 times and has an average of .420. Critz of the Giants is fourth with .366. Terry of the Giants and P. Waner of the Pirates are in fifth and sixth place.

Daisaburo, Leslie Keiffer's lone eligible for the $50,000 Preakness, Saturday showed himself to be a mudder of the first water yesterday when he took the Hilltop, Pimlico feature. He won by two lengths. His time was 1:49 3-5.

JUNIOR HIGH MEET FRIDAY

Approximately Sixty Athletes Entered In Local Track Meet

Approximately 60 junior high school athletes are entered in the track and field meet between George Washington and Ben Franklin junior high schools at Taggart field, Friday afternoon, according to Coaches Dan Carroll and Emmett Gillaspie. The meet will start at four p. m. D. S. T.

Carroll has been whipping the George Washington junior high athletes into condition and Gillaspie has been preparing the Ben Franklin junior high athletes.

County League Games Friday

Three games will be played in the Lawrence County High School Baseball League Friday afternoon, it was announced today.

The games are as follows:—Shenango at Bessemer, New Wilmington at Union, Wampum at Princeton. There is a lot of interest being taken in the league this season and the school boys of the county are putting up quite a battle for the championship.

East Brook and Wampum seem to be the main teams and the fight for the title will be between these two teams, it is indicated. Wampum in Ralph Ferrucci have one of the cleverest pitchers in the league, while Betka is one of the reasons for East Brook being up there. Bessemer also has a rather strong team this year, and must be reckoned with.

HIGHLIGHTS OF HISTORY

By J. Carroll Mansfield

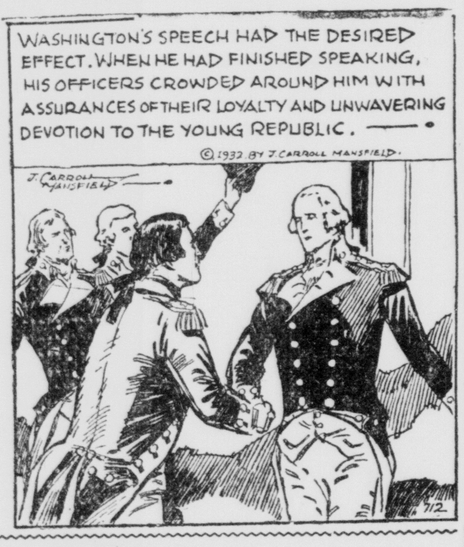
George Washington
No. 76. The Newburgh Address

SEEING A THREAT OF SERIOUS OUTBREAKS IN THE INFLAMMATORY ANONYMOUS LETTER CIRCULATED THROUGH THE CAMP AT NEWBURGH, WASHINGTON ON MARCH 11, 1783, CALLED A MEETING OF HIS OFFICERS AND MADE A STIRRING APPEAL FOR PATIENCE, CONFIDENCE AND LOYALTY.

HE KNEW THAT THESE OFFICERS LOVED HIM, BUT HE FEARED THAT IN THEIR DISTRACTED STATE OF MIND THEY MIGHT BE LED TO ATTEMPT TO OBTAIN REDRESS FROM CONGRESS BY FORCE OR EVEN SET UP A MILITARY DICTATORSHIP. HIS FIRST WORDS BROUGHT TEARS TO THE EYES OF MANY OF HIS LISTENERS. . . . . .

IN THE MOST DRAMATIC SPEECH OF HIS CAREER WASHINGTON BEGGED HIS OFFICERS TO REMAIN TRUE TO THEIR SACRED TRUST AND NOT BE SWAYED BY AGITATORS WHO SOUGHT "TO OPEN THE FLOODGATES OF CIVIL DISCORD AND DELUGE OUR RISING EMPIRE IN BLOOD." —•

WASHINGTON'S SPEECH HAD THE DESIRED EFFECT. WHEN HE HAD FINISHED SPEAKING, HIS OFFICERS CROWDED AROUND HIM WITH ASSURANCES OF THEIR LOYALTY AND UNWAVERING DEVOTION TO THE YOUNG REPUBLIC. —•



FORLORN FIGURES

Papa thought it was awfully nice of Mama to let him rest on the davenport after supper until he discovered her collecting his small change that fell between the cushions.

Trading In Market At Slow Pace Today

(International News Service)

NEW YORK, May 12.—The rails upset the stock market today, both N. Y. Central and Atchison going to new bear market lows, along with Baltimore & Ohio and Southern Pacific. Union Pacific displayed a nervous tone due to the directors' meeting today and predictions that the $10 rate would be cut liberally.

United Aircraft, Bendix and American Tank also dipped to new low levels. Leaders like U. S. Steel and American Telephone were heavy. Oils were reactionary after an early flurry.

Reduction in the Bank of England discount rate of 2½ per cent was ignored as was the liklihood that this would bring a cut in the rediscount rate here after the close.

Pressure on rail obligations brought an irregular tone to the bond market. Wheat failed to carry through yesterday's strength and lost nearly a cent a bushel. Cotton was easy.

Trading in the market was at the same slow pace as has prevailed for some time and there was no great selling pressure.

Tells of New Zealand

Miss Bathie Stuart in Maori costume.

Miss Bathie Stuart of New Zealand is sponsored by her government in the series of lectures she is giving in the U. S. Women in New Zealand, both Maori (native) and white, have been voting since 1893, but no woman has yet served in either house of parliament, Miss Stuart says. They are principally interested in welfare work for the reduction of infant mortality, which, taken in comparison with the birth rate in the country, is the lowest in the world, Miss Stuart states.

WARDEN IN 1929 RIOT FOUND INCOMPETENT

(International News Service)

DENVER, Col., May 12—F. E. Crawford, warden of the Colorado state penitentiary at Canon City during the prison riots of Oct. 3, 1929 was "incompetent, inefficient, neglectful in the performance of his duties, imprudent tactless and addicted to the use of intoxicating liquors."

This was the decision of Judge J. C. Starkweather, handed down in district court here recently. The decision was brought about when Crawford's dismissal by the state civil service commission was taken into court by the attorneys.

The dismissal of Crawford came as the climax of a series of investigations growing out of the riots in which 13 lives were snuffed out in one of the bloodiest outbreaks in recent years.

Wins tho Blind

Although he is blind, William Lohr, boy scout of Utica, N. Y., has overcome his tremendous handicap to such an extent that he has earned 20 Boy Scout merit badges and lacks but one to win his degree as an Eagle Scout—the highest honor. The one badge William lacks is in bird study, the rules providing that he must see and recognize the birds in order to win it. However, scout officials may let him earn the badge by identifying the bird calls.

DERBY WINNER MAY BEAT RECORD OF GREAT SIRE

Burgoo King, Colonel E. R. Bradley's Kentucky Derby winner, has followed faithfully in the hoofsteps of his great sire, Bubbling Over, 1926 Derby winner, but now may excel his famed ancestor by winning the Preakness Stake, Pimlico, Md., classic, an honor that escaped Bubbling Over, which also ran under Bradley colors. Burgoo King's Derby win made Colonel Bradley the first owner to have three Derby winners and also was the second time in the history of the Kentucky classic in which a son followed a sire as winner. By winning the Preakness, Burgoo King has an excellent chance to give Colonel Bradley the honor of being the year's leading owner in purse winnings for the first time.

Captured Sans Mustache

Known to his intimates as "Prince Mike," and to his parents as Harry Gerguson, ex-pants presser, this sleek young man is shown just as he was gathered into the arms of Uncle Sam for deportation. Though he claims to be a royal Romanoff, Gerguson was held at Ellis Island when he tried to enter the United States. He escaped and had a shave, but his disguise was futile. He's back again and this time he's labeled for Europe.

Photo was made at Shibe Park, Philadelphia, when the Athletics met the Cleveland Indians.

Inventions Are Made Mostly By Accidents

Inventors Merely Stumble Onto Something And Then Invention Follows

For Instance, Doctor Fixes Up Drinking Water Device To Please Patients

By MARGARET LANE
International News Service Staff Correspondent

NEW YORK, May 12.—How do inventors invent? By accident, mostly, if the truth were known, or by having to find some quick way out of a difficulty.

The exposition of patents in Grand Central Palace, New York, is not full of professional inventors, but ordinary, everyday people who have somehow hit on a new way of doing something, and suddenly found themselves with an invention.

New vistas open before them; they have the proud privilege of an exhibitor's badge; they sit all day long beside their screw, or bottle opener, or baby pacifier, modestly awaiting for public recognition, and ever after can casually refer to "my invention."

Doctor Has Invention

There is a patent device for fixing a cold watertap, for instance, which sends the water up in a little drinking fountain, and miraculously changes the flavor of the water to anything you desire, merely by hiding a little soluble pill in the inner part of the invention. This was invented by Dr. Sverre Quisling, of Madison, Wisconsin, because the patients in his waiting room made themselves such a nuisance by always interrupting him to ask for a drink of water.

"They got nervous waiting for a consultation, and nervousness made them thirsty," he said in an interview yesterday, "and they constantly put their heads round the consulting room door to ask me for a drink. I just thought this out as away of giving them an improvised drinking fountain from an ordinary tap, and the idea of flavoring the drink came along after."

Used Extensively

Now the little attachment is used in many waiting rooms, and carried round in the pockets of people who suffer from thirst at inopportune moments.

Mr. Herman Kasindf, Brooklyn, has a baby, and that baby, like others of its kind, has a habit of throwing its toys on the floor. Weary with picking them up, the father sat down and thought out some way of defeating his young son's energy. And lo! he had invented the Santa-Toy Rack, an expanding metal rod which screws on to the sides of high chairs and perambulators, and dangles the baby's toys for ever before his face, where they can never be thrown down or come in contact with the floor.

Kline Case Is About Ready To Be Given Jury

Character Witnesses, Summations And Judges Charge, Remain At Butler

MAYOR KLINE DENIES CHARGES

(International News Service)

BUTLER, Pa., May 12.—With the defense on the verge of resting its case, the trial of Mayor Charles H. Kline and his deposed director of supplies, Bertram L. Succop, on charges of malfeasance was expected to reach the jury of five women and seven men late today.

Only a few character witnesses, summations and the judge's charge remain. These were expected to be dispensed with in rapid succession.

Kline Denies Charges.

Mayor Kline, taking the stand as a star witness, lived up to expectations. With the eyes of the crowded courtroom focused upon him, he calmly denied any knowledge of the details of the contracts he signed, and which are the principal basis on the states' charges against Succop and himself.

Mayor Kline pictured himself as the mayor of a large city with "too many other duties" to devote considerable time to minor details.

"If I was supposed to know all about pins and elephants and sewer pipe, I couldn't raise my hand and take the oath of office of mayor of the city of Pittsburgh," he explained.

Urges Fever Test On Doomed Men

Doctor Advocates Use Of Criminals For Vaccine Experiments

NEW ORLEANS, May 12.—Use of condemned criminals for experimentation in vaccine for the prevention of yellow fever was advocated before the American Medical association Wednesday by Dr. Bolivar J. Lloyd, medical director of the United States public health service.

If the criminals should survive the experiment, Dr. Lloyd favors their pardon, contending that "in view of the relative immunity of criminals and gangsters both in and out of court, the releasing of a few more would not matter very much."

So convinced is he of the merits of new discoveries in vaccination that he has agreed to submit himself to the bite of yellow fever mosquitoes if the vaccination should show his immunity.

Qualifies His Offer.

He qualified his offer on the condition that he could obtain sufficient life insurance to protect his family "in case of any untoward result," which he said he did not anticipate, however.

Dr. Lloyd was speaking about a paper by Dr. Wilbur A. Sawyer of the Rockefeller Institute of Medical Research, who offered further proofs of the specific nature of what are known as the immune reactions of disease. In that connection, Dr. Lloyd specifically discussed his own methods of vaccination against yellow fever.

He expressed the conviction the method of vaccination devised by Mr. Sawyer and his colleagues would be found to protect human beings against the bites of known infected mosquitoes and said the next step should be the use of human beings in experimentation, both in submitting to inoculation with attenuated virus without the giving of protective serum and by exposing vaccinated persons to the bites of infected mosquitoes.

CITIZENS MAKE APPEAL FOR LAWRENCE SCHOOL

Another appeal to the New Castle School Board was made Wednesday evening by citizens of the second precinct of the Seventh Ward, to save the Lawrence School, at least for the first three grades. While the committee this time was not as large as the previous one, those present made a stirring appeal which semed to make a considerable impression upon the board members.

They did not ask that all the grades be continued, merely the first three to obviate the necessity of sending the tiny children a mile or a mile and a half to other schools.

They cited the fact that one supervisors (Miss Salomon) was asking for a year's leave of absence and that if this was granted, there would be a saving of $2400. This they argued would pay for two teachers at $1000 each to teach the first, second and third grades, and would leave $400 for janitor service and telephone.

The board promised to consider the suggestionns and there appeared to be a sympathetic feeling upon the part of the members towards the idea advanced by the citizens from the second precinct of the Seventh Ward.

New Castle will probably be represented at the national convention

Court House Lawn Squirrel Killed

Ran In Front Of An Auto—Buried And A Bunch Of Lilacs Placed On Grave

Genuine regret was expressed by court house officials this morning over the death of a mother gray squirrel that has been a tenant of the trees on the court house lawn for the past six or seven yars. The squirrel ran in front of an automobile while crossing Court street Wednesday afternoon, and was killed.

The driver of the car tried to escape hitting it, but it ran directly in front of his car. The squirrel had several young ones, but it is believed that they will be able to survive without her as they were six or seven weeks old.

Body of the squirrel was buried back of the court house this morning by Janitor Clifford James. Miss Margaret Garvin, Deputy in the Prothonotary's office, supplied a buch of lilacs to place on the grave.

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

This business of daylight savings time can cause a lot of annoyance at times. Especially when a board meets by resolution at a stated time. The school board meets at 7:30, eastern standard time, and last night's meeting meant starting just an hour late. The members got there at 7:30, E. S. T., which meant 8:30, D. S. T.

They fixed it for future meetings of the summer. The board will now meet at 6:30, eastern standard time, which may mean that they can get away before the next day. Last night's meeting broke up something after one o'clock (D. S. T.) and the alibi the directors would use to their wives this time is more than an alibi, it is the truth.

For this evening's diversion the high school players offer "Take My Advice". If you'll take ours, you'll see the play. It ought to be good.

There is a family of robins that has pre-empted part of our front porch. For several weeks the mother of the flock has been following the neighbors around as they dug garden, hunting for worms to rush over to the new birds, and yesterday they took their first lesson in flying.

Awkward looking little mites. All beak and wings. Their first flight was an erratic affair as they drunkenly winged their way to the porch next door. They made it after a Herculean effort and then rested for the return trip.

And now in a short time they'll be leaving us to live in the trees probably, and somehow we're going to miss their antics in that nest as they raised up for the worms the mother of the flock brought in.

These are exciting days if you get any thrill out of watching flowers develop. The iris is about to break its bonds and shove out some blooms that look like penny suckers. The azelia is already out with its rather snooty looking blossom. The flowering crab trees are just showing color in the buds, and the rose of sharon has finally started to show signs of life. Perhaps you aren't interested in such things—everyone to his hobby—but right now is the most interesting time in any garden.

Relief Loans Are Urged By Davis

WASHINGTON, May 12.—Senator James J. Davis asked Congress on Wednesday to authorize the Reconstruction Finance Corporation to set aside $500,000,000 against which cities and states might draw loans to assist in local relief work.

Under the provisions of the bill he introduced, the money would be used for unemployment relief or for temporary financing when it is the opinion of the corporation directors that "any such state, municipality or political sub-division is unable to obtain funds upon reasonable terms through banking channels or from the general public."

"The Reconstruction Finance Corporation has by this time probably solidified the banks and financial institutions and there is no longer so much demand for its funds from that quarter," Davis said. "If that is true, it would be wise to devote the funds to pressing needs of municipal and state governments."

Scouts Face First Aid Quiz As Kiwanis Sponsors Watch; Clubmen Host To Own Troop

There was a uniformed Boy Scout, presumably injured, lying on the dining room floor of a local hotel about noon Wednesday—surrounding the spot was the usual crowd of supposed curious, gazing directly at the lad.

But have no fears, for it wasn't an accident. Instead it was the Kiwanis club's feature luncheon demonstration of first aid practices as the club's own troop, No. 37, has learned to give them. The curious were only too welcome to watch. Scout officials, skilled in first aid rescue work, attended.

Show Rescue Skill.

After entertaining the clubmen with a program closely similar to that conducted at their weekly meetings in the George Washington junior high school, the troop's first aid specialists were presented. Neighborhood Commissioner Harry Cullifford, first aid coach for the troop, questioned the boys at length as the Kiwanians listened.

Every Boy Scout of troop 37 had been dismissed from school for the noon meeting, and the showing they made left a lasting impression upon their hosts.

Scoutmaster Dr. R. C. Lutz, member of the club, played a leading part as did Senior Patrol Leader Howell Williams. The latter led the boys as they took part in the following program:

Program As Given.

Formal opening by "assembly taps" played by James Freeman. He also blew the "mess call".

Recitation of Lord's prayer—Led by Crawford Lyon.

Recitation of allegiance to the flag—Led by Wesley Shaffer.

Recitation of the scout oath—Led by James Gravenstreeter.

Brief remarks—Scout Commissioner R. F. Davis.

Demonstration of two first aid problems—First aid team composed of Howell Williams, Crawford Lyon, James Gravenstreeter, Bob Cole, Charles Kennedy and George Horton.

Closing taps by John Manos, bugler. The troop members, grouped in a circle, sang the words.

Paul Rumbaugh played at the piano at different times.

Before the program was over the troop conferred an honorary membership upon President Clarence M England, who presided. The club has backed the group for a number of years. D. B. Reebel heads the troop committee.

HAVE NAME OF MAN IN LINDBERGH CASE

Either Took Baby Or Got Ransom

Boston Police Head Furnishes Name Of Important Factor In Case

INFORMATION GIVEN JERSEY STATE POLICE

(International News Service)

BOSTON, May 12—Superintendent of Police Michael H. Crowley transmitted to the state police of New Jersey the name of the man who either kidnaped baby Charles A. Lindberg, Jr., or collected to $50,000 ransom in the unsuccessful negotiations for his return.

The veteran superintendent admitted this today, and declared that although his information definitely linked the name he gave with the kidnaping, he was not sure of the man's exact connection with the case.

Crowley revealed he forwarded his information a week ago to Colonel H. Norman Schwarzkoph, head of the New Jersey state police. If any contacts were made with the kidnapers since that time, Crowley said he did not know how valuable his information was to the negotiators.

The information, he said, came through a personal friends, who pledged him to secrecy regarding its source.

"The name of the man given me was supposed to have done the kidnaping or to have collected the ransom money,' said Superintendent Crowley. "I forwarded this information to Colonel Schwarzkopf in regular police procedure. It was information which could not be handled by local investigators.

"In the letter I told him that the information sounded very positive to me and asked him to give it special attention."

FINAL TRIBUTE PAID BY FRANCE TO PAUL DOUMER

(Continued From Page One)

Edge, also in full dress, acting as ambassador extraordinary and plenipotentiary of the United States, represented President Hoover.

General John J. Pershing, upon the invitation of the French government, marched with the diplomatic corps.

Public Tribute.

The streets were lined scores deep, while many leaned out of every window along the way. It was a public tribute in many respects without equal in French history.

The procession left the Elysee Palace at 8:00 a. m., and an hour and a half later arrived at the famous cathedral. Loud speakers were placed outside, where hundreds of thousands listened to the solemn rites.

Simultaneously every cathedral in France and virtually every church, however small, heard eulogies of the assassinated president similar to that given by the cardinal.

Allegheny Singers At Epworth Church

Unaccompanied Choir Gives Splendid Performance Of Vocal Ability In Church

Music lovers, who attended the concert in the Epworth Methodist church Wednesday evening were delighted with the splendid program presented by the A Capella choir of forty-five college students from Allegheny College, under the direction of Prof. Morton J. Luvaas.

The choir, mixed voices, sings unaccompanied and the varied program gave excellent opportunity to display the tones of the voices.

The director is a graduate of St. Olaf College and a former member of the famous St. Olaf choir.

Especially effective was the chorus in which the voices resembled the sonorous tones of a pipe organ.

The group of singers was entertained at a splendid dinner in the dining room of the church preceding the concert, with the members of the Women's Home Missionary Society of Epworth church as hostesses.

AKRON IS REFUELED AND READY TO MAKE LAST LEG OF JOURNEY

(Continued From Page One)

Akron here yesterday morning, Lyford Walkup suffered a broken arm.

Robert Cowart, young naval apprentice, was none the worse today for having been carried aloft and dangled in mid air for an hour and a half before being pulled to safety on the Akron.

Completing its maiden transcontinental journey during which it battled the elements successfully, the Akron arrived over the army field here shortly after 9 a. m. yesterday. Between that time and 11:40 a. m. four attempts were made to moor the ship. On the fourth attempt with crews manning the lines, a walking line ring broke on the portside permitting that side to surge sharply upward.

Men Carried Aloft

Between 75 and 100 men were carried off their feet. All except four dropped to the ground.

Fifteen feet up Walkup let go and sustained a broken arm.

Three others held on.

"For God's sake let go," some one shouted.

One hundred and fifty feet up, Hinton let loose. His body hurtled down and rebounded from the earth.

A second later from an altitude of 200 feet Edsall fell to his death.

The fourth man, young cowart, held on and for nearly two hours his fate held the crowd spell-bound. The thousands who watched were too limp to cheer as they saw Cowart drawn finally through a hatch-door of the Akron. It was a tremendous sigh of relief that went upward.

"This was the first fatal accident of this kind," Lieut. Commander C. E. Rosendahl, commanding officer of the Akron, said today, "and I feel very badly about it. It was unavoidable. We encountered most peculiar landing conditions the air was cool and calm at 3,000 feet but at 1,000 to 1,500 feet there were warm upward currents, one of which caused the Akron to shoot up.

"We had about one sixth of our fuel supply when we landed here. It had not been our intention to stop but it would would have been foolish to have continued without refueling."

TARIFF BECOMES ISSUE FOLLOWING VETO BY HOOVER

(Continued From Page One)

as a "popgun bill" Rep. Snell of New York, Republican leader, challenged the Democrats to propose a specific revision of the Hawley-Smoot tariff law and take it to the country.

The vetoed bill, which the house passed 214 to 182, provided for an international conference to lower tariff barriers and stripped the president of his tariff-making under the flexible provisions. The house voted 178 to 166 to over-ride the veto, but the efforts lacked a two-thirds vote.

COMMANDER PAYS TRIBUTE TO SAILOR'S NERVE

(Continued From Page One)

art hung on the brink of eternity, swaying pendulum like as ground currents tossed beneath the 785-foot steel titan of the air.

Rescued at last through a hatch in the side of the Akron after being drawn up inch by inch, Cowart remarked:

"Whew! I'm all right but I wouldn't do that again for a million dollars."

"Bub" was more concerned today in scraping the grease off his uniform with a worn jack knife than he was with the plaudits of his buddies and the cheers of the populace.

Had His Orders.

"I had orders to hold on," he said, "so I held on and was whisked off the ground.

"Seeing that the ship was evidently out of control, I was going to let go and drop but I saw too many of my buddies underneath.

"I was rapidly being carried upward and when it was clear enough below to jump, I was too high up to jump.

"Hinton and Edsell (who were killed) and Walkup (who was injured) were all on the rope below me. I saw them fall. I felt sick and scared but I hung on. After they had left the line, I found I was standing on the top wooden toggle in the spider line and was grasping the rope with both hands. I straddled the toggle and as the rope was greasy and slippery, I tied a couple of bowline knots around my waist.

Tossed Like Feather.

"Several times the wind blew me back and forth underneath the Akron's gondolas.

"I didn't know whether the rope would hold out but I didn't have much time to think about that. I was too busy wondering what would happen next.

"I'm sure glad I made it. You know, I want to win the all-navy welterweight boxing championship."

Drawn through the hatch of the Akron, he was offered some aromatic spirits of ammonia.

How About Food?

"What do I need that for?" he inquired. "But I'd like something to eat."

"He was the nerviest man I've ever seen," said Lieut. Commander C. E. Rosendahl, commanding officer of the Akron.

"We made the rescue at an altitude of about 2,000 feet directly above the mooring mast.

"When we saw Cowart clinging to the line below us, it looked as if he had become fouled in the line and was unable to free himself. We first planned to bring the Akron as near earth as possible so that he could jump to a fire net below, but feared the man might be unconscious and abandoned that plan.

"We rigged up a hand driven winch and slowly brought him upward. When we got him within a few feet of the nose we let down a hatch and it was an easy matter to bring him in.

"But I've never seen such nerve in all my life."

Police Guarding Copper Co. Offices

Factions Of Stockholders Battle For Control Of Copper Corporation

(International News Service)

NEW YORK, May 12.—The offices of the Consolidated Copper Mines Corp. were under police guard today as the management and opposition stockholders breathed defiance at each other.

Howard D. Smith, president, whose regime has been under fire for three years, today branded his being voted out of office yesterday as illegal and declared he would fight the matter through the courts before surrendering.

The opposition, meanwhile, led by Ray W. Higgins, of Duluth, who was elected president to succeed Smith, declared they would take a day or two off to think things over after their unsuccessful effort to storm the company's offices yesterday.

The police kept the Higgins group out in their effort to seize the corporation's offices, books, records and cash.

Holdup Victims Are In Hospital; Suspects Taken

Robbery Occurs On East Cherry Street Near The Baltimore And Ohio Shops

Johnny James, Wilson avenue, and Frank Bethle, 1211 Scioto street, are being held by the police as suspects in the holdup early this morning on East Cherry street, in the vicinity of the Baltimore & Ohio shops, in which John Zoltani and Mike Keacher, Hungarians, both of 547 East Long avenue, were badly beaten and the latter was relieved of some $10 or $12 that he had left from his pay check at the local tin plant.

The two holdup victims received their pay checks yesterday. Mike had his cashed previous to meeting up with those responsible for their holdup. Zoltani had been fortunate enough not to cash his check, so it was not taken from him. The holdup occurred some time shortly after 6 o'clock this morning.

Officers Cooper and Golis remembered that as they stood at North Liberty and Cherry streets earlier in the morning they had seen a car go east on Cherry street, in which there had been five men, two of whom they remembered as being the holdup victims. When the machine returned, two men were missing.

Officer Cooper had recognized the car and its license number and the officers went to the home of Johnny James, Wilson avenue, and found the car there. They arrested James and then secured information that resulted in the arrest of Bethle. The holdup victims, who were severely beaten, especially about the head, were taken to the hospital. The men under arrest will be held until the holdup victims have recovered sufficiently to look them over.

Mrs. Malloy was enroute north on Blaine street as the Bradford car was enroute east on Moody avenue. Neither apparently saw the other as they came together.

Lindbergh Case Scene Is Shifted

Norfolk, Va., Angle Seems To Have Faded Out Of Picture Now

By EDWARD B. LOCKETT
International News Service Staff Correspondent

NORFOLK, Va., May 12.—Tidewater, Va., which has played an important part in the nation-wide hunt for the kidnaped son of Col. and Mrs. Charles A. Lindbergh, seemed out of the picture today.

John Hughes Curtis, now working off Long Island, N. Y., has promised fellow associates he would bring the baby back here if he secured it, but there was nothing to indicate definitely either that he would get the child or that if he did he would be able to bring it to Norfolk.

The yacht Marcon, owned by Col. Charles H. Consolvo, hotel magnate of Norfolk, Richmond and Baltimore, which has been used in the negotiations for the past two weeks, was today in Curtis' boatyard awaiting repairs to a loose muffler.

Her skipper, Captain Frank N. Lackmann, was confident she would be used again in the Lindbergh baby hunt, but said she would probably be under repairs all of today and probably part of tomorrow. He apparently does not expect that the boat will go out again until Saturday at the earliest.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931 C. M. Co.

MERCER VET VOTES FOR MANY PRESIDENTS

MERCER, May 12.—George E. Hamilton of Mercer, Civil War veteran, aged 87 years, voted for his seventeenth president at the recent primaries. Hamilton has been a life long Republican. When a lad of 20 years yet in the army he attempted to cast a ballot for Lincoln at the polling booth at the army headquarters.

Had it not been for the appearance of his major to whom he had confided his age he would have succeeded.

Hamilton has been voting 64 years. He is one of four veterans of the war left in Mercer.

"FIRST AID" COMMENT

Scout Executive Herbert Horton, writing to the council's scoutmasters in his "Lawrence Lookout", official publication, says this:

"Coming into the contest as a dark horse, Veteran troop 18, with R. F. Davis as acting scoutmaster, nosed out Veteran troop 5, four-year county champs, by 2-10 of one per cent, there being only 5.20 per cent difference between the leaders and the troop taking last place. It can be seen how close the race was."

County Committee Organization Talk

Two Factions Within The Party Are Lining Up Support For Candidates

Political interest in Lawrence county for the time being seems to be centered in the coming organization of the Republican county committee. Leaders of the old line faction and the progressives are seeking aid in the election of a chairman. Old liners appear to have centered on W. A. Brown of Wampum for chairman. Mr. Brown has been treasurer of the committee for a number of years.

According to the latest reports State Senator George T. Weingartner may be the candidate of the progressives. Mr. Weingartner is not a regularly elected member of the committee, but under the rules the chairman need not necessarily be a member. Should it be decided to take a chairman from the committee, it is said that Harvey Milholland will likely secure the support of progressives. Mr. Milholland is a member of the committee in the sixth precinct of the second ward.

No information has yet been given out as to when the committee is likely to meet for organization.

Often as high as a dozen Ohio couples come here in a day for licenses. The marriage license fee is $2.50. Of this amount the county gets $2 and the state 50 cents.

In addition to being an advantage to the county, Lawrence county ministers, aldermen and justices of the peace are benefitted as the law requires that the couple be married in Pennsylvania.

Mayor Continues To Hold Midnight Court

Mayor Charles B. Mayne has not abandoned the holding of midnight police court, he stated today, and said that each midnight he is on the job ready to conduct hearings, if persons taken into custody by city police are in a fit condition to be heard.

When the mayor assumed office he said he would hold midnight court so that persons who had been arrested for trivial offenses would have an opportunity of being heard and of spending the night at home.

It is not necessary to hold court each midnight. Sometimes there are no prisoners confined in the jail and upon other occasions some of the persons arrested on a charge of intoxication are not sober sufficiently to understand the proceedings.

Three Excavation Permits Granted

Perhaps it was all a typographical error. It may be just the usual posterity that's around the corner. —The Detroit News.
